ARRANGING FOR DECORATION DAY

The Old Veterans Will Observe the Day in the Usual Manner.

McConihie Post No. 45, of this city as usual, are preparing to observe Decoration day in a becoming manner, and the various committees have been selected to look after the arrangements. This, of all annual events, is the one that should be observed by not only the old veterans, but by everyone who reveres the memory of those who served their country faithfully in its darkest days, many of whom now sleep their last sleep in the silent city of the dead.

Every order in the city should arrange to take part in the exercises. In many cities this is made a bigger day than the Fourth of July, and as the brave boys who served their country so faithfully, are rapidly passing over the Great Beyond, it will not be many years until others will have to take charge of these decoration services.

We hope the time will never come, even when the last of the civil war survivors are gone, that those who respect and love the old flag will fail to take charge of these services.

The local post extends to all the local lodges an invitation to participate in the exercises, and, as the old veterans are not very numerous, it is to be hoped these societies will favor the old boys by taking part in the decoration services.

The members of the post desire that the teachers of the city schools impress upon the minds of the pupils the necessity of getting ready to furnish what flowers they can for this occasion.

A program is being prepared for the exercises, which will be published in these columns later.

THEY WIN OUT IN SOUTH OMAHA

The Independent Telephone With Get Into Packing City

According to the World-Herald the Independent telephone franchise scored a sweeping victory in yesterday's election. The franchise carried by a vote of 12 to 1. The court house bonds also carried by a large majority.

The election was a quiet one. The little semblance of a real election was made by the followers of the Independent proposition. The boosters for the new telephone system were much in evidence all day. While the vote was comparatively light it was heavier than expected. A total of 1,632 votes were polled on the telephone question.

The total vote polled on the court house proposition was 1,516. Officials of the Independent company stated last evening that engineers would be on the ground at once to calculate the system of wiring. Alleys and underground conduits will be used entirely for the new system. As soon as the wiring system has been completed in blue print form the site for the new building will be chosen and purchased.

SPANISH WAR VETS TO MEET

They Will Meet in Lincoln on Thursday, June 4

A Lincoln correspondent says: It has been decided to hold a reunion of Spanish war veterans in Lincoln on Thursday, June 4. While this is primarily to get together the members of the First, Second and Third Nebraska regiments, the invitation is extended to all soldiers of the Spanish war.

The committee consists of General P. H. Barry, chairman, Colonel J. H. Phelps, secretary, and Captain P. J. Cosgrove.

The plans of the committee contemplate that during the afternoon of the reunion day each regiment will meet separately in a campfire for which speakers and other entertainment will be arranged by the committee, and in the evening at 7 o'clock all will participate in a banquet, at which Governor Sheldon, Colonel Bryan and others will speak.

It is ten years since the calling out of the Nebraska regiments, the members of which have been slow to take any steps toward reunions, or the organization of soldiers' societies among themselves, but since the plan was announced a few days ago, there have been many inquiries as to details, and the committee confidently expects the affair to be a success.

A camp of the National society of the Philippines has existed in Lincoln for several years, and it is in a flourishing condition. A camp of United States War Veterans was organized in Omaha the past year and is a pronounced success, with a large membership, and steps are now being taken to organize a camp of the same society in Lincoln.

ARE NOW AT LONG BEACH

Nebraskans in the Golden State Greet the Governor's Party.

LOS ANGELES, May 2, 1908.

My Dear Colonel:

Today our party visited Long Beach and for the first time yours truly cast his eyes on Mother Pacific.

The day has been windy and rainy, being the first day of this kind we have encountered on our trip.

Long Beach is beautifully located along the beach and has 20,000 inhabitants. It has one of the most elaborate hotels in this country. In fact the entire town appears to me to be a pleasure resort. You can spend all the money here you wish, but you get your money's worth. We were entertained in the auditorium which abuts on the ocean and all Nebraskans made a special effort to see that we did not lack for anything to make our visit a pleasant and memorable one.

The Plattsmouth portion of the governor's party were looked after by our old Plattsmouth friends: George F. Houseworth, wife and daughter Ruth; Capt. L. D. Bennett and wife, Mr. and Mrs. M. B. Murphy, Mr. and Mrs. A. C. Helps, Mrs. Morgan Waybright, Miss Grace Mann, Mrs. D. M. Styles, Mrs. Ella Cooper, Mr. and Mrs. Chas. B. Murphy and son, Paul, Mr. and Mrs. Ben Elson, Mrs. Asher Clark, Mr. and Mrs. James Patterson, Mrs. Emma Van Cleave, and W. D. Hesser and daughter, Inez. Owing to the weather we could not see as much of the place as we would like, but we were royally entertained and had a delightful visit with our old Plattsmouth people, which was the grandest treat of all—you perhaps know what a pleasure it is to meet an old friend in a strange country.

Our entertainment was as follows: Presiding officer, Judge W. H. Norris. Address of welcome by mayor. Song by male quartet.

Speeches by divers residents of Long Branch, (former Nebraskans.) Song by female quartet, who sang several selections, one of which was "Nebraska" to the tune of "Dixie."

Address by Senator McKessen of our party, followed by Governor Sheldon. Adjourned to lunch baskets.

Say, do not tell this, but while I was out on the pier today about one-fourth mile from shore the wind blew my hat into the ocean and the last I saw of it, it was toward Honolulu on top of a wave about as high as the court house and 17,000 miles long I suppose.

Tell Tom I called on Clarence English, who fights Memic Tuesday next at this place—as with him for two hours and saw him go through his training stunts. He is in good condition and will give a good account of himself.

Tomorrow we visit Cataline Island, about 25 miles out from shore.

The First With Returns.

Our friend, J. I. Corley, the assessor for the city of Weeping Water, came in last evening to make his report. Evidently J. I. is a hustler, as he is the first of the assessors to make his report. We always knew he never made a failure at anything he undertook. He started out to do his work in as short space of time as possible, and his returns shows that he has not let any grass grow under his feet either. While J. I. was in the city he gave the Journal a social call, which we are pleased to acknowledge.
