## ROBERTS MYSTERY STILL UNSOLVED

ATLANTIC CITY POLICE WON'T ACCEPT ROBBERY THEORY.

WANT TO HEAR WILLIAMS

Husband of Baltimore Man's Companion Is Sought—Friends Declare It a Case of Attempted Hold-Up.

Atlantic City, N. J., Aug. 29.—Refusing to accept the stories to the effect that Charles B. Roberts, the wealthy clubman of Baltimore, was shot by a highwayman while in a rolling chair on the board walk with Mrs. W. S. G. Williams, also of Baltimore, on Wednesday night, the police of this city are still working upon the theory that the Baltimorean was the victim of a vegeful man. While they will not say that they believe Mrs. Williams' husband knows something about the shooting, they admit that he will not be eliminated from the case until he has proved conclusively and to their satisfaction that he not only was not in Atlantic City, but was entirely ignorant of the shooting and the circumstances which led up to it. So determined are they in this direction that Detective Harry Wilson was sent to Baltimore to make a through investigation.

Roberts' Condition Still Serious. The wounded man is still in a serious condition at the City hospital. His condition is considered dangerous and the physicians will not probe for the bullet in his liver until his condition improves. They fear that to operate upon him now might prove fatal.

Mrs. Williams is still at the Hotel Brighton, and while the police will not say that she is detained as a witness, they lead inquirers to believe that such is the case. The colored man who was pushing the rolling chair in which Roberts and Mrs. Williams were riding at the time of the shooting is still locked up.

Calls It Plain Hold-Up. Charles Stewart, a brother-in-law of the injured man, said:

"Why, the whole thing is as simple as can be. It was merely an attempted robbery. From what I can learn, Mr. Roberts was asked to step out of the chair, and before he could make a move he was shot down. At the time, in the excitement and suffering severely, he could only give a brief explanation, and this was verified by Mrs. Williams.

"Mr. Roberts and Mrs. Williams have known each other for years. There was absolutely nothing in their going out together, but they just happened to be victims of a highwayman."

Shooter Masked, Says Woman. Mrs. Williams, in describing the shooting, corroborated the general statements of the friends of Mr. Roberts, and is positive that the man who did the shooting stopped the chair in which she and Mr. Roberts were and ordered them to throw up their hands, demanding money. When Mr. Roberts refused to turn over the money the highwayman shot. The robber, she says, was masked.

Policeman Russ, who heard the shots and ran to the scene, thinks the shot was fired at Roberts from the back of the chair.

Mrs. Roberts, the wife of the injured man, arrived here Friday. She is in close attendance upon her husband and refuses to be seen or have anything to say. Several of Mrs. Williams' relatives also arrived here and joined her at the Brighton.

Drive Away Reporters. Baltimore, Aug. 29.—One of the peculiarities of the Roberts case is the marked variation between statements, even those now and then made by the same person, and also the aversion to the presence of newspaper men that shows itself at times. A reporter was Thursday night driven from the Williams country place at the point of a shotgun. Friday one was threatened with bodily violence for attempting to interview Williams.

Declares Williams Was in Europe. A dispatch from Atlantic City saying that the police there denied the hold-up story of the shooting, that they had had Williams under surveillance and that Mrs. Williams would be held as a witness, having been read to H. C. Darrell, Williams' partner, he said: "You may quote me as denying absolutely the assertion that Mr. Williams has not been in Europe. I had letters from him while there and the fact that he was abroad could be proven by a large number of people."

Mr. Darrell's statement is borne out by the fact that investigation shows that the name of W. S. G. Williams appears on the passenger list of the steamer Kronprinzessin Cecilie, which arrived in New York last Tuesday.

Ex-Gov. Semple Is Dead. San Diego, Cal., Aug. 29.—Eugene Semple, former governor of Washington territory, died here Friday of pneumonia. Gov. Semple was a son of the late Justice Semple of Illinois and was born in 1849 at the American legation at Bogota, United States of Columbia, where his father was then the American minister.

Killed by Discharged Employee. Milwaukee, Aug. 29.—Louis Kissel, the head of the Kissel Kar company and head of several Hartford business concerns, died Friday of wounds inflicted by an employee who shot him after he had been discharged.

## Our Town Clock

### And It's Relation to Our Shoe Department

Sometimes it strikes three—sometimes it strikes twenty-three—sometimes it strikes thirteen. To those who do not understand it we will reveal the secret. When it strikes three, it means that someone has recently gotten No. 13 and three is gone on the next thirteen. When it strikes twenty-three it means that another No. 13 is gone and only two left until another No. 13 goes. And when it strikes thirteen, it means that the lucky one is just leaving our store with a pair of shoes that did not cost a cent. Try it once. School begins pretty soon and you are going to buy shoes. Our fall stock is now coming in and we can furnish you shoes that will wear; shoes that fit; shoes that are up-to-date and shoes that have a reputation.

### A Costly Accident.

A rather costly accident occurred last Saturday at the farm of John Tritsch, southwest of this city. The Kaufman boys had been engaged in threshing for Mr. Tritsch, and late in the afternoon had finished the job. Finding the time too late to start in on another job, the boys concluded to move the machine, which was one of the latest Case models, to another field and knock off for the day. The separator is a very fine one, being made of steel and galvanized iron, and stands high in the air. In turning, the machine in some manner became overbalanced, and after vibrating a few moments, it turned over. The upper works of the separator were badly damaged, the elevator being torn off, and machine otherwise injured.

The boys at once proceeded to Wash Young's, where they borrowed his stump pulling outfit and converted it into a wrecking outfit. In a few moments they had righted the big machine and were enabled to make an inventory of the damages. As near as they could estimate the damage would run close to \$50. It was found that parts to repair the machine could not be had this side of Lincoln, and one of the boys was compelled to go up there to get the repairs.

### Married in Omaha.

On Wednesday Aug. 26, T. B. Line of Omaha, and Miss Clara Tyler of this city were united in marriage at Omaha. The happy couple came in last Saturday evening and spent Sunday with the bride's parents C. Tyler and wife returning to Omaha last evening. Mr. and Mrs. Line will make their home in Omaha in the future. Miss Tyler is quite well known in this city where she has many friends who extend their congratulations to her. Mr. Line while not so well known is highly spoken of as an enterprising, hustling young man who has excellent recommendations, and he is also the recipient of congratulations in securing so charming a wife as Mrs. Line will prove to be.

### Child Hurt by a Plow.

Thursday morning while plowing with a riding plow, Eleanor, the 12 year old daughter of William Ost, was run over and her arm was fractured. She thought she would like to plow and was trying her hand at it. One of the tugs became unfastened and she got off the plow to fasten it and the horses starting up threw her under the plow, and one of the wheels striking her arm fracturing it. Dr. Walker reduced the fracture and she is getting along nicely.—Nehawka Register.
