

## DO YOU GET UP

### WITH A LAME BACK?

**Kidney Trouble Makes You Miserable.**

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will find just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**Home of Swamp-Root.**

**Gone to Weeping Water.**

The ball team left for Weeping Water this morning on the M. P. at 9:48 a. m. They will meet the Elmwood team there this afternoon in a game for a purse of \$40 donated by the management of the fraternal picnic to be held there today.

The boys were in good shape and felt confident of their ability to win the game. The line-up of the locals is as follows:

Fitzgerald, catcher.  
Wilkins, pitcher.  
Schneider, 1st base.  
White, 2d base.  
Ossenkop, short stop.  
Irwin, 3d base.  
Droege, left field.  
Ramsay, center-manager.  
Beal, right field.  
Richey and McKinney, substitutes.

### Had a Pleasant Evening.

Last evening Mrs. Walter Scott entertained at luncheon in honor of Ed. McMaken and family the following guests: C. W. Baylor and family, Guy McMaken and family, Mrs. Joe McMaken and children, Mrs. Eva Reese and Ed. McMaken and family.

A sumptuous luncheon was served, which all enjoyed greatly, after which the entire party were given a carryall ride down to the city, where they listened to the band concert.

It was a very happy party, and when it broke up, everyone felt as if the evening could not have been more enjoyably spent.

### Returns to Burlington.

Miss Marthing Fitzgerald of Burlington, Ia., departed this afternoon for her home. Miss Fitzgerald has been in the city for several days as a guest of the family of W. T. Scotten. She has just completed a trip to Colorado, visiting Denver, Colorado Springs and other interesting portions of that state, and stopped off here on her return home. She made a short visit here some three weeks ago, and during the brief interval she spent in the city she made many friends who regret the short length of time she could stay.

### Balance Sold It.

In the Journal's mention of the flattering report Chas. Boedeker gave of the New Mexico property which he recently bought, it was not stated that this land was sold him through the agency of Geo. Ballance, who expects to take a party down in the same section September 1. Mr. Ballance is agent for a great deal of land in the section where Mr. Boedeker purchased and is having no difficulty in disposing of it.

## Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

### Miss Brown in Town.

Miss Elizabeth Brown of Marion, Ind., was in the city for a few hours this morning, looking after some business matters in connection with the estate of her grandfather, Peter Petersen.

Miss Browne is a daughter of the late W. L. Browne, formerly a prominent member of the bar in this city, and later a resident of Lincoln. She was born here and lived here for a number of years previous to the removal of her parents to Lincoln. She is returning home from an extended trip to the Pacific coast, where she met several former Plattsmouth people, including Frank Smith, once a Burlington engineer out of this place, who married Miss Bessie Petersen, a sister of Mrs. Browne, and an aunt of Miss Elizabeth.

Miss Petersen is a handsome, bright and intelligent young woman, and saw much on her trip which greatly impressed her. She was much interested in the political situation and expressed the opinion that California was strongly Bryan, while in Seattle and Portland the sentiment was more divided.

Miss Browne left on the fast mail for Omaha, from which place she will proceed to Chicago, where she will visit for a few days before going to her home in Marion. Her brother, John R. Browne, is a prominent member of the Marion bar and counsel for the Big Four road at that point.

### Ho Fades Away

In the Journal of yesterday mention was made of the police landing one genus hobo in the bastille. This morning this male was brought before the bar of justice, Judge M. Archer, on the bench, and allowed to explain the reason for his mixed state yesterday. He gave his name as John O'Keefe and stated to the court that he was a laboring man by trade, having been in the habit of moving large sections of rocks of the cretaceous period or some other period out of the quarries at Cedar Creek and other places, but after working thirty-three hours, he had heard voices calling him to the haunts of the great city, and he had come to Plattsmouth. Arriving here he encountered the rum demon, and fought him a fierce battle in which the demon was surely conquering him when the officers swooped down upon him and stowed him in the calaboose where he rested last night. He thought that he could leave town inside of fifteen minutes if the Court would give him a chance and the Judge, after due deliberation, decided he had a chance coming to him, so smoothly works the wheels of justice, and he gave him one hour to execute his promise. As an inducement to make him carry out his commendable action, the court gave him one dollar's worth of the celebrated brand of justice with the trimmings suspending same on condition that the land that had known him knew him no more. And in the end John made it be a large vacancy where he was, and is now mingling with the denizens of Iowa.

