TRULY, the Republicans of New York are in a bad fix. The state ticket is beaten if they nominate Hughes, and also if they don't.

HAVE you heard from Maine? The smallest republican plurality recorded in twenty-five years, is the result this year. Do straws show which way the wind blows?

A SUNSPOT covering more than two billion square miles has been discovered. Unfortunately, it was not seen in time for the republican platform to claim that it was a direct result of the Roosevelt policies.

ARKANSAS rolls up an increased majority for the democratic state ticket, while the republican state of Maine fails to deliver the usual majority by nearly fourteen thousand. Hurrah for the noblest Roman of them all—William Jennings Bryan—the next President of the United States.

IN answer to a question as to where he got his fortune, Speaker Cannon says "thirty-four years in public life ought to be sufficient explanation." Even if his living cost him nothing, his income during the past thirty-four years would not account for it by \$830,000. Where did you get the \$830,000, Mr. Cannon, and how did you live in the meantime?

THERE is no stopping of the tide that is turning away from Taft, leaving him for no other reason than that he represents those policies that are dangerous to our established institutions and subversive of popular government. One by one the so-called doubtful states are being added to the Democratic column. Every sign in the heavens points to the election of William J. Bryan next November.

CONGRESSMAN E. H. HENSHAW, of the Fourth district, announced in Lincoln Monday that he will oppose the renomination of Joseph G. Cannon for speaker of the house of representatives in the sixty-first congress, if he is elected this fall. It is now up to Congressman Pollard to make a like announcement. Will he do it? Hundreds of republicans are demanding that he come out on this question. It seems to be a matter of "You'll be damned if you do, and you'll be damned if you don't," with Mr. Pollard.

PROF. F. W. BLACKMAR, of the Kansas state university, has made a startling discovery, which if proven to be true, will serve to grease the skids for race suicide. He declares that trying to live on \$25 a week breeds degeneracy in home life, leaving the conclusion that no young man should think of getting married on that amount. Has the professor stopped to reflect what the result would be if his advice were taken seriously? It is a safe assertion that not more than one young man in ten who takes unto himself a wife these days is earning as much as \$25 a week. What would the professor have the other nine do?

THE season's football tragedies have begun. In a game at Pittsburg, Pa., the other day, while no one was killed, there were enough serious injuries to make an account of the game read like the story of a head-on collision between passenger trains. One young man's arm was broken, another's ear was torn off, a third lost several of his teeth, while a fourth suffered fractures of several small bones. As the season progresses, the lists of dead will begin to come in. Prize fighting is prohibited on account of its brutality, and there is no doubt that it is brutal, but where the ring can show one killed or injured, the government can furnish fourth a score.

It is rumored that Speaker Cannon is coming to Nebraska soon to make a couple of campaign speeches, and every member of the state committee is doing most emphatically that he had nothing to do with inviting "the most honorary political object ever exhibited in this or any other country." It is needless to add that the invitation

was extended previous to the recent primaries and that the men who are now entering disclaimers were not running the machines at the time. If Uncle Joe will take a careful look at the situation it is more than probable that he will develop a case of tonsillitis or ingrowing nails at an opportune time to cancel the date.

## Make Them Deliver the Corn.

Observing that the farmers of Nebraska are going over in droves to the side of Bryan in this campaign, the Taft forces have become desperate in their efforts to stop the landslide. One of their arguments in behalf of Taft is an insult to intelligence of the average Nebraska farmer, whom the Taft boosters appear to regard as a fool, net. Members of the Columbus Taft club are telling the farmers that if Bryan shall be elected corn will sell for 20 cents per bushel next spring, and all other farm stuff in proportion.

It does not seem possible that intelligent men would make such a foolish argument, and yet desperate men may always be relied upon to do desperate deeds. And since friends of the Taft club have put forth such a brazen argument, the Telegram proposes to take advantage of it, and try to discover whether or not the Taft boosters have any faith in their own argument.

