BODY IS IDENTIFIED BY BROTHER

Who Gives Full Particulars of the Drowning, Which Occurred at Fremont Last June.

I. C. Jensen, brother of the unfortunate man found dead in the Missouri river last Saturday by Jno. Boetel and young Fender, arrived in the city Sunday to take charge of the remains and arrange for their transportation to Kennard, Neb., where they will be interred. At present the remains are at the undertaker's rooms of M. Hild in charge of Undertaker Sattler.

From Mr. Jensen it is learned that the unfortunate man came to his death on June 22, last. He was engaged in repairing the Burlington bridge over the Platte at Fremont after its destruction by the high water a few days previous to that time, and met his death while trying to swing a pile into place. In driving the piling it had slipped and was out of line or latter. To twist it back into its correct position a cant hook was called into play and Jensen was using it to turn the pile when the hook slipped off, allowing the pile to fly back and strike Jensen, knocking him into the raging waters of the river. An effort was made to catch the unfortunate man as he went off the bridge by one of his fellow-workmen, but it was unsuccessful and his body disappeared in the river to be seen no more.

A reward of \$25 for the recovery of the body was offered by one of the unfortunate man's relatives, and it is reported the Burlington also offered a

reward, although this report is not confirmed.

Mr. Jensen had no difficulty in identifying the body, although the identification was made by the clothes and articles on the person, the body being too badly decomposed to make identification by that means possible. The remains will be taken to Kennard this afternoon. Mr. Jensen states that at the time his brother was knocked off the bridge he had on two pair of overalls and a pair of gloves, besides \$55 in money on his person. At the time of the discovery of the remains there was only some six or seven cents in money, no gloves and only one pair of overalls. The water had evidently destroyed the other articles.

Mr. Jensen came from a prominent family of Fremont and vicinity, having five brothers and three sisters residing in and near that city. He was a very thrifty man, and one who stood well in the esteem of all who had the fortune to know him. He had been in the employ of the Burlington for some time and was considered one of their most reliable men.

Card of Thanks.

To those who have so kindly aided in taking care of the remains of my brother, J. P. Jensen, and in other ways shown their good intentions, I wish to return my sincere thanks.

I. C. JENSEN.
