Mrs. Annie Burk was a passenger at noon for Lincoln where she goes to make a visit of several weeks with her daughter, living in that city.

Victor Anderson who has been looking after matters in connection with his South Dakota claim, returned home last evening. During his absence the rumor got abroad that he had committed matrimony of the most virulent form. This he denies and states the same is one of the most deliberate canards he ever had the misfortune to run up against. He has been pestered to death since his return with congratulations from his many friends when they were entirely unwarranted by the facts in the case. He challenges the whole wide, wide world to produce any record which will convict him on the charge. He says he has trouble enough with the farm let alone a wife—maybe so, yes.

Mrs. Frank Sivey and little daughter came over this noon from Tabor where they now reside to make a visit of a few days in this city with friends.

A. E. Gass auditor of the Plattsmouth Telephone Company, was a noon train passenger for Omaha where he has business matters to attend to.

F. C. Weber of the Plattsmouth Water Company, is in Omaha today on business and also to attend the meeting of the Nebraska Electrical Association. This association which comprises the leading electricians of the state will be in session for several days and will discuss matters of much importance to those in the business.

Mrs. Oswald Guthman who has been spending several weeks with her daughter Mrs. Gus Olson and other relatives, in this city, returned to her home at Rock Springs Wyo. Mrs. Guthman is greatly pleased with Wyoming and considers it about as fine a place to live as one could well find. She had a nice visit while here.

Lived 152 Years.

Wm. Parr, England's oldest man, married the third time at 120, worked in the fields until 132 and lived 29 years longer. People should be youthful at 80. James Wright of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney troubles made life a burden, but the first bottle of this wonderful medicine convinced me that I had found the greatest cure on earth." They're a God-send to weak, sickly, rundown old people. Try them. 50c at F. G. Fricke & Co.

Death of Mrs. Thompson.

The funeral of the late Mrs. Ellen Adelaide Thompson took place this morning from the Methodist church in this city in the presence of a large number of the beloved lady's friends. Owing to an unfortunate misunderstanding yesterday, announcement of the time and place of the services which was to have been made in this paper failed to reach it in time for publication, and a large number of sorrowing friends were disappointed in not being able to attend the services. The body of the deceased was brought to this city from her late home in Lincoln on the Schuyler train arriving here at ten o'clock. The remains were taken directly to the church where the services were had. The sermon was preached by Rev. A. A. Randall who delivered a fine discourse upon the life and works of the excellent woman who had preceded those left behind to the Better World.

Incident to the services there were several beautiful vocal numbers given by Mrs. E. H. Weacott and Mrs. C. S. Johnson, both of whom sang the sweet melodies which deceased had so loved to hear in her life time.

Interment was had at Oak Hill, a large number of sorrowing relatives and friends forming a long cortege to that beautiful place where repose those who pass to their reward. The Pall bearers were Dr. J. H. Hall, W. K. Fox, V. M. Mullis, Carl Kunsman, W. J. Streight, and George B. Mann.

Ellen Adelaide Buttery was born in Plattsmouth, Neb. on Nov. 18, 1864 and died May 10, 1909, being at the time of her death aged 44 years, 6 months and 22 days. Here she lived among the verdant glades during the days of her babyhood and maidenhood and where she joined the Methodist church in this city, remaining every since a faithful and devoted member to the time of her death, always living her life as the tenets of the church dictated—a true and conscientious Christian.

On July 30, 1885 she was united in marriage to Henry Thompson in this city. Of this marriage three children were the issue, two sons and a daughter surviving her. Of the sons one lives in Denver, Col. while the other is a resident of the far-off city of Boise, Id. Her daughter, Mrs. Raney is a resident of Sterling, Col. In addition deceased is survived by three brothers, M. E. and Frank Buttery of this city and John Buttery of Lincoln.

In her lifetime, deceased was a most lovable lady. Of sweet, gentle and homelike disposition, she was of the kind whose acquaintance alone was enough to mean the making of a true friend in every sense. To the sorrowing relatives and the friends who are left to mourn, the deep and sincere sympathy of all is extended.

A Momentous Occasion.

Col. Askwith, superintendent of the Masonic Home departed this morning for York where he attends the encampment of the G. A. R. and from which point he will go to Grand Island where he was formerly commandant of the Soldiers' Home and where he is a very popular man. Col. Askwith the other day was recalling the near approach of the fortieth anniversary of the driving of the golden spike on the Union Pacific railroad at Ogden, Utah. He was in the employ of the company at the time and was present when the spike was driven. This was on May 19, 1869. By a curious coincidence, his daughter is now in the employ of that company and is located in Ogden at the place where her father saw the golden spike driven. As the occasion is to be celebrated by the citizens of Ogden on the anniversary, it is possible Col. Askwith may take advantage of the occasion and see both the celebration and his daughter, and may make the trip to the Utah city.

We'd Like Many More.

L. F. Kohrell and J. T. Reynolds, two of the Journal's staunch friends from near Union, were in the city last Friday evening, and of course paid this office a brief call. Mr. Kohrell now lives on the Mrs. Reynolds farm, adjoining J. T., which is owned by his mother, and are closest neighbors. Louie has a good farm on a long lease, and is well pleased with the new home.

Card of Thanks.

SCOTTS BLUFF IRRIGATED LAND

IS SELLING ON SIGHT.

A SUCCESSFUL SALE.

WHAT THE FIRST BUYER SAYS.
"I think it is the very best proposition I have seen anywhere in the West, and I have been all over the Ft. Collins and Greeley district."

WHAT ANOTHER BUYER SAYS.
"There is no question but that there is a great future for the Scotts Bluff country. I wouldn't have bought if I hadn't thought it was all right."

The first excursion to the famous Scotts Bluff irrigated lands has returned. Every member of the party is enthusiastic concerning the country, only four returning without buying, and these may buy later.

The following statement of sales speaks for itself. 1840 acres were sold in the two days the party was there, for a total consideration of \$158,200.00. No one bought over 160 acres. Most of the sales were 80 acres, with one or two of 40 acres.

The men who bought this land are not speculators but farmers, every one of them. They are from Eastern Nebraska and Western Iowa and few of them had seen irrigated land before. But they know good land when they see it and they realize that here is a great opportunity to secure splendid land at a low price.

These satisfied buyers are proof positive that the Scotts Bluff country is the coming farming district of Nebraska.

You can't afford to miss this great opportunity to buy a farm while land is still cheap. Why pay rent when the amount you pay your landlord yearly will pay for a farm that will make you rich in a few years?

Don't delay; late comers get poorest pickings. We

can take only a limited number on each trip, so if you want to join us on our next excursion, let us know at once so reservation can be made.

Speculators not wanted. This land is for farmers. We want men who are looking for homes; men who will improve the land and either live on it or rent it.

We are offering the best irrigated land in Nebraska. Men who know say it equals and surpasses the land in the famous Greeley and Ft. Collins districts in Colorado, and the price is only a third to a half.

NEXT EXCURSION TUESDAY, MAY 18, '09

It is under one of the best, largest and most substantial irrigation ditches in the United States. Experts declare there is absolutely no danger of there ever being a shortage of water in the Scotts Bluff country.

At the price we are offering this land and the exceptionally easy terms (only a fifth cash, balance one to ten years), it's the chance of a lifetime.

A regular excursion will be run every two weeks. It's to your advantage to go early.

WHAT AN EXPERIENCED LAND MAN SAYS.
"The best proposition I ever saw."

WHAT THEY ALL SAY.
"I think it's all it is represented to be and more."
