

TYSON GETS BROKEN LEG

Motor Cycle Ditches Him In a Race.

A very serious accident took place last Tuesday afternoon several miles north of Elmwood by which M. H. Tyson, a prominent real estate dealer of that city and a brother of ex-County Clerk L. A. Tyson, sustained a broken leg. Tyson and a party of automobilists had been discussing the respective merits of the auto and the motor cycle of which latter machine Mr. Tyson is an admirer. The bantering finally led to the proposal for a race from Elmwood to Murdock and the parties started out of Elmwood at top speed. Tyson jumped into a long lead over the auto right from the start and by the time the latter was two and a half miles out of town, Tyson was a mile ahead. The party saw him go over a hill a mile away at terrific speed. Later they came up with him lying on the road side with his leg broken just above the ankle, the bones protruding through the flesh. They hurriedly loaded him into the auto and returned to Elmwood where he received medical attention. Tyson does not know just what caused the wreck but presumes it to have been a hard lump of earth which the machine struck. The tire of the machine was burst by the impact with the object.

County Clerk Rosenbergs was in Elmwood and visited the gentleman night before last when he was resting easy. It is a remarkable thing that he was not killed outright as he was said to be traveling just as fast as the machine could go. Spectators who saw him going along the road unite in saying that he was running far faster than a railroad train, in fact one of them stating that he hardly saw him coming before he was far away. It is estimated that he was running sixty miles an hour when the wreck occurred.

GETS BIG NEW MACHINE

The Thomases New Jackson Touring Car.

Former Senator S. L. Thomas, his son Walter L. and Clare Thomas returned yesterday afternoon from Omaha where they were to get their new machine and came back to the ferry in the machine the same day. Owing to the large quantity of floating ice in the channel, the ferry was not able to run that day and the gentlemen were forced to run to Glenwood for the night. Yesterday morning they took their machine and made a trip from Glenwood to Council Bluffs where they spent several hours, again returning to the ferry arriving here about noon. This time they were enabled to get across and arrived here shortly past noon.

The new car is a very fine one and presents a handsome and brilliant appearance. It is a large 24 H. P. machine with a seating capacity for five persons although yesterday it carried six. The very handsome appearance of the machine is largely owing to the color of the body which is wine colored, a pleasing effect to the eye. Yesterday afternoon the gentlemen took a number of their friends for a ride in the machine which runs as smoothly and easily as any ever in the city.

This car is one of a shipment of one hundred which the Pioneer Implement Company of Council Bluffs, Ia., has received for the corn show at Omaha. The Pioneer company is the general selling agents for this section. Walter L. Thomas has accepted the general agency for this section of Cass county and if the new machine is a fair criterion of the machines he handles, there is every reason to believe he will fulfill the desires of the public.

Mrs. Harry Huffer of Havelock arrived in the city this morning from Rock Island, Ill., where she has been visiting with relatives and friends. She will be the guest of A. L. Huffer and family at Mynard for several days before returning home.

Stole Livery Team.
A bold case of horse stealing took place Sunday at Pacific Junction. At seven o'clock that morning a young fellow of about 25 years of age applied to R. A. Jones' livery barn for a rig, stating that he wished to drive up to Glenwood to see George Estes. Previous to this the man had registered at the Peyton hotel as Charlie Williams, giving his residence as Hamburg.

The man not having returned Monday morning Mr. Jones notified the officers. The fellow in the meantime had plenty of time to make his get away and the officers had little chance to locate him. Inquiry of Mr. Estes showed that the man had not been to see him.

The stolen team was a black and grey. The buggy was a Concord make, single seated with red wheels. —Mills County Tribune.

MADE THEM A BAD BET

Three Musicians Pay Election Bet By a Long Walk.

Landlord Dunbar of the Riley last night entertained three distinguished guests in the shape of Mike Schmidt, Carl Lee and Paul Felder. These three men are walking from Minneapolis, Minn., to Kansas City, Mo., and yesterday walked from Omaha to this city. They bet on the presidential election being Bryan men and lost and had to post \$300 as a forfeit that they would make the trip to Kansas City on foot or by freight train. Passenger trains being barred. They were not allowed to pay their way but had to obtain board and lodging by working for it. They made their way usually by playing and singing, being musicians by profession. They made some kind of a deal with Mr. Dunbar by which they secured their meals and lodging last night and this morning departed intending to walk to Nebraska City today and Auburn tomorrow. They have averaged twenty-eight miles a day since they started out which is pretty fair going. They should make it to Kansas City in about a week from this city. They paid this office a call during their stay here.

Captured Crazy Man.

