

LOSS FROM WIND STORM IS HEAVY

Reports of Damage to Property Still Coming In

The widespread storm which swept the country yesterday and night before last did damage which was irreparable and which will run far into the thousands. In this city and vicinity the damage is enormous and nearly every family suffers more or less from this visitation. From the country reports are just commencing to come in of overturned out buildings, destroyed barns, telephone poles down in every direction and general havoc to the farming communities.

In the city the storm damage was very large, roofs being blown off, trees being uprooted, windows blown in and chimneys leveled on every hand.

In addition to the losses printed in yesterday's paper there is a world of other smaller losses reported each varying in amount from a few dollars to several hundred. One curious feature of the storm was the destruction of small limbs from the trees. They are broken off clean and sharp, having been frozen and easily subject to breakage by the force of the wind. L. C. Sharp relates that the yard at his home is littered with these small limbs and twigs which were snapped off very shortly.

From the country everyone reports overturned windmills and much other minor destruction. Those who are acquainted with the situation say that the property loss throughout the territory tributary to this city will not be less than \$50,000. This seems high but it is a fact.

From the press this morning it is easily to be seen the storm is the most severe in the history of the country. West and north the wires are down and there is little likelihood that communication will be restored for several days. There is a lot of snow in this territory and it is feared that when the final reports come in there will be a heavy toll of life and property loss to pay.

Precaution was taken by the Burlington yesterday in handling their trains, nothing being moved save those which were necessary. In the night there was one freight operated between Pacific Junction and this city. This train had a hard time crossing the big bridge, the gale almost blowing it into the river. The powerful locomotive 3116, "Big Dick," was in service to hold the cars on the bridge, it being coupled to one end of the train while a powerful road engine was at the front end. Even at this, the cars careened and lay over on their bearings until the trainmen felt that they were liable to go over into the river at any moment. Roofs and loose boards from the cars tops were flying thickly through the air and endangering the lives of the trainmen.

His Painful Accident.

From Saturday's Daily.
The young son of John M. Jirousek, the west Oak St. merchant, was badly cut yesterday while attempting to trim an axe handle. The little fellow was engaged in shaping a piece of wood into a handle when the axe he was using slipped and the blade entered his leg inflicting a very deep and severe cut. Medical attention was had at once and it required several stitches to close the wound. There is no reason to believe that any serious results will follow although he will be sore for some time to come from the cut.

Secured New Location.

From Saturday's Daily.
Charles Cline who has been operating the hamburger and lunch stand on Main street just east of P. F. Budig's has made a change in location taking charge of the lunch stand in the rear of the Globe bar. During his experience in this city Mr. Cline has built up a handsome trade which will no doubt follow him to his new location. In addition to being a good fellow Charley is a splendid cook and this fact is known to many people who are steady patrons.

"Oh, Fudge."

The young ladies who were too bashful to make good use of their rights the past (Leap) year, are now anxiously waiting the arrival of St. Valentine's day in hopes that the young men will be braver and ask the question they were afraid to. Boys don't disappoint them, show them you are equal to the occasion. —Eagle Beacon.

The editor of the Beacon is invited to submit the names of the young ladies to this office. We will guarantee to secure someone to be equal to the occasion.

This was the last train over, crossing the bridge at about one o'clock in the morning. No. 1, the fast mail train of the Burlington, got into the Junction on time but it proceeded no further as the high wind prevented the crossing of the bridge. Yardmaster Johnson received a dispatch from the chief dispatcher at Lincoln instructing him to hold No. 1 at the Junction until the fury of the storm abated and when the train did cross to see that "Big Dick" was attached to the rear end to hold the cars to the bridge. The storm did not abate sufficiently to permit the passage of the river until 7:15 yesterday morning when the train came over nearly five hours late from this point west the real fight was on and the train plowed out through the state bucking snow drifts and facing a fierce wind from the northwest. It arrived at Denver several hours late.

The trains from the west are all away off their schedule coming in the city several hours behind. This is true today, they being at least an hour late today and showing all the signs of having gone through a terrible storm.

Among the minor items of the storm Alf Edgerton reports that the wind blew over his well curb and destroyed several windows in his house, causing him quite a little loss.

Geo. J. Halmes reports that his house lost the chimney and the windmill was toppled over. One curious freak of the wind was to lift a hay rack from the wagon gears turning it upside down and nearly making kindling wood of it.

