Rather Heartless.

A man, his wife and a child came to this city some months ago to make their home. They remained a short time when a child was born to the mother and she plead the poverty act and secured medical treatment and in a short time the other child was taken sick and he was also treated. Yesterday the pair gathered up their belongings and left the city. Before the woman left she made a statement that was hard to believe, but she vouched for it. Prior to coming to this city they had five children and they gave away four of them and when leaving she said that she had made arrangements to give away the other two children and she and her husband were going to some new place to start all over. She expressed no regret over the fact that she had given the children away or was going to give away the other two, but thought it was right to do this. This will make six children this couple will have had and they will have given them all away in a short time and leave for some place where they are not known and plead poverty and be cared for by the people, as the woman says she is not able to work and the man won't work, but she refuses to leave him. These are what might be called "undesirable citizens."—Nebraska City News.

ON THE EVILS OF DIVORCE

Judge Howard Kennedy to Speak In This City.

One of the interesting events of the coming winter will be a series of addresses under the auspices of the Men's Brotherhood, the recently formed organization of the Presbyterian church. These addresses will cover topics of general interest and will be given from time to time by prominent speakers from abroad who will be secured by the brotherhood. The opening number will be by Judge Howard Kennedy of Omaha, who will speak at the Presbyterian church on Sunday night, December 13, on the topic "The Church and Divorce." Judge Kennedy's address will point the evils which exist under the present lax marriage laws of our several states and will present the bad effects of affairs as they are at present in relation to the divorce problem—a problem which is causing a vast amount of worry to statesmen in this country. The lecture will be one well worth listening to and everyone should attend. Judge Kennedy is an able and eloquent speaker and a man well fortified with facts. He has a fine reputation wherever known as a scholarly and learned man and his reception in this city should be a fitting one.

ANSWER IT HONESTLY

Are the Statements of Plattsmouth Citizens Not More Reliable Than Those of Utter Strangers?

This is a vital question. It is fraught with interest to Plattsmouth.

It permits of only one answer. A Plattsmouth citizen speaks here. Speaks of the welfare of Plattsmouth.

A citizen's statement is reliable. An utter stranger's doubtful. Home proof is the best proof.

E. M. Butery, living at corner of Tenth and Walnut streets, Plattsmouth, Neb., says: "It did not require a long use to prove to me that Doan's Kidney Pills are a remedy of great merit. Pains would catch me in the hips so severe that I could hardly do any work. There was also a lameness caused from a disordered condition of my kidneys and hearing Doan's Kidney Pills so highly spoken of, I went to Gering & Co.'s drug store and obtained a box. The quick and effective relief I obtained through their use warrants me in speaking of them in the most favorable terms.

JOURNAL PRINT SHOP

Appreciates Our Efforts in Making an Up-to-date Printing Plant.

From Saturday's Daily.

The Journal is in receipt of a letter from W. J. Stadelman, manager of the Norfolk Telephone Company, which is printed below. The letter is self-explanatory and the publisher of this paper can be pardoned if he feels pleased to find someone who appreciates his efforts to make the Journal an up-to-date printing concern.

Norfolk, Nebraska, Dec. 10, 1908. Mr. Robert Bates, Plattsmouth, Neb.

Dear Sir:

I notice by the Plattsmouth Journal that you have installed a linotype machine. I am glad to see that somebody has broken the shell and come to. This speaks well for the efforts that you have made and you should now be in a position to do high grade work and should have the business.

I am sending you under separate cover one of our late directories which was made by the Norfolk News, and from a printer's standpoint I believe that it will appeal to you. I call your attention to the black faced type, also that we have no "adds" except our own. I only offer you this knowing that you have been doing the work of the Plattsmouth Tel. Co.

W. J. Stadelman.

Well, Well, Silo.

Silas Parmele was buncoed out of \$25 by two sharpers. Parmele desired to sell his restaurant business in Emerson, and offered one J. Booten of Henderson \$25 commission to find a buyer for him. Booten appeared with a fellow who gave a check of \$150 on a Council Bluffs bank. Booten then demanded his \$25, which Parmele paid in cash. Booten and the other sharper, who signed the bogus check as L. M. Taylor, had business elsewhere, promising to be back in a couple of days, viding and spending the \$25, while the two scamps are no doubt dipping Parmele is evidently figuring to himself which of his possessions is worth the least, i. e. his lost time and trouble, his empty pocket book or his bogus check. Some men will never learn not to cash checks made out by strangers.—Glenwood Opinion.
