### Our Regrets.

Once more the Journal is compelled to go to press without the usual amount of local news from Murray and vicinity, and to say that we regret the same is stating the matter very mild indeed, but owing to the rush of work in the office for the past few weeks we have been compelled to abandon our usual weekly trips to Murray. It is not our wish for we always enjoyed the day in Murray, and are glad to say that we believe this will be the last of the rush weeks for a while at least, and we will again resume our usual visits, and try and make up for lost time. We trust that our readers will bear with us this week.

## DEATH COMES TO JOHN P. THACKER

## After Days of Suffering Victim of Shooting Passes Away

John P. Thacker the man shot by John Clarence on Friday last, died at his home five miles northeast of Union, at 12:30 this morning. From night before last he had grown steadily weaker and his fever had risen until it was seen that there was no chance for saving him and the end came as outlined above.

Clarence, the man who shot him, when told of his death seemed much affected and appears to greatly regret the results of his rash and hasty act. While he adheres steadily to the fact that he acted throughout the trouble in self-defense, he realizes that he will have to face a jury and vindicate his act in shooting Thacker. An inquest on the body of the dead man will be held tonight at his home, County Attorney Ramsey, Attorney Byron Clark representing Clarence, Court Reporter Earl Travis and Sheriff Quinton leaving this city this afternoon in a carriage for that place at 3:30. Owing to the heavy and muddy condition of the roads they cannot arrive at the house until probably six or seven o'clock where Coroner Clements will join them and the inquest will be held.

County Attorney Ramsey this afternoon when interviewed as to his probable course of action in the case now that Mr. Thacker had passed away, stated that he would undoubtedly file a complaint against Clarence for murder but he had not determined just what degree would be charged. He expected the coroner's inquest this evening to throw some light on the degree of premeditation and deliberation which preceded the shooting and whatever this develops will largely influence the nature of the complaint. In any event Mr. Ramsey states, he intends to proceed along lines upon which he feels confident of vindicating the law if it appears to have been violated. It can be said to his credit that he is keeping very close tab on the developments of the case and that everything his office can do to maintain the majesty and dignity of the law is being done.

Attorney Clark for the defense, was so busy today in court in the Miller vs. Worth case, that no statement could be obtained from him but presumably he is in the same position as County Attorney Ramsey and is waiting for the developments of the inquest.

No date has been set for the funeral services as yet and his will likely not be done until tomorrow. Further notice of the time and place of the funeral will be given in tomorrow's Journal.

### Mrs. Sivey improves.

Abe Grindle, father of Mrs. Frank Sivey, came down last evening from Omaha, having spent the day with his daughter at the hospital, and was a caller at this office. Mr. Grindle was pleased to report that Mrs. Sivey was getting along excellently considering the nature of her operation and the short time which had elapsed since the operation was performed and the attending physicians were hope that she would get through without any great amount of trouble. She will be confined to the hospital for some time but there is no apprehension by the attending surgeons that her condition will be any worse.

Mr. Grindle, Mrs. Sivey's father, this afternoon received a telephone message from Immanuel hospital at Omaha to the effect that his daughter is getting along fine and doing just as well as could be expected. This is cheering news for all her friends and shows that her progress continues to be excellent.

### Making Improvements.

Harve Manners spent last Thursday and Friday morning in Lincoln attending the meeting of independent telephone companies of the state. He said the annual meetings grow larger each year and more interesting. People from many states with new appliances and fixtures are represented. The new switch board for the Elmwood exchange was on exhibition and is of the latest design. The Plattsburgh Company have built a new brick building there for their exchange which is a prosperous one.—Weeping Water Republican.

### Prof. E. L. Rouse Appointed.

State Superintendent Bishop in reorganizing the work of his office has had in mind the most economical use of funds at his command and at the same time the greatest possible efficiency. He has combined the inspection and examining boards with the office force in such a way that the chairmen of these boards is an outside educator. Superintendent E. J. Bodwell of Beatrice has been appointed chairman of these boards. Yesterday he further combined the work by arranging for a large share of the inspection of normal training in high schools to be done by his deputy and others employed in his office, placing all this work under a general director of normal training.

Prof. E. A. Rouse, head of professional training at Peru, has accepted this directorship under the state superintendent. Prof. Rouse will not be taken from his present position. His traveling expenses will be paid when he is on duty for the state department. Prof. Rouse's appointment gives complete satisfaction. He has been a state authority on questions of normal training for some time. His advice will have weight with the high schools offering normal training and his direction will be based on sound pedagogical principles.

Thomas Lindsey and wife are spending the day in the city, having come in from Murray this morning on the early train.

David L. Amick, the prominent stock raiser of Murray, was among those coming up on the train this morning to look after business matters in the city today.