Herman Gottelman who lives about a mile south of the city, reports that the storm did a piece of freak work to his place. The wind plucked up his barn and carried it some forty-five feet setting it down on the farm of his neighbor. He will be at some expense bringing the structure back.

The sudden cold snap that followed the wake of the rain has also resulted in great loss to property as water pipes were frozen and burst and considerable damage was done in this way.

This morning the thermometer at the Burlington station stood at 8 below zero at eight o'clock and at noon it had risen to fifteen above, indicating the wave had spent its force.

It is reported that N. H. Isbell was the only mail carrier out of this city to make his route yesterday. He braved the elements and saw that the patrons of his route got their mail on time. At many places he was hailed with hot, steaming coffee and doughnuts and he certainly appreciated what was done for him in this respect.

Manley.

F. J. Bergman has added a nice new cattle barn to his improvements on his place one and one-half miles west of Manley.

Wm. Stohlman, road overseer for Center precinct, is certainly getting busy and locating the poor bridges when the season opens up. We hope that Bill won't forget that Manley needs a little looking after.

W. B. Essick was re-elected last Monday for the management of the Farmers Elevator Company.

The office and scales of the Farmers' Elevator Company will be moved to its new location just north of the elevator some time this week.

Lawrence Cowan has moved his family from Arnott, S. D., to Manley and accepted employment in the elevator with John Tighe commencing February 1st. Andrew Krecklow who has been working for John for a number of years resigned.

Billy Stohlman is working hard with an endeavor of making a nice summer resort near his farm for this summer. He is widening his pond and will stock it with fish and has already had the carpenters build him a boat for use on the pond. The boat goes by the name of "The Swan" and she is a hummer.

Thomas Sullivan and Dr. Dailey of Louisville spent Wednesday evening with Father Hennessy.

W. B. Essick was a business visitor to Omaha Tuesday.

Mr. and Mrs. A. Jenkins and Grandma Coon were shopping in Omaha Tuesday.

F. J. Fowler was transacting business in Omaha Monday, returning again in company with his family Tuesday, his family remaining there visiting relatives.

Dick Irons, who has been in the hospital at Omaha passed through Manley Monday evening bound for Elmwood. Dick stood the operation and came out O. K.

The Richardson quartette succeeded in getting a class of eighteen students in Mt. Pleasant precinct, four miles east of Manley. I hope they have a pleasant class as we all know they have pleasant instructors.

Dell Carper and Mr. and Mrs. C. E. Barrett of Havelock spent Sunday and Monday with the Carper family, returning Monday evening.

Billy Rau sells automobile tickets for the "Great Carter Car" that is to be raffled off soon. One dollar a shot. See him before they are all gone.

The tennis season opened up in Manley when the local sports got out and started things going.

The Manley singing class are not dead yet. They all met at Dr. Banghart's home Wednesday evening under the direction of Mrs. Banghart and continued their work along the same line of instructions as Mr. Richardson had been doing. There meetings will continue every Wednesday evening either at the Doctor's home or at some other home.

Speaking of the singing concert given by the Manley amateurs under the direction of Prof. Richardson and family of Lincoln, pleasing comment has been heard from all who attended. The concert was given in the M. E. church and well delivered, the results of which goes to the recommendation of the Richardson people.

A very pleasant time was enjoyed at the gathering at the Carper home Monday evening. All who participated had a most pleasant time when at the hour of 1 a. m. a bounteous supper was served and relished by all after which the orchestra chimed the sweet tune of "Home Sweet Home."

J. R. Sanders went to Plattsmouth Wednesday morning to be gone till Monday.

MORE PROFIT IN STOCK RAISING

can be made if the digestive capacity of your animals is increased and perfect health is maintained. Dr. Hess Stock Food is the prescription of Dr. Hess (M. D., D. V. S.) for increasing the digestion, regulating the bowels, purifying the blood and relieving the minor stock ailments.

A healthy animal only digests about 50 per cent of its food. By the addition of Dr. Hess Stock Food this amount can be increased. If a healthy animal can be improved, think of the profit in feeding.

Dr. HESS Stock Food

to an unthrifty animal. It restores health and compels the animal to convert the largest possible percentage of the food eaten into bone, muscle, milk, fat etc., permitting less to pass off as waste.