### Hasn't Fully Recovered.

Art Huey, the popular traveling man of Nebraska City, was in the city last evening interviewing our merchants and getting his usual quota of business. He departed this morning for Des Moines, Ia., going upon the remainder of his annual vacation, which will be about one week. He has not yet entirely recovered from the effects of the runaway which he had several weeks ago, and is still pretty sore.

## Manley

[Special Correspondence]

There will be another good game of ball here Sunday, as Cedar Creek is coming, full force. Pitcher Kelker has recovered from his broken rib, and thinks he can get into the game.

Don't fail to come to the game Sunday. Cedar Creek vs. Manley.

Theo. Harms and family went to Omaha Wednesday, via Weeping Water.

Lucile Frasher of University Place is visiting at Dr. Banghart's this week.

Mr. Packard of Courtland was visiting his daughter, Mrs. Banghart this week.

Dick Boom, the expert plow lay sharpener, put out 374 plow lays in less than six weeks; guess that's going some.

W. F. Schlieft and A. Steinkamp were Omaha visitors today.

A. M. Oberling, Will Reuter and Will Bernemier left Monday morning for Alberta, Canada, to take a look at the country with a view of purchasing, if suitable.

### Old Pioneer Dead.

ELMWOOD.—Robert Metteer died at the home of his son-in-law, Peter Eveland, seven miles northwest of Elmwood, at 7:30 Tuesday morning, aged ninety-two years, three months and thirteen days. The cause of his death was old age. He leaves surviving him one son, Charles R. Metteer, of Nehawka, and one daughter, Mrs. Peter Eveland. Mr. Metteer was born in New York, May 12, 1816. Was married to Chloe Maria Andrews in Pennsylvania in 1840. Mrs. Metteer died February 29, 1888. Deceased was one of the early settlers of Cass county, and had amassed quite a fortune. The funeral services will be held from the home at 9 o'clock Thursday morning. Interment will be at Eight Mile Grove.

## WILL BUY NEW MACHINERY

### Members of Farmers Elevator Company Go To Omaha For That Purpose

There were quite a number of the members of the Farmers Elevator Company of Murray going to Omaha this morning on the early Burlington train, to inspect and purchase machinery for the new elevator which they have just completed at Murray. The gentlemen are all prominent farmers living near that point and are especially interested in the success of the new company which means so much to them and their interests. It is their intention when they arrive at the metropolis to give the matter of machinery, the closest consideration and select only that which they are sure will be fitted to their needs.

The party included Chas. Spangler, manager of the elevator, Chas. Cook and son, Frank, C. H. Shopp, wife and little daughter, Henry Creamer, Lloyd Gopen, Oscar Gopen, Glen Valley and T. W. Valley. It can be said for Walt Valley that he insisted that he was the simon-pure, lightning rod man and that he was going to Omaha for the one purpose of buying a carload of lightning rods. It can also be said that Mr. Shopp looked more like a man going to a baby show for he has a prize winner with him in the shape of one of the prettiest and sweetest little girls in the whole world. It might also be added that Guy Ingersoll at Havelock had better watch his mail for the next few days, as somebody mailed postal cards to him from Plattsmouth. The reporter is forbidden to mention any names but it was very near someone in this crowd.

### O'Neill the Cainer.

The city of O'Neill is the gainer by the acquisition of one of the younger generation of Plattsmouth citizens. John Hiber, Jr., tomorrow will open up a new jewelry store in that enterprising city, and the good people are to be congratulated upon securing so sterling a young man for their town. John is a Plattsmouth product, having been born here, and living here virtually all his life until the last few years when his business had taken him to other points. He graduated from the local schools in 1902 and immediately began a study of the jewelry business. His first experience was in the jewelry store of Henry Snyder of this place, after which he went to Omaha where he studied the manufacture of jewelry in the establishment of E. R. Zielke & Co. After his course there he entered a Lincoln jewelry house and later formed a connection with J. H. Riffe at Hastings, Neb. From this it can be seen he has had ample training in his business and can give the citizens of O'Neill all they want in his line.

For himself personally, it can be said he is a very pleasant, affable young man, one of the kind the public likes to meet, a man of sterling integrity and honesty, and one worthy in every possible respect. His friends in this city, and they are legion, all wish him the greatest possible success in his chosen business knowing that it will be fully merited.

### A Sure-enough Knocker.

J. C. Goodwin, of Reidsville, N. C., says: "Bucklen's Arnica Salve is a sure-enough knocker for ulcers. A bad one came on my leg last summer, but that wonderful salve knocked it out in a few rounds. Not even a scare remained." Guaranteed for piles, sores, burns etc. 25c. at Gering & Co. drug store.