The president of the Columbus Taft club is Mr. R. S. Dickinson. He is an honorable man, and certainly he will not permit the members of his club to officially put forth an argument which he refuses to indorse. What we want to know of President Dickinson is this: How much corn is the Columbus Taft club willing to deliver in Columbus next May at 20 cents per bushel in case Mr. Bryan shall be elected? They say corn will be worth only 20 cents if Bryan shall be elected. Are they honest? Do they believe it? The Telegram knows some Nebraska farmers who want some of that cheap corn. They are willing to contract for corn to be delivered in Columbus next May at more than double the price which the Taft boosters say it will be worth in case Bryan shall be elected. Just to show that they mean business a number of wealthy Platt county farmers have authorized the Telegram to offer the Taft club 45 cents per bushel for all the corn they can deliver in Columbus during the month of May, 1909, this offer to hold good whether Bryan or Taft shall be elected.

We suggest that other Platt county farmers who want to feed corn next spring should see President Dickinson immediately and contract some of that cheap corn the Taft men are promising in case Bryan shall be elected. Call Mr. Dickinson by phone. His number is Ind. 132, Columbus. Any contract farmers may make with Dickson will be good and can be cashed at any of the banks. Farmers not on the telephone line should write to Mr. Dickinson immediately. Delay may be dangerous. His crop of cheap corn may not last many days.

Get after them, boys. They have slandered Bryan long enough. They can't deceive anybody but a fool by their talk of cheap corn in case Bryan shall be elected. Get after the slanderers today. Make them deliver the corn.

There is a little blackboard in the office of the president of the Taft club in Columbus. On that blackboard a responsible man posts every quotation which comes from the Chicago grain market every day. Those marks on the blackboard in President Dickinson's office shows that the men who buy grain in Chicago stand ready to pay 65 cents for every bushel of corn Nebraska farmers may send to that market during the month of May, 1909, and they agree to pay that price, no matter whether Taft or Bryan shall be elected.

We understand the republican national committee has issued instructions to the republican leaders in all the corn states to quit talking everything else and talk only cheap corn. The Telegram suggests that in every county the friends of Bryan follow the example of his friends in Platt county by demanding that Taft boosters shall contract to deliver some of the cheap corn.

## Grand Ball Saturday Night.

The T. J. Sokol Society will give a grand ball at their hall on West Pearl Street next Saturday evening, Sept. 19. Everyone cordially invited to be present.

# HUGHES THE MAN IF ROOT REFUSES

SUCH SEEMS THE SITUATION IN NEW YORK CONVENTION.

## NO ONE ELSE MENTIONED

Secretary of State Wins Warm Applause by His Speech as Chairman—Taft Resolution Adopted.

Saratoga, N. Y., Sept. 15.—The anti-Hughes leaders seem to have staked their all in the effort to induce Secretary of State Ellhu Root to accept the nomination for governor in the stead of Gov. Hughes.

That Mr. Root has been impressed by the strength of the movement in his behalf and by the importance of his decision as affecting the party welfare, can be stated with the utmost confidence. Nor is he deciding the question alone. In its decision it is known that he is seeking the counsel of men high in the leadership of the party. Further than this it is impossible to state particulars, but a crisis was reached in the matter early Monday evening, and the sum total of the situation was that unless Mr. Root was advised and decided to allow his name to be used, the opposition to Gov. Hughes' nomination would probably collapse and he would be nominated upon the first ballot.

**Kings County for Berri.**  
The Kings county delegation caucused Monday night with the following result: For William Berri, proprietor of the Brooklyn Standard Union, 101; for the renomination of Gov. Hughes, 36; one absent.

State Chairman Woodruff, in announcing the result, said that would be the vote of Kings county on the first ballot for governor.

**Root the Central Figure.**  
Secretary of State Root was the central figure in the first session of the convention Monday afternoon. The convention effected temporary organization, heard the speech of Mr. Root as temporary chairman, and adjourned until Tuesday afternoon at two o'clock.

The welcome accorded to Secretary Root and the demonstration of approval which interspersed and followed his speech, surpassed in enthusiasm, if not in duration, those which were accorded upon the mention of the names of President Roosevelt, Gov. Hughes or the presidential nominee, William H. Taft himself.

