**EASILY DECIDED**

This Question Should Be Answered Easily by Plattsmouth People.

Which is wiser - to have confidence in the opinions of your fellow-citizens, of people you know, or depend on statements made by utter strangers residing in far-away places? Read the following:

Mrs. Claude Butler, of 613 South 10th street, Plattsmouth, says: "My two little boys were troubled with a weakness of the kidneys and auxiliary organs. The older child complained much of backache and headache. We were kept busy in trying remedies, hoping to find something that would overcome the difficulties but with little success until I got Doan's Kidney Pills at Gering & Co.'s drug store. The use of this preparation soon made a marked improvement in both cases. It is needless to say that our appreciation of Doan's Kidney Pills which brought about such positive results, is exceedingly great."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name - Doan's - and take no other.

Itch cured in 30 minutes by Woolford's Sanitary Lotion. Never fails. Sold by Gering & Co., Druggists.

**LECTURE WAS WELL ATTENDED**

Lecture Given By the Clarinda Poultry Company Last Evening Instructive

Notwithstanding the roads were bad and the condition of the streets very muddy and sloppy, there was a fair sized crowd at the court house last evening to listen to the lecture given by C. E. Arnold, of Clarinda, Iowa, on the matter of poultry keeping and dairying. The subjects were taken up in detail; the first to receive attention was poultry the different breeds were compared, showing the particular traits in which each excelled, and which was the best general average, which the speaker claimed was in the Plymouth Rocks, either white or barred, with the preference being in favor of the white. Upon the subject of dairying, the speaker began by showing the structure and consistency of the soil, and the ways of keeping it up to its full productiveness. He showed how the continued cultivation of the land with a single crop would in the end lose all the substance of the soil, while the dairy business would build it up. These were illustrated by a large number of views, as were also the profit to be derived from a single good cow. The lecture was in the main very good and well received, though in the audience were very few farmers, or those who are in practice, following the occupations which the discourse touched.

**What Difference Does It Make?**

The following is taken from the Lincoln Journal: "A Havelock shopman reported last night that something unusual had been permitted at the shops during yesterday. He said that a boy from the shop office had been permitted to post notices concerning the democratic caucus in the shops during working hours. It is claimed this has never been permitted in the past, and that permission at this time indicates a desire of the management to get the shopmen out to the democratic caucus. The caucus will be held at the Havelock engine house on Thursday evening." Evidently it makes some difference in this respect "whose ox is gored." Had it been republican bills posted in the Havelock shops, nothing would have been said about the matter.

The annual exhibit of the Ladies Fortnightly Art Club will be held in Music and Expression Hall March 9, 10, and 11. Mr. Whitmore, of Omaha, will arrange a more valuable exhibit than ever before and Dr. Powers, President of the University of Travel, will deliver a series of art lectures that no student or teacher should miss.

Prof. W. N. Delzell will conduct a party to Europe this summer.

**Neighborhood Favorite**

Mrs. E. D. Charles of Harbor, Me., speaking of Electric Bitters, says: "It is a neighborhood favorite here with us." It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood as a thorough purifier makes it especially useful as a spring medicine. This grand alternative tonic is sold under

**Still in the Hospital**

Mrs. A. W. Dawson was a passenger to Omaha this afternoon, where she goes to see Mr. Dawson, who is in the hospital at that place, where he underwent another operation last Saturday. Mr. Dawson has been having a good deal of trouble with his previous operation, it being very persistent in not healing. We hope this last operation will be all that is required and that he may soon regain his wanted health.

**Girlhood and Scott's Emulsion are linked together.**

The girl who takes Scott's Emulsion has plenty of rich, red blood; she is plump, active and energetic.

The reason is that at a period when a girl's digestion is weak, Scott's Emulsion provides her with powerful nourishment in easily digested form.

It is a food that builds and keeps up a girl's strength.

**The Smile is Now a Laugh.**

George Ferris, the genial tinner for the Bauer Hardware company, who goes whistling around with his every day tasks and whose habit it is to whistle off an approaching spell of the blues and which has kept them dissipated from his mind like the clouds from a clear sky, does not whistle any more. Now we would not have you think that any thing has happened to our fellow townsman - on the contrary the stork made a visit to his home and left a bright baby girl. So he laughs now instead of smiling and when one has a laugh coming, it is difficult to get a pucker for a whistle.

**PLATTSMOUTH TELEPHONE COMPANY**

At Their Annual Meeting Declared For Quarterly Instead of Annual Dividends

The Plattsmouth Telephone Company held their annual meeting on the third of this month and declared their eighth annual 10 per cent cash dividend and voted unanimously to pay the dividends quarterly hereafter, beginning on April 1st, 1908.

This new plan of paying the dividends every three months will please many of the stockholders and will be a great inducement for others to invest.

Instead of having to wait till the end of each year to receive dividends on the stock, the company will distribute to the stockholders the profits on January 1, April 1, July 1 and October 1, of each year, thus making the stock a much more desirable investment.

There is a limited amount of stock for sale, which can be bought at par value of \$100.00 per share.

Don't wait, but call or write to T. H. Pollock, general manager and treasurer, Plattsmouth, and secure a few shares of the Plattsmouth Telephone Company stock.
