RUN FAST TRAINS

Rock Island to Meet Burlington in Service From Chicago to Denver

"Thirteen years ago," said a Burlington trainman yesterday. "The Burlington had one through train each way between Lincoln and Denver. Now the company runs three through trains each way and the local service is taken up by other trains as far west as Wray, Colo. The service on other through lines has been improved and extended correspondingly, and the tariff secured seems to warrant the trains put on."

"Greater even than the improvement made by giving more frequent service is that made in equipment and capacity of trains. The roads are now running chair cars that carry almost as many people as some of the old trains would carry. All through trains are equipped with the best cars that can be furnished by the builders, and there is real competition in equipment and service, even if the day of rate cutting has ceased."

Among the railroad men the action of the Rock Island in putting on trains to duplicate Burlington trains Nos. 1 and 6 has aroused much interest. Soon after the Burlington announced that new Denver trains, to be known as Nos. 9 and 10, would be put on, the Rock Island announced that new Denver trains to be known as Nos. 25 and 26 would be put on. The new trains on the Burlington duplicate Rock Island trains Nos. 7 and 8 between Chicago and Denver. The retaliatory act of the Rock Island was to announce Denver trains running on practically the same time, as that of Burlington Nos. 1 and 6, with equipment of the same pattern. Further, the Rock Island will enter into competition with the Burlington on Lincoln-Chicago business by putting on again Nos. 13 and 14 leaving Lincoln fifteen minutes earlier than that train. Further the Rock Island is to have the fastest time that has ever been made by that road between Lincoln and Omaha, one hour and forty minutes east bound. The Rock Island is three miles longer between Lincoln and Omaha than the Burlington, and is further handicapped by being compelled to run over Union Pacific rails from Albright to the Union Station in Omaha, while the Burlington enters over its own rails and keeps everything out of the way of its passenger trains.

During the Bryan campaign last year the Rock Island ran these two trains between Lincoln and Chicago and then pulled them off just about the time people began to get acquainted with their time. It was said that after they were pulled off patrons of the road went to the depot to use the afternoon train from Lincoln, only to learn that it had been pulled off.

The Burlington change sets No. 1, the westward bound limited, back to very nearly its old time. It will hereafter leave Lincoln for the west at 7:30 a. m. It will continue to make the run without touching Omaha. The midnight passenger, No. 9, to the west, will pass through Omaha, while No. 10, east bound, will go over the main line east avoiding Omaha.

Burlington No. 4, leaving Lincoln at 7:20 a. m. for Omaha and the east, will not run between Lincoln and Omaha on Sundays.—State Journal.

On Trial.

Kansas City, Mo., May 26.—Jas. Sharp, known as "Adam God," on trial for murder for his part in the fatal religious riots here last winter furnished a sensation in the criminal court today when he arose in his place at the prisoner's bench and accused a minister of having entered his cell and of abusing him.

"Your honor," declared Sharp, addressing Judge Latshaw, "I want to have a man arrested for coming into my cell and abusing me." The judge gave respectful hearing to the prisoner, although he had become accustomed to Sharp's outbreaks, and the latter continued:

"This minister called me a liar and a hypocrite and abused me, although I was not talking to him."

"Who was he?" the Judge asked. "There he sits," declared Sharp, dramatically, pointing to Rev. Job Lyon, an evangelist who frequently preaches to the prisoners, and who happens to be a witness for the state in the present case.

A consultation between Judge, attorneys and the prisoner ensued. It showed that there was little basis for Sharp's charges, and Judge Latshaw finally said:

"You will be given every protection of the law, Mr. Sharp. You are entitled to a fair trial, a fair chance, and I will see that you get it."

A "Griggs" Farewell.

The pleasant home of Mr. and Mrs. John Hatt, Jr. was the scene of much frolic last evening when the "Griggs" were entertained by Miss Ina Hatt. The occasion was in honor and in the nature of a farewell for Miss Bertha Jackson, a member of the club, who expects to leave for Grand Island, Monday, where she will attend a business college.

The numerous puns and pranks and guessing games planned for the occasion were entered into with much interest and enthusiasm and laughter and good cheer prevailed throughout the amusing tricks and tests indulged in by all present.

The pleasures of the evening were further augmented when an excellent two course luncheon was served and to which all the "Griggs" did ample justice.

It was a late hour when the "Griggs" dispersed, indebted to the hostesses for the delightful time they had had, and regretting at having to lose one of their members.

The members of the club present were: Mattie Larson, Cecil Hawkensberry, Lillian Thompson, Elizabeth Kerr, Hazel Tney, Jennie Batten.

C. W. Clark from Union is attending to business in district court today, coming up this morning.

Mrs. Cora Raker of Gretna, Neb., who has been visiting with her sister Mrs. W. E. Rosencrans, departed this morning for her home, Mrs. Rosencrans accompanied her as far as Omaha where she will spend the day.

Miss Ruth Johnson is spending the day in Omaha going to that city this morning on the early train.

Think They are on Track.

"We think we are on the right track now and expect to arrest all four of the train robbers sooner or latter" said Chief of Police Donahue Wednesday morning. "The robbers are probably not in Omaha now."

The police are working in close conjunction with the railway post-office and Pinkerton detectives and the four corps of sleuths are sharing their ideas and clues with each other. The police believe that the line of work they are now following is nearer the right track than the others.

Fine Musical Treat.

The Bohemian boys last night gave the people a sample of the melodies which they can play and they did wonderfully well. Considering the time they have been practicing their work was a model for many older bands. They played several airs upon the street and received much applause. Later they played at the Woodman meeting the boys all being members of that order and they added much to the pleasures of the occasion. They surely have developed into fine musicians and it is pleasant to say that they now play as well as any band in this section of the state. It is hoped a series of concerts can be arranged for the future and we may hear them often.

Plattsmouth Has to Bow to the Inevitable—Scores of Citizens Prove in.

After reading the public statement of this representative citizen of Plattsmouth given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

J. W. Hickman, Oak street, Plattsmouth, Neb., says: "I will never cease to praise Doan's Kidney Pills, as they were of such great benefit to me several years ago. My kidneys and back were a source of constant suffering and I was subject to attacks of lumbago that came on without the least warning. The simplest movement was painful and I was annoyed more or less by the irregular passages of the kidney secretions. I read so much about Doan's Kidney Pills, that I finally procured a box from Gering & Co.'s drug store. I was so gratified with the results of their use that I publicly endorsed them in 1906 and at this time, I heartily renew that statement. I hope that other kidney sufferers will profit by my experience."
