Matter Satisfactorily Adjusted.

This morning's Omaha papers contain a dispatch from Nebraska City telling of the filing of an information in the courts of that place against one F. N. Dunlap, charging him with obtaining money under false pretenses. From the dispatch it is claimed that Dunlap had a number of his friends in Nebraska City cash checks for him upon an Omaha bank, where he had no money on deposit, the checks being returned. He admitted issuing them, but claimed that his account had simply been overdrawn, and there was nothing more serious. He also claimed that the matter had been satisfactorily adjusted and closed up and that there would be no trouble over it. He has been looking after some business deals here and emphatically denied any intention of leaving the city.
