

Mammoth Sale of Ranges

Having just unloaded a full car load of forty **Great Majestic Ranges**, the largest purchase of first class ranges ever made by any firm in the history of Cass County, we have arranged for a special sale on same for one week only, **September 27th to October 2d**, during which we will have a special representative from the factory to show you the merits of the Great Majestic

SPECIAL INDUCEMENTS FOR THIS WEEK ONLY

FREE

THE GREAT AND GRAND MAJESTIC RANGE
THE RANGE WITH A REPUTATION MADE IN ALL SIZES AND STYLES.

504-506 Main Street

THE body of a Range is practically the life of a Range. The life of a range depends on the material from which it is made. Charcoal Iron by actual test has been proven to resist rust, heat and crystallization 300 per cent greater than steel. Majestic Range bodies are all made of charcoal iron. No other range in the world is made of this material. It costs considerably more than steel, but the Majestic never stands back for cost when it can improve its range. By comparing the life of old time iron nails with the steel nails of today or old style iron stove pipe and tinware with that of today, gives you an idea of the lasting qualities of the Majestic over a steel range. This feature alone adds 300 per cent to the life of a Majestic. During the last seven years we have sold over \$15,000 worth of Majestic ranges and in the same length of time we have only sold \$108 worth of repairs for Majestics. When you consider these ranges have been sold in Plattsmouth for 16 years it will give you some idea of their lasting qualities. Based on our sales it means that the repairs averaged less than 10 cents per range per year during this time, a record which no other range has ever equaled.

DRUGGIST

John Ruge of Murdock, who has been confined to his room with typhoid fever for several weeks, was able to come to Avoca the first of the week for a visit with relatives and friends.

School Notes.

Anna Weber entered school last Wednesday. The upper room now has an enrollment of thirty.

We are proud that our school received first premium on general work at the Nehawka fair. The second premium on primary work was given to the school.

The sixth grade is getting quite proficient in sketching from memory the outline of North America.

Minnie Rubge received second premium for an original story.

The fifth grade is writing original stories in language this week.

The intermediate room has fourteen stars toward their star day.

Margaret Ellsworth of the fifth grade carried off second prize on her sofa pillow top.

The tenth grade is studying "The Merchant of Venice" this semester.

A Hurry Up Call.

Quick! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here's a quarter—For the love of Moses, hurry! Baby's burned himself terribly—Johnnie cut his foot with the axe—Mamie's scalded—Papa can't walk from piles—Billie has boils—and my corns ache. Its the greatest healer on earth. Sold by F. C. Fricke & Co.

Matches and Children.

Even the most casual reader of the newspapers must have noticed, within the past few weeks, the unusual number of accidents in which children have burned to death.

These accidents have most frequently resulted from playing with matches, and this fact leads to the conclusion that not sufficient care has been taken to keep these dangerous things out of the children's reach. In some cases gross inattention or criminal neglect might reasonably be charged. It would be best, of course, for those having matches—and this includes practically everybody—to keep them under lock and key. But this being inconvenient, the next best thing is to put them where it is practically impossible for children to get hold of them.

For it is certain that when children old enough to play with matches get possession of these dangerous things they will get immediately to where the danger is increased, to where they can find the most inflammable material. They want a quick blaze, a great flame, a lurid spectacle.

Chicago Addresses.

We called the attention of our readers to the new house numbers in Chicago, and we wish to add that addressing your letters to the old numbers makes a great confusion and delays the delivery. We again wish to notify you that the present correct address of Mr. Jos. Triner, the manufacturer of Triner's American Elixir of Bitter Wine, is 1333-1339 South Ashland avenue, Chicago, Ill. Sometimes you need speedy help, especially in diseases of the digestive system, and medicine must be delivered to you as soon as possible. Triner's American Elixir of Bitter Wine brings in such cases, always relief and should be in every household. Use it whenever you will feel indisposed. It will give you appetite and strength. At drug stores. Jos. Triner, 1333-1339 So. Ashland avenue, Chicago, Ill.

Enjoy Picnic Supper.

At the house boat of George B. Mann last evening occurred one of the most enjoyable picnic suppers of the season. Although the air was somewhat cool, not so with the sociability that prevailed. Those present to enjoy this pleasant function were: Mr. and Mrs. Gould, Miss Genevieve Howard, Miss Pearl Nichols, Miss Cora Walker, Robert Hayes, George B. Mann and W. A. Sharp.

It is time to paint

When you paint use the Best Paint

Low Brothers
"High Standard"

BECAUSE

SOLE AGENTS

Bought Church.

Major W. R. Flemke wishes to state that instead of two services at Avoca Sunday there will be three. He will preach morning and evening and lecture at 3 p. m. His church has completed arrangements for the purchase of the German Methodist church on South Sixth street, but the Second Church of Christ, Scientist, will continue to use as before.

Miss Nellie Mae McGrady and Ernest H. Stoner, both of Weeping Water, were married in that city on Wednesday, September 23, 1909. Rev. H. W. Cope performed the ceremony at the home of the bride's parents. They will reside in Weeping Water.

Removing to Omaha.

Brad White, who has been a resident of the city for many years, has concluded to shake the dust of Plattsmouth from his feet and remove to Omaha. The many friends of this estimable family are sorry to see them leave our little city. But Mr. White thinks that the outlook for steady employment in Omaha is somewhat better than here. One son is already employed there at a good salary, and Mr. White expects to go right to work as soon as settled. He is loading his household effects in a car today.

George Hild of the Grove was in the city today transacting business.
