The heavy rains have been doing a great deal of damage to the farmers of this locality. Much corn has been washed out and necessitated considerable replanting.

Quite a number of the little friends of May Loughridge gathered at the home of her parents last Saturday afternoon to assist the little lady in celebrating her eleventh birthday anniversary. The little folks enjoyed a most pleasant time.

E. E. Emmitt, the genial bank examiner, was in Murray Wednesday, interviewing our popular banker, W. G. Boedeker. It is needless for us to state that his arrival was rather unexpected, and it took but a short time to pronounce the home banking house in the usual high class condition.

John Cook is in a receipt of a letter from his father this week in which he states that all crops in his locality are doing nicely. All the Cass county people are well with the exception of Wm. Wenke, who has been experiencing a serious attack of blood poisoning, and at one time was in a serious condition, but now on the road to recovery.

Miss Eva Allison returned home from Guthrie, Okla., Wednesday evening, where she has been teaching school for the past winter. Miss Allison has taught several terms in that city, and has always been one of the favorites of the staff.

Following were those who attended the funeral of Mrs. Jas. Stone at Nehawka Tuesday: Dr. Gilmore and wife, F. M. Young sr., and wife, Dr. Brendel and wife, Mesdames J. W. Berger, James Allison, W. C. Brown and C. E. Carroll.

Through an error on the part of the printers we failed to give the names of six of the visitors in attendance at the Keil surprise gathering last week. They were Jeff Lewis and wife, Wm. Dull and wife, and F. M. Young, sr., and wife. This was simply an error on the part of the printer.

"What do you know about that?" pleasant smile and happy expression on the face of our genial harness maker, John Cook, for the past few days? If you haven't heard of it, we can tell you. It's all over the arrival of a bright-eyed little baby girl that made its appearance at their home on Wednesday morning. Both mother and little one are doing nicely.

Grandpa Edward Stokes has been a very sick man for the past few days. He is making his home at the present at the home of his daughter, Mrs. H. C. Creamer. He has reached the advanced age of 75 years, and he will hardly be able to pull through with a very serious sick spell, but the friends and relatives have hopes for his recovery.

There were twelve representatives of the Murray Sunday school in attendance at the S. S. Convent at Avoca, Wednesday and Thursday. Mrs. W. S. Smith, Misses Ida Boedeker, and Agnes Kennedy went as delegates from the Presbyterian church, and Glen Vallery, Misses Lucile Rice and Mary Moore as delegates from the Christian church, while Misses Bessie Brendel, Louisa Shepherdson and Leola Vallery, Lloyd Lewis, and Harry Baxter went as visiting members of the school. Eldorado Castor Machine Oil at 35c per gallon. Get your supply now. JAMES LOUGHRIDGE.

Mrs. J. W. Edmunds and Miss Tessie Stokes were passengers for Durbar Wednesday morning, where they go to attend the graduation exercises, at which time Mrs. Edmunds' niece, Miss Eunice Ferguson will graduate.

Chas. Carroll returned home from Plainview, Neb., last Saturday evening, where he has been visiting for the past week with his son, Ernest and wife. He reports everything in that part of the state in a prosperous condition, and his son and wife doing nicely, being well located and pleased with their new home. He says all crops are looking well.

Our excellent young friend, Rex Young has certainly been experiencing his share of ill luck for the past year. He barely recovers from one misfortune when another seems to overtake him, and is again placed on the repair list for a few weeks. Last Saturday he was working with the county bridge crew over near Byron Reed's place when he stepped upon a plank containing a forty penny spike which penetrated most entirely through the fleshy part of his foot. The nail was old and rusty and has caused him much pain, and has been forced to use crutches for the past few days. A few days ago he took out an accident policy, and this seems to be his only good luck for the past few months.

Birthday Party.

The home of Mr. and Mrs. J. D. Shrader presented a scene of one continued round of pleasure on Monday afternoon of this week, at which time the little twin girls, Margie and Marie, celebrated their sixth birthday anniversary. The little visitors arrived about four o'clock in the afternoon and remained until eight, and it certainly was four hours of pleasure for all, as Mr. and Mrs. Shrader had made every effort to give them a good time. They took possession of the premises for that time. The lawn at the east of the residence was neatly arranged for their pleasure, where the refreshments, which consisted of ice cream, cake, candies and fruit were served. Miss Margie Walker assisted Mrs. Shrader in looking after the wants of the little folks. One of the little Miss Shrader is a name sake of Miss Walker and of course she takes a great deal of interest in them, as is done to a great extent by the entire population and the surrounding community of Murray, for two nicer or sweeter little ladies never lived than the little twin Miss Shraders, and all who know them seem to take an interest in their welfare, and are unanimous in wishing that they may live to enjoy many more such happy times as they did at their sixth birthday. They were the recipients of many very pretty presents.

