## A Check Account renders safety and convenience to the holder

THE man who has a check account at the bank and pays by check is marked as an individual of the more reliable sort. He is looked upon by his fellows as prudent and discreet. He stands higher in the community.

It is well worth considering when a man may obtain safety and convenience for money matters. If you have not a full knowledge of the workings of the check account, we will be glad to explain.

The method of a Check Account is simple and easily learned

It is twenty horse power and makes a splendid appearance as well as gives good satisfaction. The Ford is making a fine reputation in this vicinity and winning all kinds of good words from its users. Messrs. Crabill & Cummins report that they are meeting with good success in disposing of this standard machine.

A Jolly Good Time.

A crowd on pleasure bent journeyed to Mr. Larsh's Friday, and they were in no way disappointed. The time was spent in sight-seeing and bathing. At noon the well filled baskets were spread out in the grove north of the house, where forty hungry picnickers soon caused the plates of fried chicken to vanish. Mr. Larsh provided the crowd with watermelons. These melons tasted better because they were cooled in the spring, which is one of the great wonders on his farm. At a late hour the picnickers departed expressing their indebtedness to Mr. and Mrs. Larsh for the pleasant day. Those who participated in the good time were Mr. and Mrs. Rex Young, Mr. and Mrs. Lloyd Gopen, Mr. and Mrs. John Larsh, Mr. and Mrs. N. Klarence, Mr. and Mrs. Warren Wiley, Dr. and Mrs. J. F. Still a Mystery.

A mystery still surrounds the attempt to burn the residence of Rex Young in Murray, which attempt was made on the night of the Young-Rice wedding, and soon after the young couple had gone to their new home and retired for the night. There are many suspicious afloat, and the mystery will in all probability receive a thorough investigation and the guilty party brought to justice. To say the least, it was a most dastardly trick, and the punishment a most severe one to the guilty parties if apprehended. And we understand the law-abiding citizens of Murray will leave nothing undone that will lead to the apprehension of the guilty parties.

A Friend of Mine.

If the friend of mine who stole the horse blanket from my rig near the George Shrader farm a few days ago will call at my home I will gladly give him the other one. He probably needs the pair worse than I do.

L. M. McVey.

Mrs. Alvira Ashburn of Omaha is visiting in the city with Joseph Smith and family.

W. C. T. U. Convention.

The program committee for the national W. C. T. U. convention which will convene in Omaha, October 22-27, is very fortunate in securing several fine speakers for the occasion.

The annual sermon has always been a very important feature of the national convention, and it is with great pleasure that we announce that Mrs. Mary Armor, president of the Georgia W. C. T. U., will preach Sunday afternoon. Many people of the state had the privilege of hearing Mrs. Armor speak when she was in the state last year, and know of her rare ability as an inspiring woman on the platform.

One of the distinguished guests of the convention will be ex-Governor Glenn of North Carolina, who will speak Sunday evening.

Another will be Dr. Janney of Baltimore, Md., who is prominently identified with the Vigilance society of that city.

Miss Ellen M. Stone, whose captivity in Bulgaria is still fresh in the minds of all, will be in attendance, and will not fail to interest everyone in her story.

Two of our national superintendents; Mrs. Edith Smith Davis of Milwaukee, Wis., and Mrs. Martha M. Allen of New York, who were sent by the U. S. government as delegates to the anti-alcohol congress which was held in London, Eng., July 18-24 will give reports of the 12 international congress on alcoholism. Mrs. Davis is superintendent of the scientific temperance instruction department of the W. C. T. U., and recently prepared a course of study in scientific temperance, which has been adopted by the Chicago training school for missionary workers. Partial courses have been introduced into the university of Wisconsin and also into Leland Stanford University, but that adopted by the Chicago training school is for educators themselves, as the students are largely college graduates.