Dr. Hess Stock Food is the scientific kind; it has the medical and veterinary institutions back of it. Sold on a written guarantee 100 lbs. \$5.00, 25-lb. pail, \$1.50. For sale by F. G. FRICKE & CO. DRUGGISTS, PLATTSMOUTH, NEB.

H. C. McMaken & Sons.

This firm is one of the most prominent in Plattsmouth and known for its progressive methods. For years the most prominent ice dealers in this section it has always furnished this commodity cheaper and better than any other concern ever attempted to do. Concrete sidewalks, retaining walls and all work in which cement plays an important part is contracted for and done better than by any similar concern which has ever attempted business in this city.

McMaken & Co. are just finishing the installation of a new 125 horse power boiler in the electric light plant and also have put up a new smoke stack 90 feet above the ground. The work is complete and thorough in every detail.

The firm is the only one in town which can do any kind of heavy hauling because they are the only one that has the outfit to do the work. Mr. H. C. McMaken is a pioneer in Nebraska and a man of sterling integrity whom it is a pleasure to know.

A. G. Bach & Co.

The first-class grocery store of A. G. Bach & Co. is offering more than usual bargains in standard goods. For some days past they have been selling nineteen pounds of sugar for \$1.00; early Ohio potatoes of the finest quality at 70 cents a bushel; 10 bars soap 25 cents; the best I. B. C. soda crackers at 7 cents a pound; 4 cans of best corn 25 cents; 3 cans early June peas 25 cents; Grapenuts two packages for 25 cents; E. C. Corn Flakes three packages for 25 cents and all other breakfast foods at lowest prices. Good apples are to be had at 25 cents a peck.

In flour Bach & Co. lead all others in both straight grades and patents. In straight made flour White Spray, pure patent, Drummond patent, Heile's plain sifter, are sold at \$1.35 a sack. The K. & H. Jersey Cream, Forest Rose and May Flower are steady favorites with housewives and sell at \$1.40 per sack.

In all respects Bach and Company are reliable and their guarantee is sufficient in every case. Their trade is steadily growing in hto town and the country.

Joseph Fetzer.

This reliable shoe dealer may always be depended upon as one who keeps only the very best for men and women's wear.

In men's shoes the Florsheim & Co.'s well known throughout the country are priced a \$5.00 a pair; the Ralston shoes at \$4.00 a pair and the Douglas at \$3.50 are the best in their class that may be obtained in any shoe store in the United States. There cannot be any better for they are not made. In ladies' shoes the "Francis" at \$3.50 and \$4.00; the Drew at \$3.00 and \$3.50 and the John Stroot at \$2.50 and \$3.00 are the standard the world over.

Mr. Fitzer's trade is all newfyp

Mr. Fitzer's stock is all new and clean, with absolutely no shop worn goods, but only the latest styles on the shelves. It is a pleasure to look over the woots which comprises considerably over 10,000 pair of all sizes, shapes and styles. It is the reliable store where satisfaction is guaranteed with every sale.

F. G. Fricke & Co.

F. G. Fricke & Co. are expert pill mixers and the leading druggists in Plattsmouth.

Their goods are the best and all standard remedies are kept in stock. The firm is the sole representatives in the city of the famous Rexal Remedies of which there is one for human ailment. A positive guarantee goes with these remedies, that they cure or money refunded. The celebrated 93 Hair Tonic, best in the world, is also kept in stock constantly.

Fricke & Co. are agents here for Sherwin & Williams world known paints and also for Heath and Milligan's best prepared paints, the oldest on the market.

Fricke & Co. are square dealers and a customer with them means a satisfied person in every case.

Dr. A. P. Barnes.

Everyone who has ever taken a meal in Dr. Barnes restaurant has words of praise for the place. Everything about the restaurant is in perfect order, the cooking of a high order and the food always the best the market affords. The doctor is ably assisted in maintaining his business at the proper standard by Mrs. Barnes whose time is given largely to the superintending of the dining room and kitchen.

Since the restaurant was moved to its present location the patronage has steadily increased until at present it has largely the business of the town, no similar place in Plattsmouth being in any manner so popular with all classes. Meals and lunches are served at 11a hours. Oysters in all styles and in the best possible manner. Once a patron of Dr. Barnes' place means a steady customer.

