

WEDDED IN THE GOLDEN STATE

Earl C. Wescott and Miss Clara Brown Married at Los Angeles

The Journal today received information from Miss Edith Buzzell of this city that Earl Wescott and Miss Clara Brown, formerly of this city, were united in marriage last Sunday, June 26, at Los Angeles, Cal. According to our informant Miss Brown, who lived in San Bernardino, Cal., left her home with the announced intention of going to Sunhay school. Instead of doing so she took the train to Los Angeles where she met Mr. Wescott and where they were married. She telephoned the news at once to her parents at San Bernardino.

This news is not entirely unexpected to the friends of the city as the wedding had been anticipated by Mr. Wescott's parents, Mr. and Mrs. C. E. Wescott. It had been the general understanding of the friends of the contracting parties that the ceremony was to take place soon following their departure from this city several months ago. They had been quite devoted to each other for a number of years, having been virtually raised together in this city.

The bride is the handsome and accomplished daughter of Mr. and Mrs. F. P. Brown, formerly of this city, but for six or eight years past residents of California. Mrs. Wescott grew to womanhood in this city, having received an education in the Plattsmouth schools, and later taking a course in bookkeeping and

stenography. This completed she entered the employ of the Bank of Cass County of this city as a stenographer and bookkeeper, remaining there for several years, and resigning only a few months ago to join her parents in California. She is a remarkably pretty young woman, and one with scores of friends in this city having a personality which readily made friends of all whom she met. Without exception they unite in wishing her married life to be one of joy and happiness.

The groom, Earl C. Wescott, is a son of Mr. and Mrs. C. E. Wescott of this city, and like his bride, he is a product of Plattsmouth and Cass county. He is a bright and able young man, thoroughly business and one who makes a great many friends wherever he may go. He is an electrician by profession, having been engaged in that business for many years and making himself a reputation as one who understands the business. He at one time was connected with the Nebraska Lighting Company, and later embarking in business here for himself. He left the city several months ago for the Pacific coast. His many friends in common with those of the bride, wish him a long and prosperous wedded life. It is presumed the happy couple will continue to make their residence on the Pacific coast, likely at Los Angeles.

Look for Big Crowd.

Louisville is figuring on a fine crowd from this city next Saturday for their 4th of July celebration on Saturday, July 3. They have arranged a splendid program including a baseball game between the Louisville team and the Plattsmouth boys and this is calculated to bring a large crowd together. The last game played in this city was an exciting one which those who saw it appreciated. The final score was four to three in favor of Louisville, which is as good as any game played by professionals. Saturday's game will undoubtedly be as exciting and all who can should attend it. For the convenience of passengers from this city the Burlington will run their local freight train No. 29 out of this city at 7:10 a. m. and returning the local freight train No. 30 will be held at Louisville until 6 p. m. or as much later as the crowd desires providing travel enough is assured to warrant it. At any event the train coming to this city will not leave

Louisville before 6 o'clock at night. For a good time and a fine ball game Louisville is the place to go.

Tortured on a Horse.

"For ten cars I couldn't ride a horse without being in torture from piles," writes W. S. Napier, of Ruggles, Ky., "when all doctors and other remedies failed. Bucklin's arnica salve cured me." Infallible for piles, burns, scalds, cuts, boils, fever sores, eczema, salt rheum, corns. 25c. Guaranteed by F. G. Fricke & Co.

For the celebration of July 3 the Burlington announces that train No. 30 returning to this city will leave Louisville not earlier than 6 p. m. for this city. The train going to Louisville will be the regular No. 29 due out of here at 7:10 a. m. The ball team plays there that day and doubtless a number of loyal fans will accompany them. Further announcement will be made tomorrow.

In the Supreme Court.

McElroy vs. Metropolitan Life Ins. Co. Appeal. Cass. Affirmed. Callins, C. Commissioner's department.

1. Where the parties to an insurance contract be in different jurisdictions, the place where the last act is done which is necessary to the validity of the contract is the place where the contract is entered into.

2. Insurance business transacted in this state by New York Insurance companies without any provision of the New York laws shall govern, is not subject to the provisions of the New York statute requiring a notice to be mailed to the policy holder in that state as a condition of forfeiture for nonpayment of premiums.

