DISASTROUS FIRE AT MURDOCK

Store Building of John Leis Burned Tuesday Night—Fully Insured

The store building owned by John Leis of Murdock was totally consumed by fire Tuesday evening, and it required heroic work by all the citizens, and the fire department to prevent the spread of the fire to the adjacent buildings. The glass in the windows of Langhorst & Ruge's store and the bank building were broken by the fire. The building was occupied for a pool hall and restaurant, both of which were consumed, and also the household goods of the family living in the upper story of the building. W. E. Rosencrans, who was at Elmwood, could plainly see the blaze and was at Murdock to visit the ruins yesterday.

A VERY PRETTY APRIL WEDDING

Mr. Walter J. Schneider and Miss Marie Blotzer United in Marriage

With the home of the grooms father, J. J. Schneider, decorated almost as lavishly as nature in her profusion, gives the leaves to the trees, the blossoms and foliage to all nature and the grasses to the fields, was the preparation made for the celebrating of the wedding of his son, Walter J. Schneider, and Miss Marie Blotzer. There was a busy, happy hum of occupation by everyone around the household of Mr. Schneider all the morning, and at highnoon, when the crowds had assembled and all was in readiness, nothing seemed wanting, for every minutia had been attended to and all the appointments were complete, when the wedding procession entered the parlor, where an arch of the choicest of flowers and vines had been constructed under which the bride, Miss Marie Blotzer, leaning upon the arm of the groom, Walter J. Schneider, halted, and followed by Harry Meisinger the best man, and Miss Hattie Blotzer the bride's maid, before Judge A. J. Beeson.

With but a second's pause the judge, with his kindly face lighting up with a pleasant smile, bade the young people join their right hands, and with the completion of the ceremony which united the lives of two of our most estimable young people, bestowed upon them his blessing.

After congratulations, which were given by almost one hundred guests present, they sat down to a sumptuous dinner, where was spread everything. To this repast all did their best and the supplies had been so well looked after that there seemed as much when they had finished as when they had begun.

During the afternoon games and social conversation were indulged in viewing of the numerous presents, and the day's festivities woundup with a dance in the evening. The newly married pair will make their home on the farm of the groom's father where they will be at home to their friends after May first.

750,000 Dead.

A medical journal stated, that while during the civil war 210,000 men fell in battle, we are losing now every four years over 750,000 persons from tuberculosis alone. Considering that this is a preventable disease we are at a loss to understand why our people are so negligent. Newspapers often called the attention of their readers to the fact that consumption can be avoided, or cured in the start, by maintaining the digestive organs in full strength. The disease can invade only weakened systems. We again advise all readers to take as soon as their appetite will decline, and with it their usual strength, Triner's American Elixir of Bitter Wine, the natural tonic and blood (purifier) builder. It acts directly on the stomach and intestines, giving them full digestive strength and so making new, pure blood. It will make you vigorous and able to withstand many attacks of disease. At drug stores. **Joseph Triner, 616-622 So. Ashland ave., Chicago, Ill.**

Republican Committee Scared.

A dispatch from Lincoln, under date of yesterday says: "Grave and important political secrets were discussed at the meeting of the executive committee of the republican state central committee tonight. The confab was held at the Lindell hotel headquarters and only members of the committee were admitted.

"Organization was the theme of the discussion. Incidentally it was decided to inform the main committee as diplomatically as possible that the campaign this fall would be a bruising fight rather than a festive frolic. Rumors that the headquarters would be moved to Omaha were denied. However, these stories were persistent. 'Scared at your shadow' was the retort a member of the committee made to an anxious Lancasterite. 'Not on your life,' retorted the partisan. 'Down here we are scared about the landslide to Bryan.'

IT IS SAID!

Never do anything on a Friday. Never have anything to do with No. 13. Listen to these:

George Washington was born on a Friday.

The Declaration of Independence was signed on a Friday.

The battle of Bunker Hill was fought on Friday.

And if you should come on a Friday and buy a pair of shoes—being our thirteenth shoe customer. What would happen? Simply this—what ever pair of shoes you selected would be yours ABSOLUTELY FREE OF CHARGE. Do you call that bad luck?