**Resolution Praising Taft.**  
A feature of the session was the introduction by Charles W. Anderson of New York, the colored member-at-large of the state committee, who is a deputy collector of internal revenue for the Second district, of an extended resolution paying glowing tribute to the character and public service of Mr. Taft and more particularly extending the congratulations of the convention on his fifty-first birthday, which came Tuesday.

The resolution was adopted with a shout and the secretary was instructed to telegraph it to Mr. Taft.

More than ordinary interest attached to the personnel of the committee on resolutions which is to present the platform, especially as when the list was read it was seen that it consisted largely of representatives of the anti-Hughes wing of the convention, or at least of local leaders more or less avowedly opposed to measures which Gov. Hughes has made chief of the features of his legislative program. Job E. Hedges of New York was named as chairman.

## Chanler or Gerard.

Rochester, N. Y., Sept. 15.—At the conclusion of a day of extended and significant conferences, participated in by practically all of the state leaders who are here, the nebulous conditions surrounding the nomination by the Democratic state convention of a candidate for governor took definite form and the problem Monday night was declared to have been reduced to a choice between Lieut. Gov. Lewis Stuyvesant Chanler, who is being urged by State Chairman William J. Conners, and Justice James W. Gerard of New York city, who is announced as the choice of Charles F. Murphy, leader of Tammany Hall.

The race seems to have resolved itself into a contest between the up-state delegates, who are declared to be strongly in favor of Mr. Chanler, and the Tammany delegates, with their alliances throughout the state, who will follow the suggestions of Mr. Murphy.

The state committee at a meeting Monday night voted to seat the contesting anti-McCarran delegates in the Sixth and Ninth districts of Kings county. Only five members of the committee voted with McCarran. The Brooklyn senator had declared that if any of his delegates were unseated by the credentials committee the entire Kings county delegation would bolt the convention.

**Yellow Fever Case in Havana.**  
Havana, Sept. 15.—A case of yellow fever in Havana is officially reported, and an order has been issued forbidding the officers and men at Camp Columbia from coming into the city.

**Hottest Day in Memphis, Tenn.**  
Memphis, Tenn., Sept. 15.—The local weather bureau reported that at one o'clock Monday the thermometer stood at 94 1/2 degrees, the hottest of the present year.

# TAFT ADDRESSES COLORED PEOPLE

TELLS HIS SYMPATHY FOR THE RACE'S STRUGGLES.

## CONDEMNNS MOB VIOLENCE

Says Best Remedy is Improvement in Administration of Criminal Laws—Bryan Talks in New Jersey.

Cincinnati, Sept. 15.—William H. Taft declined to go farther with Mr. Bryan in a newspaper controversy over the issues of the campaign.

"There is nothing in Mr. Bryan's statement of Tuesday which seems to require an answer. Should it appear so later, I will take up the subject in my public speeches."

This was Mr. Taft's ultimatum, as he expressed a willingness that Mr. Bryan should have the last word of comment on President Roosevelt's Taft letter.

The gratification of Mr. Taft on the renomination of Gov. Hughes was expressed in a telegram he sent the governor congratulating him on his "well deserved nomination." He added: "It not only makes the state of New York safe in November, but greatly strengthens the national ticket in every state in the union."

He expressed the hope that the governor would be able to give some of his time to the campaign in the west.

**Has a Busy Birthday.**

The fifty-first anniversary of Mr. Taft's birth proved to be the busiest day he has had since his arrival here a week ago. He delivered an address at night to an audience of ministers composing the Ohio conference of the African Methodist Episcopal church, the first speech of his campaign to negroes. The address was not political, but gave a clear outline of the sympathetic understanding and feeling entertained for the struggles of the race possessed by the candidate.

## Decries Mob Violence.

On the subject of race prejudice and mob violence, Mr. Taft said: "I don't know that the race bitterness is any stronger to-day than it ever was. For a length of time it seems to be altogether abated, and then there will be an outbreak, a mob will be formed, developing the most fiendish cruelty, manifesting itself in the blindest and most unreasoning assaults upon perfectly innocent people, simply because of their color. It is only fair to say that such brutish exhibitions are not confined to any one section."

