## AN EXCEEDINGLY CLOSE CALL

### It is Dangerous to Sleep Under Cars Even if They Are on Sidetrack

One of the Italian laborers in the extra gang working on the hill for the Burlington, had a close call for hurrying into the hereafter Saturday night. The cars of this gang are set out on the spur track just east of the freight depot and south of the passenger station. As the night was very warm a number of the laborers found the cars to hot and close for comfort and got outside to sleep. Instead of manifesting a little common sense they crawled under the cars and soon were wrapped in the arms of Morpheus. Sunday morning a about 4 o'clock and extra was to be made up and the crew of the train went in on the track with the engine to pick up the caboose of the train which had been set in on this track. They bumped into the caboose with a pretty good jolt and such effect that the entire string of boarding cars were moved. No sooner had the cars started than the air was made hideous with yells and howls calculated to rouse the dead. One of the cars had caught an Italian who was laying across the track and rolled and pushed him along several feet. As he was sound asleep the rude manner of waking him made him think that the hereafter was only a couple of blocks up the street and coming fast, and he opened up his voice and howled all he was worth. Of course, the crew immediately stopped the cars and rushed down to where he was, finding him with about thirty thousand pounds of car on his system principally across his leg. It was necessary to jack the car up to get him out and he lamented the process in a loud and strident voice calling upon all the saints in his particular calendar to save him. His real savior were his fellow countrymen who were doing their best to help him unload the car. After he was dug out, Dr. J. S. Livingston was summoned and found the man very badly bruised, and cut up a bit, but with no bones broken. He put him in as comfortable a condition as possible and he will be taken to a hospital for further treatment. While his injuries are not serious they are very painful. It is believed his rough treatment will tend to discourage the practice in the gang of sleeping on the track.

## WILL ESTABLISH AN UNIVERSITY

### The Trustees of Bellevue College Have So Decided.

Bellevue college, which found itself set back to a college foundation instead of upon a university plan—through inadvertence in allowing proxies at a trustees' meeting when the expansion was ordered—is again on a university footing.

Trustees elected August 5, at Bellevue, when survivors of the original corporation were called together with H. T. Clarke, the original president in the chair, met yesterday at the Young Men's Christian association in the city. This resolution, presented by three of the trustees, was adopted unanimously: In furtherance of the plans that have been under consideration by the trustees and friends of Bellevue college for the development of the University of Omaha with which Bellevue college shall be affiliated, be it

Resolved, That we approve of the organization of a separate corporation and of the location of such University of Omaha in Douglas county.

That we approve of such an arrangement between the two corporations as will enable the board of Bellevue college and the board of the University of Omaha to work together according to a common plan in the building up of an educational institution that shall satisfy the need of this region for collegiate, university and technical education under strong moral and Christian influences.

Election of officers, twelve of the twenty-one trustees being present, resulted thus:

President—C. M. Wilhelm.

First Vice President—Rev. Dr. E. H. Jenks.

Second Vice President—Dr. W. S. Gibbs.

Treasurer—H. D. Maxwell.

Secretary—Rev. Dr. W. S. Fulton.

The foregoing, with Rev. R. M. L. Braden of Bellevue, B. F. Stouffer of Bellevue and Rev. J. H. Salsbury of Plattsmouth, form the executive committee. H. T. Clarke proposed the name of Dr. Betz instead of that of Mr. Stouffer, but was outvoted.

Trustees were not ready to discuss plans for extension, but said they were well satisfied with the situation.

## ACCIDENT NARROWLY AVERTED

### A Very Deep Rut in the Street Throws Parties From Buggy.

A serious accident was narrowly averted Sunday evening by the presence of mind of Mrs. L. W. Lorenz, who, as a result, saved her baby from possible serious injury as well as herself. As it was the lady had her knee bruised and was otherwise shook up, but fortunately nothing serious resulted.

Mr. Lorenz, wife and little baby had been out for a drive and were returning home about nine o'clock. The heavy rains of the early spring had washed a hole in the street near his residence on Eighth street and as he drove in last night he was unable to locate the place on account of the darkness, striking the spot with the front wheels of the buggy. As the buggy went down into the hole the horse leaped forward and Mr. Lorenz had a hard time holding him. At the same time Mrs. Lorenz who was holding the baby in her arms, was thrown violently forward and out of the buggy. She fortunately lighted upon one of the front wheels while her foot caught in the other wheel preventing her falling to the ground. As soon as Mr. Lorenz could get the horse under control, he took the baby from his wife's arms and she was able to extricate herself from her uncomfortable position.

