The time was spent in fishing and different games, and made a genuine outing.

Elias Kildow returned Sunday night from Council Bluffs, Ia., where he spent several days last week. He states that there was no doubt of a great flood in that city, as Broadway still was a sea of mud. Indian creek had overwhelmed the town and many houses were surrounded by water and mud, even when he was there. Articles of household use could be seen buried in the mud, such as stoves and the like, and demoralization was general everywhere.

Mr. Pastor is our new linotype operator-machinist.

A Happy Gathering.

Sunday afternoon the sons and daughters of Grandma Adams and their children gathered at her home to have a reunion and a good time together one more. Grandma is getting along in years and doesn't care to go about much; in fact, is not able to if she did, so the children come to her. They spent the afternoon in visiting and having a general good time out on the lawn, and Grandma was the center of attraction. They had their pictures taken, so all would have something to remember the day by. Those from out of town were: Alphas Adams and family of Lincoln, Mrs. Dovey and daughters of Plattsmouth, Mrs. Bennett of Missouri, and Miss Edna Adams of Cleveland, O. All the children but one daughter were present.—Eagle Beacon.

Family Reception.

The home of Mr. and Mrs. Asher Cooley, 2252 Sheldon street, was the scene of a jolly merry-making on Tuesday evening. The occasion was a family reception to Mr. and Mrs. Harland Cooley, who were married in Chicago on June 30. The groom is a nephew of Mr. and Mrs. Asher Cooley and was for some time a resident of this city. The bride was formerly Miss Edith West of Chicago. Only four weeks until the old settlers' re-union here, and there is much work to be done in order to have everything in readiness. Not much time to spare, and some of the committee work ought to have immediate attention.

L. R. Upton informs us that the work of excavating on the main street lots will be done as soon as possible preparatory to the erection of the Upton-Pierson building, the same to be 45x90 two story. The excavating and foundation will be no small undertaking, as the cellar is to be large enough for furnaces also a basement office room.

Hilton the First to File.

The first filing for place on the primary ticket was made this morning when E. E. Hilton, present county surveyor, filed his application for a place as a candidate before the republican convention for register of deeds. L. H. Dafte of Greenwood is the slate candidate for this place but Hilton evidently does not propose to submit to being a victim of the steam roller, and has hied his caster into the ring. On the republican side there seems to be some conspicuous movement to line up and fight the slate. George Luschinsky of this city, it is said, has concluded to contest with Wade Windham for the republican nomination for county clerk while rumor puts John Busche of this city, who threatened to fight Mr. Windham, into the race for register of deeds or sheriff. This last is rumor however, and does not in any manner mean that Mr. Busche authorizes the statement. He has many friends who are urging him to enter some of the contests. Anyway, the machine will find everything lovely by any means and the slate stands an elegant chance of getting what is coming to it.

However, the tactics used to destroy the republican party in this city may be applied to the county and the voters will have to take the dose prepared for them by the machine and say they like it.

The democratic side of the house is in an unusually tranquil state. A number of excellent men would like to run and doubtless will stand as candidates before the primary. The committee has had no meeting and has no preferred slate. The democratic idea of letting the people choose the men they want will prevail as usual and a strong and popular ticket will be put forth. The utmost harmony prevails in the rank and a desire to extend the beneficent rule of democracy in all the county offices is manifest. There is small room to believe the steam roller will permit the republican rank and file to name any of the candidates and in view of this, there is every reason to believe a turn to democracy will result.

More Weed Cutters.

As was said yesterday the weed inspection committee did not pretend to name all the good people in this city who had complied with Mayor Sattler's proclamation. Such a list would be almost impossible of compilation and since that time the members have learned of James Robertson in the First ward who always has kept his lawn and the street free from weeds, Frank McElroy in the Second ward who has also an established reputation in this regard and M. W. Thomas of the Fifth ward who has made an enviable record in this respect. Mrs. Donat in the third ward, is another who deserves especial mention for her good work in complying with the proclamation. These are only a very few in a great number who escaped the eagle eye of the committee and there are many more equally deserving of commendation.

"Pug" Denison Dead.

Norvey Norville, 27 years of age, who was stricken by the heat and an epileptic attack Monday afternoon while at work, died on the way to St. Joseph's hospital in the police auto later in the afternoon.

While the auto was passing Eleventh and Pierce streets a tire went flat and during the delay of four or five minutes necessary to fix the tire, Norville died. The physicians who were present say he would have expired before reaching the hospital even if the tire accident had not occurred.

Coroner Heafey took charge of the body, which will be taken to Plattsmouth for interment. An autopsy will be held, but an inquest probably will be dispensed with.

Norville was a coal driver for J. I. Kemp. He was engaged in shoveling coal from a pile in the Havens-White local yards, Sixteenth and Marcy streets, into his wagon, when he suddenly dropped to the ground. The police ambulance was hurried to the yards and Norville was given emergency treatment by Police Surgeon Harris and Dr. Barbour, after which the man was started to the hospital.

He lived at 2623 St. Mary's avenue and had been employed by the Kemp firm for some time. He leaves a widow and little son.—Omaha Bee.

The above notice conveys to his sorrowing relatives in this city the news of the death of Norvey Norville, so well known here as "Pug" Denison. Deceased was quite well known in this city and vicinity, where he had lived since childhood. He is a nephew of John, Lincoln, Fred and Jess Denison and was born in the year 1881, across the river in Iowa.

It is generally understood the funeral will be held in this city either this afternoon or tomorrow.

Special Amusement.

The Christian church of this city has completed arrangements and purchased a large tent for use in a special evangelistic meeting during the month of September. This tent will be pitched on the lawn in the rear of the court house, which is the most ideal location in Plattsmouth for such an enterprise. The church has secured an evangelistic team of three members. This is the famous Wilhite and Tuckerman evangelistic team of national reputation among the Disciples of Christ or Christian churches. They have been in the field for years and their record is one of phenomenal success and triumph all over the United States. This is no ordinary enterprise. Not only will Plattsmouth be covered by the influence of this meeting, but it will reach out into adjacent territory as well. We make this announcement in response to many inquiries which have been coming in from all directions as to whether the undertaking is an assured fact. There is no doubt about it now. We will keep the public informed as to all new developments.

More Improvements.

Among the many improvements in progress over the city, that of John Bauer, the well known hardware man, deserves especial mention. Mr. Bauer is having his property on Vine street between Seventh and Eighth street thoroughly overhauled and remodeled, and when the work is completed it will be one of the handsomest and best residences in the city. The projected improvements, which are now being put through will cost this enterprising citizen a great deal, but when they are completed his dwelling will be a source of constant pride to him. As soon as the work has been finished the Journal hopes to print a more elaborate description of the structure.

The Whites at the Parmele.

The Whites, celebrated ventriloquists, appeared to a very fair-sized audience at the Parmele last night, and in connection with the moving pictures was voted by the audience the best show for the money ever given in this city. The Whites are simply immense, and their acts marvelous. Manager Dunbar will leave nothing undone that will add to the pleasure of the patrons of the Parmele, as will be seen by the engagement of the Whites. All Mr. Dunbar asks is patronage that will permit him to put on such entertainments as the people appreciate. Don't fail to see the Whites tonight. Their performance in connection with the moving pictures, all for 5 and 10 cents.

Gave a Little Dance.

The Turner Dancing club last Saturday gave another of their delightful hops and a royal time was had. Good music and a fine floor made the evening pass pleasantly and all who attended voted the affair a pretty one. There were a large number of couples present, including a number of invited guests from abroad.
