Reduce the Number AND Amount of Your Bills

Attempting to increase your receipts is only a part of financial success. Some attention must be given to expenditures.

A checking account will give you a correct record of your receipts and expenditures. Pay by check—it is business—it is systematic—it is the only way to transact business accurately.

We give especial attention to small accounts.

Some Fine Cattle.
One of the finest bunches of cattle that have been shipped from Cass county in many a day, were those shipped by our excellent friend, C. N. Beveige on Monday evening of this week, and were on the South Omahamarket Tuesday morning. There were sixty of them in number, and they made an average weight of 1436 pounds, and they brought him the neat sum of \$7.70 per hundred, or nearly \$110.00 per head. We are indeed pleased to note the excellent market that Mr. Beverige met with.

Hearing Telegraph Case.

A special from Lincoln says: "The complaint of Oscar H. Allen against the Missouri Pacific for discontinuing the telegraph service at Wabash is to be heard by the railway commission next Monday. This is the only formal complaint of this nature filed with the commission, though there have been a large number of informal complaints filed. These complainants have been notified to be present Monday. In these cases the Western Union Telegraph company says it has not discontinued any offices because it did not operate them, and the Missouri Pacific makes the same answer."

Death at Elmwood

A special from Elmwood says: "Tuesday morning at 10 o'clock at the Catholic church, occurred the funeral of Otto Jahn, an old settler of this community, whose death occurred Sunday evening, after an illness of a year or more. He was seventy-one years of age, and was born in Prussia in 1837. He saw service through three wars in the old country. He leaves a wife and two grown children. Mr. Jahn has been a resident of Nebraska for twenty-five or thirty years."

River Not So High.

The waters of the Missouri river are receding slightly. The markings near the Burlington station show that the river has fallen some six or eight inches during the past twenty-four hours, and that it is lower by some ten inches than it was at its flood-tide. This is encouraging to those who were about the limit of being inundated by the high waters, and to have them recede without covering their crops or damaging buildings is some satisfaction.

MARRIED IN PLATTSMOUTH

The Second Couple Yesterday Were Married Here by Judge Beeson.

Only one license behind the day of the month was the record at the court house last evening when the permit was issued for the marriage of Edward D. Hicks and Miss Roberta Davis of Omaha. They came on the afternoon train, from the metropolis and sought the office of the county judge immediately, and were soon answering the questions which is necessary for the issuance of a marriage license and were shortly afterward united by the judge, with Miss Anna Hassler, clerk in Miss Hemple's office and Miss Mary E. Foster, county superintendent, as the recording witnesses.

The congratulations being over and the certificate signed, they wended their way out of the county's big building and passing up street were soon lost in the big busy world. They departed for their home at Omaha on a later train. The Journal wishes them all the joy in this life which can possible be their desire.

The Right Word

Kearney Hub: A Lincoln Star headline informs the public in big black type that Senator Burkett "threatens" to nominate Sheldon for Vice President regardless. But suppose the convention should stand pat and refuse to be coerced?

Right at the present time it appears that George Lawson Sheldon is about the most available stick of heavy timber from which Nebraska may fashion a Senator when that branch of carpentering again engages the public attention. Right at the present time Senator Burkett has not denied that the job of being Senator is not irksome, a proper occupation for a gentleman whose initials are E. J. B. When Mr. Burkett threatened to make the nomination the threat was no less real because of its fine garment of appreciation, love and good political fellowship.—Lincoln Star.

Mr. W. J. Schluntz, Plattsmouth.

DEAR SIR: You are interested in the prosperity of your town. You can contribute to it materially, and give it a far more prosperous look at the same time. Perhaps the public property needs a good coat of paint.

Devoe will supply that coat with two-thirds of the number of gallons required of any other. Devoe will last twice as long as any other. Devoe is all paint and full-measure. Devoe is the strongest paint known. Devoe will take care of the property, in the long run, for half the money required by any other.

The reason is stated above: Devoe is all paint and full-measure; the strongest paint known.

E. D. Jewel, Cory, Pa., painted his house five years ago with a mixed paint; took fourteen gallons. Last spring he repainted with Devoe; bought 14 gallons and had 4 left. Saved \$15 to \$20, for painting costs two or three times as much as the paint. Yours truly, F. W. DEVOE & CO. New York, Chicago and Kansas City. P. S. H. L. Asemissen & Son, sells our paint.

Question of Bank Assessment

From Saline county a question has come up to the State Board of Assessment regarding the assessment of the undivided profits of a bank. The proposition is just this: When a bank loans a large sum of money not infrequently the interest is collected in advance for three or six months. This interest is then put in the fund designated undivided profits. The day after the loan, along comes the assessor and counts this money in the total assessment. The bank claims the money has not yet been earned and should not therefore be counted as belonging to the bank. The attorney general will give no ruling on the question until it comes to him through the county attorney.

Farmers Organize Grain Company

A special from Greenwood, under date of June 17, says: "A number of the progressive farmers in this immediate vicinity have organized a grain company and expect to construct a farmers' elevator in the near future. Farmers living in the Salt creek valley have lost several thousand dollars worth of crops by the high water. The small grains were destroyed and the corn will have to be replanted. The continued rains keep even the high land too wet to work and much apprehension exists lest the small grains be injured by rust."

THE BALL GAME NEXT SATURDAY

One of the Most Interesting Games Ever Played in Plattsmouth.

The ball game of the season comes off at the ball park next Saturday. The Red Sox will play the Oklahoma Indians, the champion ball team of the new state. They are good ball players and as the Red Sox have gone to the expense of getting this excellent team here, the people should turn out and give the boys a large attendance.

Don't stand back for the small sum of 25 cents. Everybody go. The Red Sox will put up a good game and all should encourage them by their presence. The Indians have one of the best teams in Oklahoma. Remember if the Red Sox should happen to beat them it will be a big feather in their cap. You can elp them by your presence.

Ice Cream Social a Success

The ice cream social at the home of Rev. Langhorst last evening was a success, both financially and otherwise. Those having the matter in charge had made more ample provision than was necessary, and as a result had ice cream left over. They will have another social this evening at the same place, to which all are invited. A special feature last evening, not down on the program, was the singing of some negro melodies by Mr. James L. Smith, of Glenwood, who is employed on the street with the paving work.

Makes an Even Dozen Now

Yesterday the stork made a visit at the home of Mr. and Mrs. T. J. O'Brien, the painter, and left them a little girl. This is the tenth visit at their home and the old fellow has been impartial as to the matter of girls and boys, having brought five of each, which with the parents make an even dozen in the family. The whole household are rejoicing and all concerned doing well.

The Song of the Hair

There are four verses. Verse 1. Ayer's Hair Vigor stops falling hair. Verse 2. Ayer's Hair Vigor makes the hair grow. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. Ayer's Hair Vigor makes the scalp healthy, and keeps it so. It is a regular hair-food; this is the real secret of its wonderful success.