### How To Get Strong

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedies stomach, liver and kidney complaints. Sold under guarantee at Gering & Co drug store. 50c.

Stops itching instantly. Cures piles, eczema, salt rheum, tetter, itch, hives, herpes, scabies—Doan's Ointment. At any drug store.

## BAND CONCERT LAST EVENING

### Despite Bad Weather Big Crowd Hears Band

Although the weather last evening was very threatening and it looked as if the band concert scheduled for the evening might have to be postponed until a more propitious time, a large crowd was on the streets to hear the music.

And they were not disappointed as the band held forth as advertised. Last evening's concert was given up the movable platform located between Fifth and Sixth streets on Main, and it was one of the most successful given this summer.

The program was of the usual high standard of music selected by Director Janda, and consisted of a choice collection of marches, overtures, waltzes, and patrols all of which were given with much taste and ability. The steady improvement in the quality of the music given was quite manifest. For the first time practically, the numbers received much hearty applause, the people seeming to finally awake to the fact that the band was giving them just what they wanted.

The number which especially pleased the audience, judged by the applause, was Laurendeau's "War Songs of the Boys in Blue," an old time favorite-melody of war songs of the civil war period, while several of the late pieces were vigorously applauded. Taken as a whole the concert met with popular approval and there was much satisfaction expressed. The change in the time of holding the concerts from Saturday night to Wednesday night also met with much approval, the people generally expressing themselves as finding it much more convenient to come down and listen to the music on Wednesday evening than on Saturday as, on the latter evening they were usually too occupied in shopping for Sunday to give the concert the desired attention.

## ADDS NEW SCALES

### H. M. Soennichsen Gets Latest Model.

In his search for improved methods of handling his business H. M. Soennichsen yesterday added a fine new Toledo Computing Scale to his store equipment. The new scale is the very latest model of the best scale made, costing Mr. Soennichsen one hundred and forty dollars. It is considered the most accurate scale in existence, thoroughly balanced and every part enclosed in glass so that it cannot be handled and thrown out of balance and otherwise injured. It weighs up to twenty-four pounds and is designed for use as a counter scale. Upon the side next to the customer there is a dial which registers to the fraction of the ounce the exact weight of the purchase, the figures corresponding to a dial on the opposite side. This enables both the customer and the merchant to see the exact weight of the purchase and prevents either being cheated. On the merchant side there is a scale showing the price at which articles may be sold by the pound [with a computation for pounds and ounces at the various rates up to twenty-four pounds. There is a reflecting glass over the scale by which the customer can look and see for himself just what the article comes to in money. The scale is guaranteed by its makers to be absolutely honest and any defect in the machine will be promptly remedied by them. L. R. Miller, the district representative of the Toledo Scale Company, installed the machine yesterday.

### Corn From Oklahoma

Mrs. Chas. Chasot, and sons, William and Peter, are visiting relatives in the city and vicinity, having come up from Pocomasset, Oklahoma, where they now reside several days ago. They report conditions in that section as being fine. They brought along some specimen ears of corn which Mr. Chasot has raised this year and they are certainly prize winners. The ears are long, entirely filled out and the corn is good and hard. They expect a yield of from forty-five to seventy-five bushels to the acre which will net them a handsome return. They are more than delighted with Oklahoma and consider it the garden spot of the world. They will visit a few days longer before returning to their home.

### A Paying Investment

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at Gering & Co. drug store. 50c. and \$1.00. Trial bottle free.

### Killed by the Fast Mail.

No. 7 the Burlington fast mail, added another life to its long toll through Iowa last Monday when its wheels ground up E. M. Overton, a laborer on the "Q" pile driver gang at Hasting.

At the time of the accident, Overton, was standing upon the main line near the piledriver which was on a siding east of the Hasting station. The mail train came around the curve a short distance from Overton, at a high rate of speed, and was upon the unfortunate man in a second. He saw it coming but seemed confused and failed to jump although his companions on the driver shouted to him. The train dashed him to death in a flash, the remains being badly mutilated. No inquest was held, the cause of his death being apparent. The remains were shipped to his home at Canesville, Mo., for burial where he had three small daughters living with the grandparents, his wife being dead.