Following were those present: Lena Klaurens, Katherine Brown, Lora Brown, May Loughridge, Bessie Cook, Gracie Long, Vera Hatchett, Clara Churchill, Walker Gilmore, Chester Shrader, Ralph Holmes, Roy Klaurens and Jack Long.

The New Elevator

The Farmers' elevator in Murray is now a sure go, and from all indications will be in operation within a few weeks or at least in time to handle some of the fall crop. The railroad company have given them a sight just north of the Morton Grain Co's elevator, and the engineer will be here in a few days to set the stakes, and the excavating for the new structure will soon be started. We are informed that the new house will hold 20000 bushels of grain, and will be equipped with all modern elevator machinery and a Fairbanks engine and scales. The selection of a manager has not yet been made, although a number of applications are under consideration.

Compromise Currency Bill Through House "Under Whip and Spur"

Washington, May 28.—An emergency currency law is assured. The currency question held its place yesterday as practically the only subject of the consideration at both ends of the Capitol, and when both houses adjourned the compromise bill which was drafted by the Republican conferees had received the sanction of the house and had been presented to the senate, where it was announced that it would be taken up for consideration today and where it will also be passed when the vote is reached. The day began with a continuation of the conference between the Republican representatives of the two houses. This resulted in a complete agreement, which being later presented as a matter of form to the Democratic conferees was then presented to the house.

Only 180 Minutes' Debate.

There it was taken up, discussed for 180 minutes and passed by a vote of 163 to 140, with six not voting. The bill was taken up in the house under suspension of the rules and after one and a half hours' debate was allowed each side. The bill was supported by the Republicans, who spoke, and opposed by the Democrats, mainly, Williams closing for them and Burton for the Republicans. When Alfie James (Geo.) made a remark at which the Republicans jeered—"Oh," he exclaimed, facing the Republicans, "you will hear when the people get a chance at you in November."

Fourteen Republican "Insurgents."

After Burton had closed the vote was taken and resulted as stated in the foregoing. The Democrats voted solidly against the report, and they were joined by the following fourteen Republican "insurgents": Cooper, Morse and Nelson (Wis.), Brown (Pa.), Fowler (N. J.), Hill and Henry (Conn.), Lindberg (Ala.), Murdock, Caddehead and Campbell (Kan.), Prince (Ill.), Wadsworth (N. Y.) and Barragh (Mich.). The house had no sooner recorded its verdict in favor of the bill than it was hurried over to the senate shortly before 5 p. m. with the announcement of the approval of the house.

LAFOLETTE IS THE PROBLEM

Upon Him Depends the Time the Senate Will Take.

The conference report was read in the senate and after the reading had been concluded Aldrich announced that today after routine business he would move to take up the report and continue its consideration until it was disposed of. Interest now attaches to the probable course of the bill in the senate, as also to the length of time that may be required for its consideration by that body. The Democratic senators spent much of the day in informal conferences among themselves as to the proper course to pursue with reference to the bill, and decided upon a conference to be held today as the best means of affording an opportunity for an exchange of views without binding any one. It was also decided to summon all absent Democratic senators to return.

Practically the only point remaining unsettled is when the vote will be taken. No one doubts that the report will be adopted and the bill carried. As the situation now appears the time of voting and the consequent final adjournment of congress depends largely upon one man, and that is LaFollette. So far as they have spoken the Democrats are inclined to permit final action after comparatively brief consideration.

LaFollette refused to outline his probable course further than to say that he would vote against the new bill. He was in consultation with Democratic leaders at different times during the day, and his bearing was such as to lead to the conclusion that if the Democrats would agree to fight the measure he would assist them.

The opinion was expressed by Aldrich that the whole bill is more than half "faith cure," and that, he added, "is just what the country needs. The temper of the senate seems to be better now than when the senate passed the bill in the first place. Even Democratic senators who are disposed to vote against the bill are anxious to get home, and it may be possible to adjourn on Friday."

Must Have the Affidavits Right.

Springfield, Ill., May 28.—Attorney General Stead sent circular letters to newspapers of the state, state central and county central committees of all parties, and other officials calling attention to the fact that the new primary law requires that affidavits to nominating petitions must state that the signers of the petition are qualified voters of the Republican, Democratic, Prohibition, or other parties, as the case may be. Several petitions are being circulated which are not accompanied by this affidavit.

Springfield, Ill., May 28.—While his pardon was on the way by mail from Springfield, John Strong, of St. Clair county, died in the penitentiary. A pardon for Strong had been asked on the ground that he had but a few more days to live.

For stomach troubles, biliousness and constipation try Chamberlain's Stomach and Liver Tablets. Many remarkable cures have been effected by them. Price, 25 cents. Samples free. For sale by F. G. Fricke & Co.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

Rain Takes Out Bridge.

The rain of last night took out the bridge just west of the place of Captain Isaac Wiles. This bridge is one which is high above the bed of the creek which it spans. The space underneath has been used for a passage way from one farm to another, and it must have taken a great deal of water to have carried it away.
