M. FANGER TO THE FRONT

Grand Millinery Opening on Friday and Saturday.

M. Fanger, the enterprising department store man, has completed arrangements for his great fall millinery opening. This will take place next Friday and Saturday, September 25 and 26, and at that time his immense stock of millinery will be thrown upon the market. Every lady who desires a new fall hat should attend this opening. As Mr. Fanger has a line of patterns which are unexcelled in this vicinity, at prices as low as the lowest. His lines range from \$2.50 to \$50.00 suiting every taste and every pocket book. If you don't want to buy now come out anyway and get a line on what you will want later. Mr. Fanger has also laid in an extra large line of the celebrated Wooltex garments for ladies which he will be glad to show, and which will more than repay examination. Call and see his great millinery opening and his large line of Wooltex goods.

Putting In Concrete Walks.

Charles Cook, the hustling farmer from the precinct, has become tired of the work and expense incident to laying new board sidewalks around his buildings at the farm, and today is engaged in hauling sand from the river preparatory to replacing all his walks with concrete ones. After figuring over the cost of construction of board walks at the present prices of lumber, and comparing it with the cost of concrete he has come to the conclusion that concrete is infinitely cheaper, especially in the long run, so he will make the change. He also has found that the cost of maintenance of the concrete walk is nothing while the board walk must be virtually renewed once every three or four years. The sand he is hauling out today is intended for foundation purposes, and he will get a coarser sand for the concrete. Owing to the weight of the sand he is unable to haul but two loads a day. The enterprise of Mr. Cook is highly commendable and many farmers would find his example a paying one.

J. A. Kiser was another of the precinct's good citizens who drove in this morning to take the early train for South Omaha where he will attend the horse sale.

C. D. Woodworth, the gentleman who had the contract for paving the city streets, was in the city today on business connected with the final settlement of the job.

Chas. Neligh of Gretna, Neb., who has been in the city several days visiting with his father-in-law, J. C. York and family, departed on the mail at noon for his home.

W. W. Jessup, while working at the shops several days ago had the misfortune to sustain a severe bruise to his hand. While not serious it was painful and he has not yet been able to return to his work. He hopes to do so within a short time.

TESTED AND PROVEN

There Is a Hoop of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Plattsmouth readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit. J. W. Hall, of 118 south Sixth street, Plattsmouth, Neb., says: "I can vouch as emphatically for the merits of Doan's Kidney Pills today as I did three and one-half years ago. In 1896 I had a fall, which strained my back and brought on kidney trouble. From that time on I suffered a great deal from pain in my back. Stooping caused sharp twinges to dart through my loins and it was most difficult at times for me to rise from a chair. I tried several remedies but found no relief. Finally I had the good fortune to learn of Doan's Kidney Pills and I got a box at Gering & Co's drug store. I began using them as directed and the pain was absolutely removed in forty-eight hours. From that time to this I have not been without a box of Doan's Kidney Pills in the house. When I catch cold and as the result feel any pain or soreness in my back, I take a few of Doan's Kidney Pills and the trouble is quickly ended."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

For Sale or Trade.

Four months old mule for sale, or will trade for a light weight driving horse. Apply to the Market Place. SMITH & SMITH, Plattsmouth, Neb.

BIMIDJI, MINN., IN GREAT DANGER

CITY CALLS FOR AID TO FIGHT THE FOREST FIRES.

MICHIGAN HAMLET AFIRE

Bark River Reported Burning Up—Conditions in the Adirondacks Grow Worse—Daily Loss There Is Enormous.

St. Paul, Minn., Sept. 23.—A message was received at Gov. Johnson's office late Tuesday afternoon stating that the city of Bimidji, with a population of about 7,000, is in serious danger on account of forest fires and asking that help be furnished to fight the fire. Gen. Andrews, chief fire warden of Minnesota, was directed to look after the necessities of Bimidji. The town is in Beltrami county in northern Minnesota, on the Minnesota and International division of the Northern Pacific railway.