3. The agent of an insurance company cannot by oral contract with the assured, waive the express terms of the policy and extend the time for the premium when a policy provides that none of its terms can be varied nor modified nor any forfeitures waived nor premiums in arrears received, except by agreement in writing signed by the president, vice president, secretary or assistant secretary.

Will Play Two Games.

The fans will all be pleased to learn that there will be two rattling good games here on July 5th. The crack Thurston Rifles team is billed to cross bats with Manager Warren's men both morning and afternoon, the morning game being called at 10 a. m. and the afternoon game at 3 p. m. This means two good games and big crowds ought to witness them. The locals are in fine form and promise the rash Rifles a thorough drubbing. As the boys have been trouncing the leather hard lately and have landed upon the beak of the sphere with something like a cyclone force, they will doubtless make good. The pitchers of the locals are also rounding out and are in fine form and all will be able to see both games and be sure to take along plenty of rooting dope. The admission is fixed at the princely sum of 25 cents, easily in reach of all. Be a live one and see it all.

Returns Home.

Former Congressman E. M. Pollard who has been in the city the past week in the interest of his paper, returned to his home in Newark today, being driven down in a fine new Overland auto by Mr. Barker of the firm of Barker & Parmele. Mr. Pollard states that he has no lecture engagements in the near future as he finds he has plenty of work on his magnificent farm to keep him busy. He states that the outlook for fruit this year is better than for years past and he will have a great crop of all kinds of fruit. Mr. Pollard is the fortunate owner of one of the finest farms and orchards the great county of Cass possesses and he is one of the kind of farmers and fruit growers who knows how to look after it. Mr. Pollard had nothing to say on politics or the future of his paper.

Keeping Them Busy.

Messrs. Briggs, Sharpe, Forbes and Leland who have been out in the country for some time past engaged on various jobs of painting, have returned to the city. Among the many jobs which the men have completed is a large barn of C. M. Walker on the Walker section. Several other large barns from neighboring farms have also been painted by them and there is every indication they will be kept busy for a long time as jobs continue to pour in on them. They are all first class workmen and deserve to be remembered with orders.

BANK GUARANTY LAW ENJOINED

Statute Will Not Be Enforced Pending Final Decision.

OPINIONS TO BE FILED LATER.

Judges Vandeventer and Munger Grant

Injunction to Restrain New Banking Board From Putting Act into Effect Until Constitutionality of Statute Passed by Last Session of Legislature Is Decided.

Lincoln, July 1.—In the federal court Judges Vandeventer and Munger granted an injunction to restrain the new state banking board from putting the guaranty act into effect. The constitutionality of the statute will be discussed in opinions to be filed later.

The bank deposit guaranty act was passed by the last session of the legislature. It was to become effective July 2. Governor Shallenberger named Sam Patterson secretary of the banking board and preparations were made for carrying out the provisions of the law.

Fifty state and two private banks appealed to the federal court alleging that the act confiscated property without due process of law. Attorneys argued the case this week.

The effect of the order will be to suspend the operation of the law until the case can finally be disposed of. When the decision is finally rendered, the losing side, it is understood, will carry the case to the supreme court of the United States, where an effort may be made to have it combined with the suit testing the validity of the Oklahoma guaranty law.

The state filed a demurrer to the petition of the plaintiffs asking for the injunction. This was done at the request of the court, when all the lawyers had agreed upon the statement of facts in the case. The decision was on the demurrer.

HOLD CHURCH IN BALL PARK

Central City Pastors Hit on Novel Plan to Get Men Out to Services.

Central City, Neb., July 1.—A plan favorably received has been arranged by the pastors of five Central City churches for keeping up church attendance during the hot summer months. Accordingly union evening services will be held in the baseball park every Sunday throughout the months of July and August under the auspices of the Methodist, Baptist, Christian, Friends and Presbyterian churches and the Young Men's Christian association, replacing the separate services held in these churches and the afternoon meetings at the Young Men's Christian association. The meetings begin at 8 o'clock p. m., so that all attending will enjoy the advantages of the cool evening breeze.

At this time there are no applications on file with the bureau for work.
