Purchase Fine Team.

McMaken & Son Saturday morning concluded the purchase of a fine team of four year olds for their draying business. The animals are magnificent ones and presented a handsome appearance as they were driven down the street. They weight 3350 pounds, some weight for four year olds, and are of Shire and Percheron breed, one being a dapple iron gray while the other is a coal black. The animals were raised by Alf Nickles and are a credit to him. He has given them the utmost care and the result is shown in the superior appearance and splendid shape of the animals. Mr. Nickles disposed of them Saturday morning at the price he had been asking for them and Messrs McMaken are confident they got a bargain in the team. The team is the finest in the city especially for the purpose for which they are purchased.

Secretary Banking Board.

In speaking of the appointment of Secretary of the Banking Board, the Lincoln Journal says: "Governor Shallenberger is said to have made up his mind to appoint a democrat to the position of secretary of the state banking board and the democrat who is said to be his choice and who will get the appointment if not the office and salary is Sam Patterson of Arapahoe. Mr. Patterson was formerly of Plattsmouth. While living there he accepted the appointment of deputy state treasurer under treasurer J. B. Meserve. Mr. Patterson made a good deputy treasurer and was in no way responsible for any little trouble that Mr. Meserve got into and got out of because he retained interest on certain state funds. For several years Mr. Patterson has been in the banking business at Arapahoe. He has for years advocated a guaranty deposit law and if allowed to get hold of the reins will heartily enforce the new law that goes into effect July 2."

No Celebration.

The committee on last year's Fourth of July celebration desires to announce to the people of Cass county that there will be no celebration held in this city this year. This course is taken on account of the fact that Louisville, Murray, Weeping Water and other towns of the county are making arrangements to celebrate and the local committee does not care to enter into competition with them and draw away from their crowds. As they helped out Plattsmouth last year, Plattsmouth will help them this year and will distribute its patronage among them. It is probable there will be a monster celebration here next year and the local committee feels that it is no more than fair that the other towns be given a good show this year.

Over in Iowa on Business.

Judge Ramsey returned from Sidney, Iowa, Friday evening where he had gone on Thursday to represent Mrs. C. M. Swearingen in the district court at that place, in which she is charged with shooting at a man named Williams with intent to do great bodily injury.

Judge Ramsey and son W. C. Ramsey have been retained to defend this lady.

Mrs. Swearingen is seventy years old and for more than fifty years, a resident of Fremont county, Iowa. She is the widow of Col. Garret Van Swearingen and with her husband, have been among the most prominent and leading citizens of Sidney and of Fremont county. For twelve years Col. Swearingen was postmaster at Sidney and also quite prominent in politics as was also Mrs. Swearingen who was, for a number of years, associated with her husband in the publication of the Union Times at Sidney. Since the death of Col. Swearingen, ten years ago, Mrs. Swearingen continued to reside at Sidney managing her estate and still taking an active interest in matters pertaining to the public good.

At the last election for county officers of Fremont county, Mrs. Swearingen, although sixty-nine years old, took an active interest on behalf of the democratic candidates, and it is said that largely through her influence, the democrats elected a large portion of their ticket, including county attorney, sheriff and comptroller.

This active interest seems to have aroused a feeling on the part of certain persons and a business transaction with the man Williams, whom she is charged with attempting to shoot, culminated in Mrs. Swearingen receiving through the mail pictures of skull and crossbones and the word "beware," written thereon. This so alarmed Mrs. Swearingen that she loaded up an old, unused revolver that had been in the house for many years and when she went out alone, carried it in her hand satchel. On April 12, while walking on the streets near the court house, she claims to have met Williams who pointed a revolver at her and she immediately pulled and fired the one she was carrying, but missed Williams and hit the clothing of another man.

Her trial was continued until the next September, bail being fixed in the sum of only \$1000.

Judges Decorate.

The observation of decoration day by the united lodges of the A. O. U. W., M. W. A. and W. O. W. yesterday was an imposing and sacred affair. The several lodges gathered at the halls at nine o'clock a. m. and headed by the Woodmen band proceeded to the beautiful cemetery at Oak Hill where appropriate exercises were indulged in and where the graves of the departed brethren were decorated with memorials from their comrades left behind. In addition to the men who made the long journey on foot, the Degree of Honor and the Royal Neighbors also participated in the parade being taken to the cemetery in carriages and carryalls. The ceremonies at the graves were very impressive, each of the several societies carrying out their own special form for such occasions. The services over the several bodies returned to the city, the Woodman band heading that body into their hall where they remained to give a brief concert which was much appreciated by the members. Owing to the heat many could not make the long journey.

Missouri River Rising.

The annual rise of the Missouri River is now on, the river having been steadily climbing on the gauge for several days past and now beginning to loom up as a real river. There is some drift coming down and a further rise will doubtless start a large quantity of it. It is not believed that the rise this year will be very great as the weather bureau reports that the greater part of the snowfall in the mountains is on the far side of the divide and will melt into the streams flowing west and south. The Platte river was reported as having been rising for several days but is now on the decline again, this doubtless is due to the excessive rains of some days ago in the western part of the state and in Colorado. River men do not look for a very high stage of the river this year. The rise is not as early this year as usual owing to the backwardness of the spring.

Box Social.

The Ladies Aid society of Eight Mile Grove will give a box and ice cream social at Watson Long's on Friday evening, June 11. All are invited.

Mr. and Mrs. M. H. Pollard informed us that they had received an invitation to attend the marriage of Miss Aris Baldwin to Mr. John Edgar Willson, which takes place at the bride's home at Gresham, Okla., June 20, at high noon. Miss Baldwin is the daughter of Mr. and Mrs. Ed Baldwin who formerly lived here.

Charles Brandt will probably leave for his home in Custer county today, having had a delightful visit with the old home folks. It will be remembered that he took a Jack a along with him that he purchased from Robert Kendall, and since he went out there he disposed of him for \$1,000. This is the highest price we ever knew an animal of this kind to sell for.

Dr. A. E. Walker was called to Weeping Water on Tuesday where he operated on Miss Bertha Jameson for appendicitis. The patient has been suffering for some months from this cause but was able to finish school and graduate by dint of pure pluck, and this made the operation rather complicated. She stood the operation well, and with the lapse of the usual time will be as well as ever. The operation was performed at the home of her father, Frank Jameson.