Mr. Lorenz today notified the street commissioner and the dangerous spot will be fixed. Both Mr. and Mrs. Lorenz congratulate themselves on the fortunate outcome of the accident.

### Farewell Reception.

Last Sunday some forty friends of Rudolph Ramsell, who is soon to leave for Germany, assembled at the home of Henry Kaufman several miles south of the city, to give him a farewell party. The afternoon was spent in visiting among friends with German songs and melodies. There were all kinds of refreshments in abundance and at the close of the afternoon there was a fine supper that the many guests did ample justice to. Every variety of food that generous nature yields was upon the table, the host and hostess outdoing themselves in providing for the comfort and welfare of their many guests. Everyone had a merry time and gave Mr. Ramsell a royal send off on his journey.

There were a great many of the guests from this city, almost all the prominent Germans driving down to this delightful country party and escaping the heat of the city. The entire party was photographed by Gus Olson of the Olson Photograph Company. Mr. Ramsell desired some of the photographs to take with him to Germany.

### Bit by a Hog.

Fred Hild, the son of Adam Hild, living west of the city, this morning was the victim of a painful altho not serious injury Monday morning. As the young man was feeding the hogs one of them became unreluctant and he kicked at it. Whether by accident or from viciousness the hog bit at him at the same time and it's tusk tore through the leather of his shoe and his sock, breaking the skin on the foot and inflicting an ugly and very painful wound. The wound was about half an inch from the base of the big and second toes and went in quite deep. The accident happened at about six o'clock this morning and at the time did not worry Mr. Hild much. Later the foot began to swell and he thought it best to have medical attention.

It was almost noon however before he and his father arrived in the city where Dr. J. S. Livingston gave the foot attention.

The doctor does not apprehend any serious complications from the hurt altho it will lay Mr. Hild up for several days. So far as could be observed there was no danger of blood poisoning which is the principal danger.

### For Continuing Concerts.

The band concert committee, having exhausted the funds in their treasury, are compelled to ask for further contributions in order to continue these popular weekly concerts. We respectfully beg everybody to add his mite, be he a business man, professional man or private individual.

The committee is meeting with remarkable success and encouragement among those they are able to call upon and respectfully beg those whom they cannot see personally to kindly hand in their donation to any member of the committee.

We especially beg those who are always advocating clean amusement to further encourage us with a little material aid. Respectfully,

The usual serenity of our social atmosphere was somewhat disturbed on Monday evening by the appearance on the scene of a lady claiming to be the wife of Dr. I. D. Jones, bringing her baggage and personal effects, and apparently intending to take charge of the doctor's domicile, but found the premises in possession of a Mrs. I. D. Jones No. 4, who did not seem ready to relinquish her claim on the establishment forthwith. After a considerable consultation she seemed to be persuaded that she was a trifle late and was hastily transported to South Bend, a town the Dr. had once made famous.

## A GOOD REASON

### Plattsmouth People Can Tell You Why It is So.

Doan's Kidney Pills cure the cause of disease, and that is why the cures are always lasting. This remedy strengthens and tones up the kidneys, helping them to drive out of the body the liquid poisons that cause backache, headache and distressing kidney and urinary complaints. Plattsmouth people testify to permanent cures.

J. W. Hickson, employed with the Plattsmouth Water Co., and living on Oak Street, between Seventh and Eighth Streets, Plattsmouth, Nebr., says: "My experience with Doan's Kidney Pills warrants me in giving them my strongest recommendation. Off and on for twelve or fourteen years I was subject to attacks of pain in my back and other symptoms which gave evidence of a deranged condition of my kidneys. Procuring Doan's Kidney Pills at Gering & Co's drug store, I used them as directed and the benefit derived, was so pronounced that I am able to attest to the remarkable value and merit of this remedy. Not only did Doan's Kidney Pills give me entire relief from the pain in my back but they toned up and invigorated my system generally."