Miss E. Gertrude Storer, B. L., the one who will have charge of this department is a woman of exceptional preparation and training. For two summers Miss Storer was in the state department of Nebraska as an examiner. Her wide experience in educational problems together with her experience as a teacher renders her work peculiarly valuable.

Mrs. Connor, our resident missionary in Alaska, will tell the story of Alaska's needs and Alaska's hopes. Mrs. Connor has lived in Alaska for the past six years.

The L. T. L.'s will give a demonstration one evening representing the different countries in which there are organizations of the W. C. T. U. This will be a novel and interesting entertainment.

The local chairman of the demonstration committee, Mrs. Clara E. Burbank, is also planning for a big parade of the school children. They will march through the principal streets down town, Friday afternoon, carrying flags and banners, and singing temperance songs. This may be made an automobile parade as many automobile owners have offered the use of their machines for the purpose.

Owing to the intense heat and the absence from the city of many of the active workers on the Omaha committee, the campaign for funds has been at a standstill, but with the cooler weather of September, the work of raising the balance will be pushed with new energy.

A temperance rally was held in Omaha, Sunday evening, at the First M. E. church. Mrs. Frances B. Heald, state president, spoke, also Mrs. George Covell, president of Douglass county W. C. T. U.

Headquarters for Nebraska women will be the Y. M. C. A. building from now to close of the convention.

**BUFFALO AND PAWNEE BILL Will Bring Their Combined Wild West and Far East Exhibition to Nebraska City, September 7.**

An event of unusual interest to people in this vicinity will be the engagement of Buffalo Bill's Wild West and Pawnee Bill's Far East, as noted in the above headlines. Varied and wonderful will be the several spectacular scenes and the entire exhibition will take on an educational and historic character, which gives it an interest possessed by no other tented exhibition. An oriental spectacle of gorgeous splendor will be interpreted by groups and delegations from the far east, introducing Rossi's Musical Elephants as the particular feature of the oriental scene. The Battle of Summit Springs, a reproduction of the historic Indian conflict in which Buffalo Bill killed Chief Tall Bull, of the Dog Soldiers, will be the principal wild west scene, participated in by Colonel William F. Cody, the original and only Buffalo Bill, who will re-enact his original part. The Great Train Hold-Up by Indians will picture an early epoch in railroad building, and a Holiday at "T-E" Ranch will typify the pleasures and pastimes of the plainsmen. The World's Roughriders, led in person at every performance by Buffalo Bill, who positively appears, no matter what the weather, will embrace equestrian experts from the world's equestrian nations. Wild riding Bedouins from the sands of Sahara, and the reckless aboriginee from our own rolling prairies will ride side by side; both sides of the earth will be typified and the saddle-ship of many nations will be brought into immediate comparison. Every item in the program of the wild west and far east is real and authentic, the cavalry charges, artillery drills, war dances, roughriding, and oriental pageants are real and accurate in every detail. The tepees of the Indians are the real prairie homes of the redmen; the trappings of the ponies, the camp outfits, and every stick and stitch of the equipment is just what it is represented to be. And the feature of features will be the appearance in the saddle, at every performance, of the real and genuine Buffalo Bill, the last of the great scouts. Arrangements have been made with the railroad officials to run special excursions and reduc-

body who so desires may take advantage of their opportunity to visit this world-renowned exhibition.

**Enjoyable Event.**

Mr. and Mrs. G. S. Ray entertained about forty-five young people in honor of their daughter Esther's sixteenth birthday anniversary. Miss Esther was the receiver of many pretty gifts which was appreciated very much.

**Soldier Balks Death Plot.**

It seemed to J. A. Stone, a civil war veteran of Kemp, Texas, that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 178 pounds." For severe Colds, obstinate Coughs, Hemorrhages, Asthma, and to prevent Pneumonia it's unrivaled. 50c and \$1. Trial bottle free. Guaranteed by Gering & Co.

The P. E. O. picnic for September 3 has been cancelled on account of the carnival.
