Special Announcement to Plattsmouth People

The Giant Construction Company wishes to announce that owing to the large volume of business being done in Plattsmouth their exhibit car will remain in this city at the Burlington depot until Saturday, April 3rd. You are cordially invited to come in and join one of the clubs. Remember you are now offered an opportunity the equal of which has never before been presented to you—that of securing a tract of ten acres of land together with a town lot in "New Chicago" for \$120.00, payable if you wish at \$10.00 per month, only \$2.50 per week.

This opportunity you cannot afford to miss. The development of New Chicago will progress with rapidity and purchasers will multiply many times their original investment when the big opening takes place about June 1st.

Join one of the clubs that are now being formed by Plattsmouth people and get in on the ground floor. We want you with us.

The members of the club elect one of their number to go to New Chicago and investigate the proposition and if he reports favorably the club members purchase. If the member finds that the men in charge of the exhibit car have misrepresented the members of the club do not purchase.

On this representation you are invited to come in and join one of the clubs. Remember you take no chance, and the Giant Construction Company pays transportation both ways of the representative elected by the purchasers to investigate.

For further information call at the exhibit car now at the Burlington depot. Call or write. Act now.

Open evenings.

J. D. PHILLIPS,
Manager Exhibit Car.

J. NICHOLSON,

General Agent

Texas Looks Good to Plattsmouth People

Mr. J. D. Phillips, Manager Texas Exhibit Car, Plattsmouth, Neb., March 27, 1909.
Plattsmouth Exhibit Car,
Plattsmouth, Neb.

Dear Sir:

From personal investigation during a trip to the country, and from interviews with business men, bankers, planters, growers and professional men, Texas impresses us as a state where considerable money can be made with a small investment. The soil is fertile, the climate pleasant and the atmosphere healthy. Almost anything that can be grown in any other state can be grown in Texas, and Texas is becoming a great fruit country, and we believe in a few years it will be far ahead of California as a fruit belt. While we have not been in the vicinity of "New Chicago" where the Giant Construction Company are promoting their colonization plan, whatever benefits one part of the state benefits all the state, we are convinced they have a good proposition. We have visited their exhibit car now at the Burlington Depot and wish to say that it is a good representation of what can be accomplished in the fruit and truck growing industries in Texas.

While conditions are in embryo as yet, opportunities are not lacking, providing thrift, energy, industry and enterprise are shown.

We would advise any young man to go at once and locate in the state of Texas, where by little effort he can soon win himself a home and in a few years become independent. We do not believe anyone can make a mistake.

Signed
D. C. Morgan.
W. E. Rosencrans.
F. G. Egenberger.
Philip Thierolf.

Notice of Election.

Notice is hereby given that, as provided by law, the general city election of officers for the City of Plattsmouth, State of Nebraska, and for members of the School Board will be held in the several wards of said city on
