## Start a Bank Account

Better be a bank-account man than a no-account man. The way to prosperity and happiness is paved with good intentions put into execution. If you feel that you really ought to be saving something out of earnings for after life, don't let the good impulse go unheeded. The person who is soured on life is the one who has neglected to put into force the simple rules of success. Start an account with the bank today. Pay your bills by check and your money troubles will be over.

The Ladies Kensington club enjoyed a most pleasant day at Lake Manawa on Tuesday of this week. They prepared many well filled baskets and departed over the early morning M. P. train for the cool and most popular summer resort of the middle west, and in the shade of the beautiful trees they enjoyed both their dinner and supper and a most delightful day outing. We have been informed that the accommodating conductor of the M. P. train had much to do with seeing that all the ladies reached the lake, as some of them were not very early risers, and if the conductor had not waited, or even pulled out of the station and returned with his train several of the number would have been left, and they were an hour late at that, but we will not give their names. Following were those who enjoyed the picnic; Mesdames O. A. Davis, John Ferris, J. M. Holmes, W. S. Smith, A. L. Baker and W. C. The new Murray Band is doing nicely, holding very enthusiastic and harmonious meetings, and practicing with a genuine vim. When we say harmonious, we mean the meetings and not the music as yet, but it will improve rapidly as long as the proper spirit is shown in the meetings.

Little Virginia Copenhaver was kicked by a small colt on last Wednesday and has quite an ugly wound over her left eye. Young, residing east of Murray was in attendance at the funeral. The Journal will endeavor to give our readers an obituary notice later.

J. F. Cook, who was injured by being struck with a train out in Furnace county, near Beaver City, a few days ago is getting along nicely. In conversation with one of the citizens of Murray this week we were asked to see if a little local in the Journal would not get each and every property owner to take an active part in cleaning up the streets and alleys of the town, and especially take some action in this direction on Main street at once. It certainly needs it and needs it bad. Let every man in town see that the street next to his property is cleaned up right now.

H. G. Todd and son Dwyer, meet with quite a serious accident Thursday afternoon in which both were slightly injured on a wire fence. They were driving one of the gentle ponies to Murray and in passing the Walker farm just south of town, the pony became frightened at Otis McNurlin, who was in the hay field, and raised a fork of hay to the wagon just as Mr. Todd and son were passing; the pony ran into the wire fence, completely ruining the buggy and throwing Mr. Todd and son into the wire, inflicting several very painful wire cuts on numerous parts of the body, the worst being on Mr. Todd's hip, and just under the arm of the son, where several stitches were required to patch the torn places in the flesh.

## AN EXCITING RUNAWAY SATURDAY

Dr. Gilmore and Mr. Herron, of Murray, Have a Narrow Escape From Serious Injuries.

One of the most destructive runaways occurring in this vicinity for some time took place this morning, a few minutes before twelve o'clock on Lincoln avenue, near the shops. That the runaway did not result in loss of life was remarkable and the gentlemen who went through it are congratulating themselves that they are alive.

Dr. Geo. H. Gilmore and Charles Herren, both of Murray, were driving to the city, Dr. Gilmore desiring to catch the Burlington noon train for Omaha, and when near the south end of the shop yards a bolt became misplaced, allowing the buggy tongue to drop down and the buggy to run on the horses. The team, naturally a wild and fractious one, became scared and began to dash madly down Lincoln avenue. Mr. Herren, who was driving, endeavored to hold them, pulling so hard upon the reins that the lines were broken. Owing to the peculiar nature of the accident the harder he pulled upon the lines the worse the team was scared, as the buggy continued to push more and more upon them.

When near the storehouse the wildly running team upset the buggy, hurling Dr. Gilmore out, but very fortunately doing him no more damage than to tear a large hole in his trousers and bruise his hip badly. Some fifty feet further on Mr. Herren was thrown out and in some manner landed beneath the buggy, being run over and bruised into insensibility. After this, with no hand to restrain them, the animals, dashed on down the avenue and down Third street across Main and on up the hill, being finally captured sometime later on North Sixth street. The buggy in its wild career was almost totally demolished, being scattered piecemeal along the line of the team's flight.

The runaway and the throwing out of the occupants of the buggy was witnessed by a number of persons, all of whom believed Mr. Herren to have been killed. A rush telephone message was sent to the office of Drs. Livingston and Master Mechanic Baird, but in the meantime Dr. Gilmore had reached Mr. Herren and discovered that he was still alive, but unconscious. A cab was hurriedly summoned and the unfortunate man was conveyed to Dr. Livingston's office, where an examination of his injuries disclosed that he was suffering from a severe scalp wound, the scalp being laid back to the bone, while his arms, face, head and shoulders were a mass of bruises. Dr. Gilmore's injuries were so slight that he was able to continue his journey to Omaha, but Mr. Herren was compelled to go to bed for a rest.

Both gentlemen were exceedingly fortunate to escape so luckily, and each congratulated himself that the matter was no worse.

## END TO WINTER RACING

May Be the Effect of the New Anti-Betting Law in Force in Louisiana.

New Orleans, July 21.—Interest is centered here in the effect of the anti-racing law which went into effect yesterday. The act, which was passed at a recent session of the legislature after a spirited fight, prohibits bookmaking, betting or gambling in any form on horse races.

The races of the Louisiana Driving club were discontinued Saturday, but the effect of the law on the long season, which has been a feature of every winter in New Orleans, is in question. No definite plans have been made by owners of the two racing plants here, but it is probable that it will be arranged to hold short meetings at both tracks in the winter, and the law may be given a test.