Several Towns Out of Danger. Minneapolis, Minn., Sept. 23.—The fires at Fifield, Phillips and Coolidge, and the surrounding country in northern Wisconsin, while still burning, were under control Tuesday, according to dispatches received at the Wisconsin Central offices in Minneapolis. No rain had been reported from the fire district. The fires had spent their fury, and unless heavy winds should whip them into life it was said little was to be feared.

Little Settlement Destroyed. Rhinelander, Wis., Sept. 23.—Satuit, a settlement of half a dozen homes, three miles east of Rhinelander, was destroyed by fire Tuesday morning. The settlers fled to Moens Lake, where they are being cared for. No loss of life has been reported. Rhinelander is now regarded as safe and the fires have been quieted by lack of wind.

Michigan Village Burning. Escanaba, Mich., Sept. 23.—The village of Park River is burning, the forest fires having broken through the lines of the citizen fire fighters.

Worse in the Adirondacks. North Creek, N. Y., Sept. 23.—The forest fire conditions in the Adirondacks are growing worse hourly, with no sign of relief, although 5,000 men are engaged in fighting the flames day and night. Not a single fire has been checked and the smaller ones burning are rapidly spreading in vast conflagrations, which in some instances are coalescing. At least 50,000 acres of valuable forest lands are on fire and the extent of the destruction may be much greater.

A big fire has broken out at North Hudson, in Essex county, where 250 men are fighting it. This fire is already miles in extent. In the village of North Creek the smoke is so dense that it was impossible to see 50 yards in any direction. Never has it been known to be so dry in this locality. The streams are drying up and the supply of drinking water is almost exhausted.

Fighting to Save Cottages. Malone, N. Y., Sept. 23.—With only two light showers since July 20, northern New York's wooded sections are in no condition to withstand the forest fires raging in the vicinity of Mountain View and spreading and growing more dangerous hourly. Forty men are trying to save the cottages at the lake and along the river at Lake Placid and, with thousands of dollars' worth of timber on state land being destroyed each day, every available workman is employed in fighting fires. Tupper Lake is surrounded by fires, though the village is not thought to be in danger. A report says that a serious fire has started west of Loon Lake.

Daily Loss Is Enormous. Washington, Sept. 23.—Dr. W. J. McGee of the geological survey, who has returned to this city after a visit to the Adirondacks, states that a conservative estimate of the damage being done in that section by the forest fires is \$1,000,000 a day.

CRUEL TO HIS POLO PONY.

Well-Known Eastern Clubman Convicted and Fined \$50.

Salem, Mass., Sept. 23.—Allan Forbes, a well-known clubman and member of the Dedham Pony Polo team, was found guilty Tuesday by Judge Sears of the district court, of cruelty to his pony during a game at Myopia on September 12. A fine of \$50 was imposed. Mr. Forbes entered an appeal.

Mr. Forbes' counsel contended that Mr. Forbes had not used the animal cruelly. Judge Sears said that Mr. Forbes, in the excitement of the game, had rowelled the animal more than he was probably aware of, or intended to do.

Teacher and Pupils Drown. Strong City, Kan., Sept. 23.—Following a heavy rain and hailstorm Tuesday afternoon, an attempt to ford the south fork of the Cottonwood river resulted in the drowning of Miss Myra King, a country school teacher, and two of her pupils, Victor Rector and Etta Foltz.

John Murray Dowie Dead. Grand Rapids, Mich., Sept. 23.—John Murray Dowie, aged 83 years, father of John Alexander Dowie, the founder of Zion City, and who was repudiated by his son, died Tuesday at the home of his son's widow, Mrs. Jane Dowie, on White lake, Muskegon county.

E. G. DOVEY & SON

More Milk is Required
By Us to Supply Our **INCREASING TRADE**

Past history has shown when large cities need more milk, sufficient inducements are made to dairy farmers, enabling them to ship milk, netting them more money than they can make out of their cows any other way. We are prepared to make you a proposition that will pay you better than butter-making or cream selling. If you have ten cows or more it will pay you to

WRITE OR CALL US UP AT OUR EXPENSE

We will either write you or come out to see you. We will furnish you cows if you want more.
