July, August—Only two months to arrange the Merchants' Carnival. Would it not be in order for the Commercial Club to begin preparations in earnest for this event. Two months is a very short time to arrange for a successful carnival, and we all want to make it a howling success. At its next meeting the Commercial Club should arrange its committees.

A number of people are beginning to ask what Taft called congress together in special session for. Did he fondly imagine that all he had to do was to get them together and have that revision he so confidently promised the people last fall? It looks as if he would have a veto on his hands if he wants to "save his face" with the American people.

It will be almost two years before we elect a United States Senator for Nebraska. The people virtually decide the election of a successor to Burkett. Wonder if this isn't the reason. Burkett is trying to carry water on both shoulders? promised Burkett they are first with the tariff revisionists and then over on Aldrich's side of the question. Maybe the Rhode Island boss has promised Burkett they would help him out in his contest for re-election—or, rather the trusts he represents has. The people of Nebraska are getting a little suspicious of Elmer's actions.

## SLAYING THE INCOME TAX.

Loyal democrats who have been chastened and humiliated by the action of a number of democratic senators in lining up, on several roll calls, with Aldrich on important votes, will find consolation in the fact that without an exception every democratic senator stood squarely for the income tax.

The income tax law was stabbed to death in the senate Friday, but it was by republican hands. Not a single democrat but voted for it.

The motion to substitute the Taft-Aldrich corporation tax for the Bailey-Cummins income tax prevailed by a vote of 45 ayes to 31 nays. Every one of the affirmative votes was cast by a republican. AA but seven of the negative votes were cast by democrats. The seven republicans who voted with the democrats to save the income tax law was Cummins and Dolliver of Iowa, LaFlotte of Wisconsin, Bristow of Kansas, Borah of Idaho, Clapp of Minnesota and Bulkeley of Connecticut.

Once this vote was taken the income tax lay was dead and buried. The question then recurred on the corporation tax, not as a substitute but standing by itself. It was either the corporations law or nothing. On this final vote, therefore, all of the democrats but three voted for the corporation tax, presumably on the theory that, bad as it is, it is better than a tariff on consumption.

Nebraska people should note that both their "progressive" senators, Burkett and Brown, joined forces with Aldrich and voted to substitute the corporation tax for the income tax. In spite of the fact that at least 90 per cent of the people of this state favor the income tax, and that the Nebraska delegation voted for it in the republican convention at Chicago a year ago.

In this vote Burkett and Brown misrepresented and betrayed Nebraska. They chose rather to serve Taft and Aldrich than their own constituents. Aldrich and Taft may not forget, perhaps, the favor rendered them by Nebraska's senators. But neither, we believe, will the people of Nebraska forget how they have been betrayed.—World-Herald.

## THE GUARANTY LAW.

The action of the federal judge in deciding certain sections of the Nebraska guaranty law unconstitutional, is just what those bankers wanted. They were lobbying viciously against the law all last winter, and after the law was passed they immediately began a program of attack to keep the law from being enforced, and they succeeded, not through the state courts, but through the decision of a federal judge. In speaking of this attack upon the rights of the people of Nebraska, the Center Signal, whose editor is Chris Grsenther, Secretary of State Democratic Committee reflects our sentiments upon this action exactly:

It seems to us that these banks are playing an unfair and exceedingly dangerous game. During the panic two years ago the banks of the state pleaded with the depositors to exercise patience and not withdraw their deposits from the banks. The public was implored through the press and public utterances to stand by the banks in their hour of grief and not withdraw any more cash from the bank vaults than was absolutely necessary for urgent business needs. The public heeded these appeals and was exceedingly patient and considerate with the banks. They took clearing house certificates and other skin plasters in lieu of the cash to which they were entitled. The depositor in many cases suffered losses because he was obliged to curtail his transactions for the reason that his funds were tied up in the banks, the people were implored not to hoard their money, but to leave it in the banks. The people did this, although when the first statement was issued after the panic it showed that 46 per cent of all the deposits in the Omaha banks was in cash. Thus it became known that the banks themselves and not the public were guilty of hoarding the people's money and keeping it out of circulation in times of dire distress.

