Start a Bank Account

Better be a bank-account man than a no-account man. The way to prosperity and happiness is paved with good intentions put into execution. If you feel that you really ought to be saving something out of earnings for after life, don't let the good impulse go unheeded. The person who is soured on life is the one who has neglected to put into force the simple rules of success. Start an account with the bank today. Pay your bills by check and your money troubles will be over.

THE LATE MRS. ROBERT SHRADER

Who Passed Away at Her Home Near Nehawka, June 29, 1908.

A precious jewel from us has gone. Passed to that fair and happy home.

Again has the angel of death visited our neighborhood and taken from a once happy home a kind and loving wife and dearly beloved mother—one who will be sadly missed by all who knew her.

The long days and nights of patient suffering, waiting and watching, has ended and the light of the perfect day has dawned upon the radiant spirit of Mrs. Robt. Shrader, who, on June 29, passed into the mysterious sleep of the grave. Calmly and peacefully—like the closing of a summer day—the spark of life went out of her tired spirit and flew to the haven of rest.

Deceased was born October 11, 1869. She leaves a husband, three sons—Mont., George and Oscar Schrader—to mourn her loss, besides five brothers and one sister—Tom, Matt, Henry, Will and Charley Wolfe—and Mrs. Gruber.

The services were held at her home near Nehawka. Rev. Daves of Nehawka spoke words of comfort and consolation to the mourners. The dear one wished to recover for the happiness it would bring to others, but could not. Otherwise she was glad to go. She had expressed faith in her Savior and was ready to depart from this shore to one far better. She was a constant sufferer for five weeks of heart trouble but bore her sufferings to the last moment with such a spirit of cheerfulness as to teach a sweet lesson of uncomplaining self-forgetfulness to those who were with her often during her illness. Lovingly and tenderly we laid her to rest in the Lewiston cemetery and paid our last tribute of respect to one esteemed so highly and around whose memory will cling so many pleasant recollections.

Slowly and surely the cloud of sorrow has settled over the home and unspeakable sorrow is burdening the hearts of those who loved her. It is hard to give up those we love, but the ruler of the universe knoweth best and He who hath taken her away will be their guiding star.

She was a dear and true friend to all who knew her, none knew her but to love her, and those who knew her best, loved her best. She possessed that cheerful disposition of always seeing the brightest side of life, even in her last hours speaking the cheerful words to her husband to think all was for the best and to look for the good things in life.

To our short-sighted wisdom the death of such a needed wife and mother seems a sad mistake, but God's purpose is unknown to us and all things work together for good to those who love them.

We only know that thou has gone. And that the same returneth tide which bore thee from us. Still glides on and on: And we who mourn thee With it glide—

Beyond the shadow and the gloom. Where sorrows never come.

Beyond the dismal darkness Of the tomb—where flowers Sweet in fadeless beauty bloom. She is at home.

Card of Thanks.

We take this method of expressing our most heartfelt thanks to those who rendered such valuable assistance during the illness, death and funeral of our dear wife and loving mother. Your kindness will never be forgotten by us.

The Mystery of Life.

Since times immemorial are scientists trying to solve the mystery of life, its origin, its maintenance, its decline and end. We are mostly interested in upholding life, in keeping it from decline and from a premature death. Science proved that life can be prolonged by keeping the digestive system in perfect working order. This digestive system is composed of all organs through which food must pass in our body. As soon as we notice that there is something wrong with it, we should immediately use Triner's American Elixir of Bitter Wine, which is the only sure and reliable remedy for stimulating and strengthening of it. This remedy will make the digestive organs to accept and thoroughly digest any food will quickly cure loss of appetite, diseases caused by impure blood, bodily weakness, nervousness, disease of the stomach and of the intestines.
