J. W. Peters from near Cedar Creek, was a Plattsmouth visitor today and found time to pay the Journal office a brief call, and while here renewed for his paper.

Wm. Gilmour, the well known farmer and stock raiser of Rock Bluffs precinct, was in the city yesterday afternoon attending to business matters. Mr. Gilmour is the owner of a colt which he claims will take first prize as the smallest in this section. It is a Shetland and according to his story it is so small that it is no larger than a lamb. He is very proud of it.

L. B. Brown, mayor of Kenosha, came in yesterday for a business visit in the city and while here took occasion to call and have the Journal sent to Mrs. Kittle Tucker at Merino, Col. Mr. Brown also added his name to the list of daily subscribers for a trial subscription. Lig is one of the best citizens of eastern Cass county and one with a host of friends in this city and vicinity. The Journal always appreciates his visits and hopes they will be many and often.

Miss Cleo Applegate of Union, who has been chosen as a teacher in the public schools of this city for the coming year, is in the city today visiting the public schools. Miss Applegate is one of the best possible selections to have been made by the board and comes to the schools with a reputation as an educator already established, she having several years experience in teaching. Miss Applegate is the handsome and accomplished daughter of Mr. and Mrs. Lee Applegate, the prominent people of the vicinity of Union.

A. J. McNatt, one of the best citizens of Kenosha and chief of police of that city under Mayor Brown, was also a caller at the Journal office and added his name to the daily list yesterday. Mr. McNatt is a friend of the Journal who is always welcome and he seldom fails to visit the city but what he finds time to drop in and see the publisher of this great paper. His visits are always welcome, too. Mr. McNatt is the owner of a fine colt which he believes will take first place for weight and development. It is but a month old and weighs 300 pounds which is some weight for a colt of that age.

The best is the cheapest, "Acorns" are the best.

### THEY GO TO LOOK THEY STAY TO BUY

Out of the large number of men who have gone with us on our first two excursions to look at

### SCOTTS BLUFF IRRIGATED LAND

Only FIVE have not bought. Our total sales for the two trips are 3000 acres, for a total consideration of \$228,000. That's the "proof of the pudding."

### Good Irrigated Land Cannot be Bought For Less

This is the best irrigated land in the West. It is under one of the largest and most complete irrigation systems in the United States. None better. The water supply is simply inexhaustible. The price is no higher than your Eastern Nebraska or Iowa farm, and irrigated land will bring you three times as much per acre. Our terms are easy—only one-fifth cash, balance one to ten years.