Deputy Dalton was summoned on Friday night to the Logan home six miles northwest of Glenwood where he took into custody Carl Rewstein, a Swede able to talk broken English, and aged about 45 years. The man came unceremoniously into the house and by his queer actions alarmed the family.

He was arraigned before Justice Day on Saturday and sentenced to ten days in jail as a tramp. Investigation revealed that he had escaped from the Nebraska insane asylum at Lincoln about a month ago. He was taken to Lincoln this afternoon.

This is evidently the same fellow that appeared early last Thursday morning at the home of George Shaw, a tenant on the R. D. Judson farm in Center township. Mrs. Shaw was alone at the time and was badly frightened by the man's conduct and talk. She fled to a neighbor's home and Sheriff Linville and Deputy Dalton were summoned. They picked up a fellow that had slept in a barn the night before but Mrs. Shaw declared that he was not the one.

The Thurman Times tells of a crazy man operating in that vicinity last week, badly scaring a number of women. He was reported as headed for Tabor when last seen. It is quite likely that Rewstein is the chap that has been causing all the commotion. —Mills County Tribune.

How is Your Digestion?

Mrs. Mary Dowling of 228 8th Ave., San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market today." This great tonic and alterative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c at F. C. Fricke & Co's. drug store.

Big Evans Team Sold.

Several months ago the Tribune told of a big team of young horses that were owned by M. L. Evans on the big horse ranch near Emerson. They were sold last week to a Sioux City horse buyer for \$500. The team weighed a trifle over two tons—4030 pounds to be exact. The two ton team is a decided curiosity as they are mighty scarce. Mr. Evans is the most extensive horse raiser in Mills county and raises some excellent animals. —Mills County Tribune.

ORGANIZE A BROTHERHOOD

Meeting at Church Enthusiastic For New Organization.

From Wednesday's Daily—
Last evening at the Presbyterian church there was perfected the organization of one of the most useful institutions of the city in the Brotherhood. This organization proposes to spend the winter in the study of various political and moral questions.

The meeting last night was as the guests of Rev. J. H. Salsbury, whose progressiveness was responsible for the formation of the society. Previous to the meeting coming to order there was a little luncheon consisting of oyster stews served by W. J. Streight and the pastor.

The meeting opened with a discussion regarding the advisability and necessity for the purpose of exercising good influence in the community. The discussion resulted in the organization of what is termed the Presbyterian Brotherhood to be composed of the members of the Presbyterian church of Plattsmouth and men not members, but attendants at the church and who desire to join and organization for the purposes herein expressed.

A constitution was then adopted and the following members were specially enrolled, all present being enthusiastic for the organization: Rev. J. H. Salsbury, Thos. Pollock, W. C. Ramsey, C. A. Rawls, J. G. Manks, G. L. Farley, G. L. Asemussen, W. F. Wurga, B. O. McElwain, W. B. Elster, W. L. Cooper, C. A. Phillips, B. F. Shopp, Wm. McCaulley, S. H. Shumaker, P. E. Ruffner, A. M. Searle, J. M. Roberts, J. D. Douglas, J. N. Wise, G. K. Staats, W. J. Streight, J. H. Donnelly, Jas. Robertson, O. C. Dovey. Among those present in addition to those who joined the organization were W. K. Fox and Henry Zuckweiler.

After the adoption of the constitution and the enrollment of the above members, the following officers were chosen for one year: W. L. Cooper, president, C. A. Phillips, vice president, and C. A. Rawls, secretary and treasurer.

The meetings of the organization are to be held once a month in the lower rooms of the Presbyterian church upon the first Wednesday evening at 8:30 p. m. A standing committee upon speakers will be selected, the committee chosen last night consisting of J. M. Roberts, W. C. Ramsey and C. A. Rawls who will secure a speaker for the next session of the Brotherhood.

The theory of the organization is a splendid one and will do much toward the upbuilding of the intellectual and moral life of the city. It should meet with the cordial approval and assistance of everyone in the city for its great worth can well be seen.

How to Cure a Cold.

Be as careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. For sale by F. G. Fricke & Co.

Tom is Disappointed.

One correction is to be made in the list of members elect of the house. After receiving all kinds of congratulations and celebrating his victory in appropriate style, T. J. Wilburn, of Atkinson, found that his unofficial majority of 62 was more than wiped out by an official count. A. A. Allen, a republican, was elected to the place. This reduces the number of democrats in the house, but doesn't help much in eliminating the brutal majority. The number is 69 instead of 70.

More Than Enough is Too Much.

