Entertained Her Friends.

Got a Hard Fall.  
Judge A. N. Sullivan yesterday was in Omaha in attendance upon court and was made the subject of much embarrassment owing to a discolored and abraded proboscis. He was beseeched by his fellow practitioners to explain to them how it came about and his explanation was the cause of a great deal of sympathy. The facts of the matter are that the Judge was on his way home Saturday night, carrying a basket of articles on his arm when climbing the hill near Judge Newell's, he caught his toe in the sidewalk and was thrown to the ground striking upon his nose and knocking the skin off it. The basket being on his arm doubtless saved him from a more serious fall. He arose quickly to his feet and proceeded home where his appearance scared his family greatly until it was found that he was practically uninjured, the gory appearance he presented being caused by the nose bleed. The accident was directly owing to the unlighted condition of the streets, the night being very dark and he being unable to see the rise between the two walks. He was very fortunate in escaping as easily as he did for such a fall in most cases would have resulted in a broken nose at the very least. He was able to be about his business as usual today and presented little signs of the disaster save a discolored and abraded nose.

It is to be hoped that he will soon recover.—Nebraska City News.

## DON'T WAIT

Take Advantage of a Plattsmouth Citizen's Experience Before It's Too Late

When the back begins to ache, Don't wait until the backache becomes chronic; Till serious kidney troubles develop;

Till urinary troubles destroy night's rest. Profit by a Plattsmouth citizen's experience.

Herman Herold, living at corner First and Rock streets, Winterstein Hill, Plattsmouth, Neb., says: "I first told the people of Plattsmouth in November 1902, that Doan's Kidney Pills procured at Gering & Co.'s drug-store, had been used in our family with the best of results. I had taken them but a short time when I was relieved from pain in my back that had bothered me some time. This three and a half years ago and I have not suffered as severely from backache since. I have had some slight recurrence of the trouble when I have taken cold and during damp weather, but Doan's Kidney Pills have never failed to promptly and thoroughly banish the annoyance. My daughter also used this remedy and received excellent results."

Change in Business

Earl Barclay Disposes of Restaurant to New Firm

Announcement is made that the restaurant heretofore operated by Earl Barclay today passed into other hands, Mr. Barclay disposing of his interests to John Hatt, Jr., and Dick Osbourne who will operate the place in the future. The news of the change will be received with surprise as no inkling of such a deal being made had been given out. The new firm takes over a good business, Mr. Barclay having built it up in fine shape since it passed into his hands some nine or ten months since. It now has one of the best if not the best, trade in the city and has a line of patrons who are thoroughly pleased with their treatment at Mr. Barclay's hands.

The new proprietors are well known in this city and the vicinity, Mr. Hatt being the junior member of the firm of Hatt & Son and a popular and enterprising young man while Mr. Osbourne has but recently returned to this city from St. Joe, Mo., going into partnership with his brother Oliver in the restaurant business in the Gund building. He was formerly connected with Dovey's in this city and is an excellent gentleman in every respect. That the new firm will maintain the high standard that Mr. Barclay has set there is little doubt and the very best patronage is bespoken them. They expect to keep the restaurant right up to the minute in every respect and to serve the public in such a manner that no complaint will be forthcoming. Should they do as well as Mr. Barclay has done there is small probability of any complaint.

It is not known what the consideration was as it has not yet been made public pending the final details of the transfer. In a conversation with a Journal representative Mr. Barclay states that his only reason for selling was because he had other projects in this city in sight and felt that he could not handle them all at once. Just what these projects are is not stated but it is comforting to know that he does not contemplate severing his connection with this city, for which he has done his full share.

It is expected to close the deal this afternoon and that by tomorrow the new firm will be in complete possession.

M. G. Kime went to the corn show in Omaha Wednesday, and reports it well worth the trip as an educator, but nothing much to gratify the humorous inclined. William H. Porter is getting very popular. The Missouri Pacific has contracted with him for the digging of some wells on the Crete branch and he shipped his outfit to Burr Monday.