The Plattsmouth Telephone Co. This company will begin early in the spring to rehabilitate its Plattsmouth exchange in a most thorough manner. In the first place cable will be installed all over the city. It will be made an all cable plant, the open wires to be taken down in every part of the town. It may easily be seen what an advantage this change will make.

There are now 600 telephones now in use in the Plattsmouth exchange and the company expects to early increase this number by at least 200.

The rates will be maintained at the present low rates; \$24.00 for a business telephone and \$12.00 for residences. The Plattsmouth Telephone Company covers this territory completely and has now in operation over 3,000 phones, 800 miles of first-class toll lines. Excellent long distance lines have been built in every direction, and you may get any service you wish, anywhere you wish over the Plattsmouth Telephone Company's lines. The system in all its branches is thoroughly modern, nothing being lacking in any department.

W. C. Irwin. This well known book store is making a specialty of fine stationery and school and office supplies of all kinds. Mr. Irwin takes great pains to keep his stock new and up-to-date. All the late novels in both cloth and paper bindings may be found here and all periodicals are kept to supply a constantly increasing demand.

During the month of February Mr. Irwin will mark down all goods in his crockery department, and those who wish to buy complete sets of dishes or odd pieces of high grade china will do well to look over this stock before buying as it is the most complete ever brought to Plattsmouth. Household goods of the best manufacturer are kept constantly in stock and may be purchased here at lower prices than in Omaha. A trial order at Irwin's will convince you of the truth of this statement.

John Waterman. The name of John Waterman stands for all that is good in lumber and building material, lime, cement, etc. In business for many years Mr. Waterman has always been known as an honorable dealer whose word is good for anything he declares.

All grades of pine and hard wood lumber are kept in stock and sold at the lowest prices consistent with good business principles. Hard and soft coal of standard kinds is sold at the lowest possible prices and customers always come back for the same grades they bought before. The yard facilities are ample and the lumber is kept under roof so that it is well seasoned and dry at all times.

Waterman's place is well and favorably known throughout Cass County and his trade grows steadily racy after year.

Ferry Changes Hands. The ferry has changed hands and it is now owned by Messrs. John Richardson and Jacks who have taken over the interests of Elijah O'Neill and Jas. Ault. The new proprietors are said to be two of the best rivermen in the vicinity and that they will make good is assured. Just what Messrs. O'Neill and Ault will do it not known.

Wiser Men Than Us Contend

that there's more winter just "around the bend."

This being the case you better not try to "freeze through" on scant supplies. You can buy a new overcoat, cap or underwear, or winter suit a whole lot cheaper now than the next time you'll want to buy them. Come and see.

"Where Quality Counts"

First National Bank.

This institution is the oldest financial concern in Plattsmouth and Cass County, and is also the most solid bank in this part of the state. With a capital sufficient to meet all demands made upon it, and a surplus fund of \$25,000, it is in a position to command patronage from all persons using funds for short periods.

The First National's record is one of sound banking throughout its long career. There has been no period of monetary stringency, when other banks have gone to the wall, that the First has not stood all tests and met every demand made upon it. Its gross deposits at the last quarterly statement were \$380,916.33, a very creditable sum for a town of Plattsmouth's size. The bank building is a model from an architectural standpoint and every convenience for clients and officers are found within its walls.

The Nebraska Lighting Co.

The Nebraska Lighting Co. is installing a new 125 horse power boiler and will in a few days be ready to furnish electric light for all who may want it. The boiler was made by the Atlas Engine Co. of Indianapolis the largest boiler makers in the United States. The lighting company will, when the present alterations and improvements are completed, be the best plant of the kind in Nebraska outside of Omaha and Lincoln. Another new boiler will shortly be added which will give power enough to guarantee light for a town twice the size of Plattsmouth. The work is being enod under the immediate supervision of Mr. A. Clabaugh, the manager, and nothing will be omitted that will add to the efficiency of the works. Whatever dissatisfaction that may have been felt in the past in regard to electric light in Plattsmouth will soon be entirely overcome.

The Plattsmouth Telephone Co.

This company will begin early in the spring to rehabilitate its Plattsmouth exchange in a most thorough manner. In the first place cable will be installed all over the city. It will be made an all cable plant, the open wires to be taken down in every part of the town. It may easily be seen what an advantage this change will make.