## IS WELL PLEASED WITH THE COUNTRY

### C. E. Wescott Talks Entertainingly of the Canadian Northwest.

C. E. Wescott, mention of whose return from a trip of several weeks to the Canadian Northwest was made several days ago, relates his impressions of that country in the most enthusiastic manner. He is certainly greatly in love with it and its brilliant future. He described the wheat which the country produces as being something extraordinary, the straw standing as high as his head, while the heads were large, well filled out and heavy. The yield is more than abundant. The land he finds also well suited to barley, oats, flax and vegetables, the spring in that country coming fully as early as in this. Around the city of Calgary, where he made his principal point of sojourn, the land is all settled up and Calgary itself is a flourishing city of twenty-five thousand people, about one quarter of whom are Americans, one quarter Canadians, while the remaining one-half is made up of every race of the earth from the son of sunny Italy to the slant-eyed Celestial.

The cooks in that country, like most points on the Pacific coast, are all Chinese. Calgary is quite a manufacturing point, there being twenty-five factories situated there, while it has one hundred and one jobbing houses. The city draws its trade for hundreds of miles in every direction, selling the Alberta, Saskatchewan and British Columbia provinces. It is a real live municipality with a city hall costing \$225,000 and a depot on the C. P. Ry. costing a quarter of a million dollars besides innumerable private buildings of great expense. The C. P. Ry. at this point has two branch lines, the one running north to Edmonton and the other south to McLeod, both running through rich fertile land.

Mr. Wescott found the weather there delightful, much superior to what it was farther east, and ahead of the climate of Minnesota and North Dakota. The winters are cold, but the high altitude and dry air renders the cold bracing and crisp instead of damp and penetrating. While he was there he found a blanket necessary at night although the days were comfortably warm.

He was in Calgary when the great forest fires swept over Fernie and the mountains west of there, and saw the immense pall of smoke that rose from the burning forests and the doomed villages. In Calgary within a few hours after the news came of the destruction of Fernie, a mass meeting was called and immediately subscribed two thousand dollars for the relief of the stricken city, while two carloads of goods were dispatched forthwith to the stricken city. He describes the people as live and active and up to date in every way. Mr. Wescott is the owner of a number of pieces of farm lands scattered over the immediate vicinity of Calgary, and regards his property there as among his best holdings.

After being compelled to lay off all day yesterday on account of the wet weather, the paving force resumed work this morning. The work at the intersection of Main and Sixth streets will be rushed to speedy completion so that traffic can be resumed upon both streets, they being out of business at present.

Glen Slawson representing the piano department of Hayen Bros. at Omaha, was in the city this morning in the interest of his firm, and figuring on closing some prospective deals.

Mrs. John S. Hall and daughter were visiting this afternoon in Omaha where Mrs. Hall made her weekly business trip while the little girl will visit several days with a girl friend of hers.

Mrs. P. E. Ruffner returned on No. 2 from a visit at Silver Creek with her son Grover. She was accompanied to that point by her daughter, Mrs. Roy Dodge, of Omaha.

Mrs. S. H. Atwood, son Callie, and mother Mrs. C. H. Parmele came in last evening on No. 2. The former to visit with relatives while Mrs. Parmele returned home.

## Local News Notes

C. F. S. Burton is transacting business this morning in the metropolis.

Geo. A. B. Hicks of Louisville is transacting business today in the city.

Ex-Senator S. L. Thomas drove in this afternoon from his farm near Cul-lom.

For a mild, easy action of the bowels, a single dose of Doan's Regulents is enough. Treatment cures habitual constipation. 25c certs a box. Ask your druggist for them.

Mrs. Geo. Stoehr and children of Cedar Creek were visitors in the city today transacting business, and visiting. They made the Journal a very pleasant call, and one which was much appreciated.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red, pure; restores perfect health.

Henry Miller in "The Great Divide" has a very appreciative audience this afternoon from this city. The party went up on the fast mail and included a bevy of Plattsmouth beauties. Among those who attended the matinee were Misses Margaret and Catherine Dovy, Elizabeth and Emma Falter, Ellen Pollock, Miss Fetzner, Leona and Sallie Brady and Edna Peterson.

A big reunion of the Wiles family is being held this afternoon at the home of Thos. Wiles southwest of the city. A more detailed statement of the reunion will appear in the paper tomorrow. There are many members of the family present coming from several states and many for quite a distance. It is a festive occasion and one which they will all enjoy to the utmost.

"Dr. Thomas' Electric Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for eight years."—Mrs. L. Whiteacre, Buffalo, N. Y.
