LINCOLN VOTES "DRY"

Proposition to Abolish Saloons Carries by Decisive Majority.
Lincoln, May 5.—A "dry" capital city for the next year was the verdict rendered in the municipal election. The proposition to abolish the saloons carried by a majority of 600 in a total vote of nearly 9,000. The vote is a marked reversal of that of a year ago, when license carried by a majority of about 300. After next Tuesday, when the municipal year expires, there will be no more saloons in Lincoln. The result is surprising only in the size of the majority piled up by the temperance forces. The outcome throughout has been regarded as doubtful, with the chances favoring the no-license side, but it was everywhere expected the result would be close. The prohibition forces have conducted an aggressive campaign, importing speakers from other states, while the liquor forces have been on the defensive.
The Republicans succeeded in securing control of the municipal government by electing Don L. Love, mayor, over Rust Malone (Dem.) by a majority of 300, and with the mayor most of the other city officers, aldermen and councilmen. For four years the city has had a Democratic mayor.

DAHLMAN IS AGAIN ELECTED

Omaha Chooses Cowboy Mayor as Executive for Another Term.

Omaha, May 5.—This city went Democratic in the municipal election by safe majorities for the leading candidates on the ticket, Mayor James C. Dahlman leading with not less than 4,000.
With this tremendous lead it is apparent that the entire Democratic ticket has been elected, with possibly one or two exceptions. The campaign has been a bitter one, during which Mayor Dahlman has been assailed by two of the leading daily papers. He has, however, accepted the criticisms with good grace and met the opposition with an invitation to search his record. He has made a personal liberty campaign throughout and it is apparent that his platform has increased his plurality over three years ago by 1,000.
The position of city engineer is in doubt, with the chances favoring Craig (Rep.).

In Police Court.

Judge Archer had an unusually busy morning, having two cases of drunks before him. One Wm. Lattimer was arraigned and given \$10 and costs worth of the Celebrated Archer Brand of justice, having been caught by the police with the goods on him. Albert Collins also accumulated too many loads of bug juice and fell into the hands of the authorities. As Albert has been before his honor previously, he drew \$25 and costs with a further proviso to work it out on the streets. Lattimer's fine was paid while Collins was returned to the "dunjon" keep and the public way to work it out.
The monthly report of Police Judge Archer for April was made out yesterday and it shows an unusually large number of arrests. There was a total of sixteen arrests for the month. Seven paid fines, one fine was suspended and eight were committed to jail. A total of \$33 was collected.

The general public is invited to attend and they are assured of a splendid time. Further notice of this event will be given in the Journal.

Impossible to be Well

It is impossible to be well, simply impossible, if the bowels are constipated. You must pay attention to the laws of nature, or suffer the consequences. Undigested material, waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. A sluggish liver is responsible for an immense amount of suffering and serious disease. Ask your doctor about Ayer's Pills. He knows why they act directly on the liver. Trust him. J.C.