"It is impossible to read accounts of this sort without having one's blood boil with indignation that there can reside in the human breast such a savage and beastly impulse and motive. But we must remember two things: first, that in spite of our education and refinement and progress toward Christian ideals, we still retain in our nature a great deal of the original animal, and second, that the spirit of a mob seems to be a different spirit from that of the individuals making it up, and to disclose a more insensate and inhuman state of impulses than it would be possible to find in any one of its members."

"The best remedy and the necessary one, is an improvement in the administration of our criminal laws, and the holding to strict account the officers of the law who do not use all possible means to prevent and suppress such outbreaks."

## Bryan in New Jersey.

Trenton, N. J., Sept. 16.—Pouring hot shot into Mr. Taft and the Republican party at every point where he stopped, William J. Bryan Tuesday night, in this city, concluded a strenuous day of campaigning in New Jersey, following a few hours in Philadelphia, where in front of a newspaper office and before an enthusiastic throng he arraigned the Republican organization of that city.

Taylor opera house, where he spoke here, was crowded from pit to dome. Seated on the stage were a number of the members of the Democratic state committee, including State Chairman James R. Nugent. The meeting was intensely enthusiastic and contained many Democrats who had been opposed to Mr. Bryan in his former campaigns.

Mr. Bryan left on a late train for Rochester, traveling via Jersey City, where he made a brief stop in the morning.

## More Yellow Fever in Havana.

Austin, Tex., Sept. 16.—State Health Officer Brumby received a telegram Tuesday from Acting Surgeon General Glenn, dated at Washington, advising the Texas health officer of the appearance of another case of yellow fever at Havana, Cuba, this being the second to occur there within a short time. Dr. Brumby at once tightened the quarantine against Havana on passengers leaving there for points in Texas.

## Aged Minister Drowns Himself.

Holland, Mich., Sept. 16.—The body of Rev. Dr. John Vandermeulen, 70 years old, was discovered Tuesday night in the water off the Montello park dock. He was one of the oldest ministers of the Dutch Reformed church in this country and retired from active service a year ago, when mental trouble, compelled him to resign a parish in Wisconsin. It is thought that the aged clergyman threw himself into the water in a fit of dementia.

## SPRY NOMINATED IN UTAH.

### Salt Lake City Man Heads the Republican Ticket.

Salt Lake City, Sept. 15.—The Republican state convention Tuesday nominated a complete state ticket, including congressman and three presidential electors, and adopted a platform which warmly indorses the administration of President Roosevelt and the nominee of the national convention.

The ticket follows: Governor, William E. Spry, Salt Lake; secretary of state, Charles E. Tingey; supreme court justice, William McCarty; congressman, Joseph Howell, re-nominated; presidential electors, Henry Cohn, Lafayette Hanchett and Thomas Steevy.

## STATE NOT IN LIQUOR TRAFFIC.

### That is Court's Decision in Famous Fleischmann Company.

Richmond, Va., Sept. 16.—The United States circuit court of appeals in a decision handed down Tuesday sustained the opinion of Judge J. C. Pritchard in the famous case of Fleischmann Company and others against the South Carolina dispensary commission, holding in effect that a state cannot conduct liquor traffic, that being a private business.

## Mad Dog Scare in Iowa Town.

Boone, Ia., Sept. 16.—Frazier has a genuine mad dog scare. Fifty dogs have been killed by order of the local veterinary department and according to reports many children have been bitten there. Whole families have left for Chicago for treatment.

# Why I Wear Wooltex and Sunshine Suits!

"I can't afford to wear any but Wooltex or Sunshine garments," said a woman who is always noticeably very well-dressed.

"I don't want to run the risk of purchasing an inferior style when I know Wooltex and Sunshine styles are correct and always in good taste."

"I haven't the time to sew on hooks or buttons or repair fittings; so I buy Wooltex or Sunshine garments; they are sewed to stay."

"I know Wooltex or Sunshine materials are pure wool tested and thoroughly steam skunk—so I'm not afraid to wear in any weather."

"I've only a limited amount to spend and I know that each Wooltex or Sunshine garment that I buy will give me good service for two or three seasons—sometimes longer."