To maintain health, a nature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. Garrison Locates More Watches

Frank Garrison, of Weeping Water, who has been industriously searching for the booty of the Stella robbers, near Weeping Water, and who several days ago unearthed a large number of the missing watches, day before yesterday found more of their plunder. In a cave on the Wolcott farm he located seven more watches concealed in a tin box. The watches are part of the Stella plunder, having been identified by the jeweler there but some of the watches are still on hand unidentified. So far Mr. Garrison has not located the rings and other jewelry stolen but from indications he will locate all the stuff in good time. From his success it might be well to put him on the trail of the men as there might be some chance of locating them.

A TOWN'S BUSI- NESS MANAGER

Some Pointers That Might Prove of Interest Our Own Beloved City.

The following is taken from the Washington Herald, which will prove worthy of approval by many of our own townspeople, who want a live town:

An instructive experiment in municipal administration is under way in Staunton, Va., a city of 12,000 inhabitants, where the local authorities have intrusted the job of running the town to a business manager. The city retains the form of political organization required by law, and is governed from a legal standpoint by a mayor and city council. These officers however have delegated the purely business functions of local administration to the business manager, elected by them for a period of one year and directly responsible to them. He is given a free hand in buying city supplies and in making municipal contracts. Every three months he submits a report to the council, as a board of directors, and his acts are passed upon, usually with approval. He suggests such legislation as is required to authorize his projects. In brief, his position is practically the same as that of the general manager of a large business corporation.

Staunton's business manager has been in office since last April. Since that time he has evidently made good for after having him a term of one year, the council has re-elected him for another term. He has saved money to the tax payers, according to his own statement, and given them an economical and efficient service. For one thing he was able to place contracts for granolithic paving at seventy-one cents a yard instead of \$2 the council was paying prior to his appointment. The results are analogous to those accomplished by the commission plan of government in other cities. As everyone knows, the difficulty of converting a municipal administration into a purely business proposition is that local government is a political as well as a business affair, and the two things cannot be legally separated. The Virginia town seems to have overcome this difficulty by the simple expedient of employing an officer to conduct the purely business part of local administration, while the political functions are retained in the city officials chosen by the people in accordance with the state constitution and laws.

Not a Candidate.

A republican paper of Omaha stated that George W. Leidigh is a candidate for speaker of the house of representatives. Mr. Leidigh says that it is a lie made from whole cloth and he is for Charles Pool, of Tecumseh. He says he never mentioned anything to a person living about the matter and the article is made of whole cloth and without any foundation.

COMMENCES AN ODD CASE

Carl Micek Attacks Insurance Left By Late Frank Svehla.

From Wednesday's Daily—
In the county court this morning Attorney Matthew Gering commenced a suit against Marie Svehla on behalf of Carl Micek which is somewhat unusual in that he seeks to attach some insurance funds which are supposed to be payable to the defendant. Mrs. Svehla is the widow of the late Frank Svehla and was the beneficiary under a policy of insurance issued to Svehla by the Western Bohemian Protective association. The petition in the case recites that at various times Micek loaned sums of money to Frank Svehla, the husband, and the defendant at their special instance amounting in the aggregate to the sum of \$545 which they never repaid. Judgment is asked for that amount. An affidavit for an order of attachment and garnishment is also filed which recites that the defendant so conceals herself that summons cannot be served upon her; that she is about to remove her property from the jurisdiction of the court; that she is about to convert the property into cash; that she is concealing her property; and that she fraudulently contracted the debt sued upon. All these things are done with the intent to defraud the plaintiff.

A garnishment against the Western Bohemian Protective association and William Holly, the local secretary of the Bohemian lodge is asked for and granted as Holly has the funds for the payment of the insurance in his hands.

The case promises to be a hard fought one as the question involved is that of the sanctity of an insurance fund. If the fund is created for the protection of the widow and orphans of deceased members and whether it be used for any other purpose is questionable and will be decided in this case.

SOME CURIOSI- TIES IN ELECTION

Prohibitionists and Socialists Both Show Decreases In Votes.

Unofficial tabulations of the state returns show that the vote of the prohibition party on governor is nearly 2,000 less than it was four years ago at the presidential election for the same office, while the vote this year on other state officers is almost as large as the vote cast by prohibitionists four years ago. Did the lost votes of the prohibitionists on governor this year go to the democratic or republican candidates for governor? The democratic candidate got the most votes and in view of the letter of Elmer Thomas of Omaha urging temperance people to vote for the democratic candidate some believe the prohibition party this year have merged into the democratic party this year. Officers of the anti-saloon league contend that they gave thousands of votes to Sheldon. The prohibition vote this year for Teeter, prohibition candidate for governor, was 4,464. Four years ago the party cast 6,323 votes for presidential electors. The prohibition vote this year on other state officers runs up to 5,996.

The socialists did poorly this year. They cast 3,069 for governor while four years ago the party cast 7,412. The combined vote cast by all parties was 271,396 this year.
