Great Preparations for the Plattsmouth Delegation

Ed. Donat returned last night from a trip through the county taking in Cedar Creek, Weeping Water, Elmwood and other points. He reports that a big time is promised all who go to Elmwood Saturday, the citizens of that bustling municipality fairly outdoing themselves making preparations. The town is already cleaned up and the roads and streets have been placed in fine condition for visitors. Mr. Donat reports that it has been arranged to have the parade start immediately upon the arrival of the special train from this city, the line of march forming at the depot, moving up the street to the bank, and then turning toward the park where the exercises will be held. Arrangements have been made for four hundred dinners for the Plattsmouth contingent at the hotel in the park. This latter is a temporary structure, built especially for the occasion and it is guaranteed that the best twenty-five cent meal ever served in Cass county will be given. In addition to the great treat of hearing America's foremost citizen and next president, W. J. Bryan, there will be a program of rare merit. Two balloon ascensions will be given with a daring parachute leap from a great height. After this big show, Ed. says, everyone will come to Plattsmouth for the Fourth. Owing to the Missouri Pacific train being late, Mr. Donat was compelled to hire a team and carriage at Union to reach this city in time for the Larson-Foster nuptials. He brought with him the Misses Davis, who also were guests at the wedding, and Herman Kleitch.