These same Omaha banks are now using the fifty-one state banks as catspaws to nullify the guaranty law, a law which is admittedly just. A law which would prevent panics, because no man would honor his money if payment were guaranteed by law. . . . We don't know what the federal courts will do with the law, but one thing is certain, that IF THE LAW IS NULLIFIED THE BANKS IN THE END WILL BE THE PRINCIPAL SUFFERERS. THERE WILL BE OTHER TIMES OF FINANCIAL STRINGENCY AND PANIC AND WHEN THESE EMERGENCIES ARISE THE PEOPLE WILL BE LESS PRONE TO EXERCISE PATIENCE, AND WHEN THE PEOPLE BECOME IMPATIENT AND DEMAND THEIR MONEY IN CASH SOMETHING IS LIABLE TO HAPPEN.

These are plain words. But are they not worth thinking about, Mr. Nebraska Banker?

A falling tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all Dealers.

**Huetto Held For Trial.**  
In district court at Lincoln before Judge Cornish, H. H. Huetto, the man arrested for bootlegging has been arraigned and declined to enter a plea. The court entered a plea of not guilty against him and fixed his bond at \$300 to appear at the next term of court which he promptly furnished James Fullerton qualifying as surety.

## THE SLEEPING SICKNESS WHICH MEANS DEATH

How many readers have heard of this terrible disease? It prevails in that far-away country—Africa—especially the Congo district. It is caused by the bite of the tsetse fly. When it bites a person, the sleeping symptoms begin and finally the sufferer sleeps until death occurs.

Contrast this with the peaceful, balmy sleep of health. Is there anything more wearing than to lie awake at night, tossing about, nervous, with cold feet, hot head and mercy knows what else? Short of letting the tsetse fly bite us we would do almost anything for relief. How can we prevent it? Mr. George Hayes, of Union City, Pa., writes: "I had lost my appetite, was all run-down, could not sleep nights. I had tried everything without relief. Vinol was recommended, and to my surprise, it helped me at once; gave me a splendid appetite, and now I sleep soundly."

What Vinol did for Mr. Hayes, it will do for every run-down, nervous and overworked person who cannot sleep.

## KILLED BY TRAIN; MAY BE FOUL PLAY

Man Lying on Track Near Dorchester Is Run Over.

## BODY IS BADLY MANGLED.

Coroner at Swanton Takes Charge of the Remains and Two Tramps Are Being Held for Further Examination. Engineer Thinks Victim Is Pile of Dirt Until Too Close to Bring Train to a Stop.

Dorchester, Neb., July 7.—The body of an unidentified man was run over by Burlington train No. 3 near this station. The body was warm when picked up by the train crew and indications show that he was alive when struck by this train.

There is some suspicion of foul play and two tramps are being held at Dorchester for further examination. The man was lying on the track and the engineer took the body to be a pile of dirt until he was too close to bring his train to a stop. The body was mangled beyond recognition, with the face torn away and both arms and both legs severed from the body. The coroner at Swanton, Neb., has taken charge of the body.

Lincoln Club to Change Hands.  
Lincoln, July 7.—A change in the ownership of the Lincoln baseball franchise of the Western league is expected to take place the present week. Guy W. Green, the owner of the team, gave an option to Don J. Despain, former assistant state labor commissioner, and L. B. Stoner, both Lincoln men. The price, which was not made public, has been agreed upon and the transfer only awaits arranging of a few details.

Primary Election for Judges.  
Lincoln, July 7.—County clerks have been instructed by Secretary of State Junkin to include state officers in getting out their election notices. This means that unless the supreme court overrules the decision of the Lancaster district court in declaring unconstitutional the nonpartisan judiciary act, candidates for supreme judge and regents of the state university will be nominated at primary elections.

## SUFFRAGISTS END MEETING

President Anna H. Shaw Sees Magnificent Outlook for Cause.

Seattle, Wash., July 7.—The convention of the American suffrage conference closed in a meeting which National President Anna H. Shaw, reviewing the suffrage situation, said: "There never was such a magnificent outlook for the cause. New people are coming in and money is being provided. The opportunities increase beyond our ability to furnish workers. Our new headquarters in New York will put us in touch with the great newspapers and with the freshly aroused suffrage sentiment of the great city, which influences the thought of the whole country."

The most important event of the convention, in the opinion of the delegates, took place when Professor Frances Squire Potter of the University of Minnesota, the author and lecturer, accepted the position of corresponding secretary, succeeding Miss Kate M. Gordon of New Orleans. She will have charge of the New York headquarters.

Resolutions adopted reviewed the progress of equal suffrage throughout the world, congratulated the women of Great Britain on "their gallant fight for the parliamentary franchise," urging enactment of the initiative and referendum, and condemn war.
