

OKLAHOMA STATE BANK GUARANTEE

Working Like a Charm, and Depositors Satisfied With Law

Oklahoma City, Okla., Sept. 30.—With a supply of money received from the state guaranty fund, supplemented by the cash on hand in the bank, State Bank Commissioner Young today paid about 400 depositors of the Columbia Bank and Trust company, which suspended yesterday. No excitement prevailed, the people apparently trusting the state's guaranty.

Commissioner Young refused to make a statement as to the bank's condition tonight, pending a thorough examination of its assets.

Securities to the amount of \$250,000 have been offered the bank officials by local capitalists, but these have been refused on the advice of the bank commissioner, who ex-

presses confidence that there will be no difficulty in paying the depositors dollar for dollar.

The report started today that a number of state banks would resist an assessment by the state to protect the Columbia company depositors was dispelled tonight, when the officials announced they had been assured of the support of the state bankers.

Interest throughout the state today was intense. The Columbia company was the reserve for perhaps 150 other state banks, and had on deposit \$2,300,000 of their deposits. The failure in the application of the guaranty law would mean ruin to many of these and a financial panic in the state.

DANGER IN OMAHA

Mayor Jackson of Nebraska City Relates His Experience There.

Mayor Jackson of this city, while in Omaha, felt the full force of the street car strike and the incident attachments thereto. He had to go some sixteen blocks to see a man with whom he had some business, and secured a cabby, being afraid to ride on the street cars, not feeling as if he would like to run the risk of being struck with a brick, he made the trip and was charged the mild sum of \$2.50. The cabby knew he was easy. He found that pickpockets were thick and were working on every hand without any seeming molestation. At night when desiring to come to the depot from the hotel, and no care were running, and the streets were filled with all classes of men who were out for coin, he took a bus to the depot, a short distance, and was again mulched to the tune of \$1, where, prior to the strike, the price was only 25 cents. He was informed that this was the way that the Omaha cabmen and vehicle drivers were giving it to all strangers that visit the city while the street car strike is on. He talked with a number of people on the train, going and coming, and with a number of visitors while in Omaha, and they all informed him that they had promised themselves not to visit Omaha until the labor troubles are settled. If it is not until next year. This street car strike is hurting the town more than the Omaha people realize, and the officials up there seem to rather favor the strike-breakers and the rough element that are backing them in their fight.—Nebraska City News.

C. Bengen,

Money Comes in Bunches
to A. A. Chisholm of Treadwell, N. Y., now. His reason is well worth reading. "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's wonderful medicine." Infallible for Stomach, Liver, Kidneys, Blood and Nerves. 50c. at F. G. Fricke & Co.

Must Pay the Witnesses.
At the last session of the county commissioners they rejected the claim of the witnesses in the insanity hearing of Mrs. Maud L. Moran. The matter was appealed to the district judge on the claim of Mrs. J. C. Brown and Judge J. B. Raper heard the arguments and handed down a decision overruling the commissioners and ordering them to pay all of the witness fees in the case. This will mean several hundred dollars to the county, as the costs were quite heavy in this case.—Nebraska City News.

TWICE-TOLD

TESTIMONY

Plattsmouth testimony has been published to prove the merit of Doan's Kidney Pills to others in Plattsmouth who suffer from bad backs and kidney ills. Lest any suffer doubt that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Plattsmouth people saying that the cures they told of years ago were permanent. Here's a Plattsmouth case:

W. T. Cole, retired farmer, 608 Locust street, Plattsmouth, Neb., says: "I contracted kidney trouble while serving in the army. There was a dull, heavy ache and lameness across the small of my back that annoyed me to quite an extent and at times the kidney secretions were very scanty and accompanied with pain in passage. Reading about Doan's Kidney Pills, I was led to get a box at Gering & Co.'s drug store and begin their use. They made a marked improvement and entirely relieved me of my sufferings." (Statement given June 11, 1906.)

On December 29, 1908, Mr. Cole added to the above. "I am pleased to renew the testimonial I gave two years ago endorsing Doan's Kidney Pills. I advise anyone afflicted with lumbago or any other kidney disorder to give this remedy a trial."

Woodman Band.

The Woodman Orchestra is doing some fine practice work now preparatory to the big ball October 23. The boys are putting themselves in good condition as they have a contract to play in the Ak-Sar-Ben electrical parade October 6. Tom Svoboda was in Omaha yesterday and completed the deal with O. D. Kipling, manager of the parade, and the band is to realize a neat sum for their evening's work. It seems the boys made a hit with the officials the night the Plattsmouth boys were initiated at the den, and negotiations have been going on ever since to have the boys take part in the parade.

MY NEW POLICIES.

While it is true that I have always advocated a general reduction of schedules, there are some that should be raised. I exhausted all of my persuasive silence in trying to get congress to come to my way of thinking, and the result has been approximately correct; so nearly correct, in fact, that it can be figured out to a gnat's heel, if you will but be patient and listen to me. For instance, hides went clear off the list; then gloves and hosiery went away up. But the average result is a reduction. Print paper was reduced some; and it may be reduced yet more—if Canadian manufacturers can see their way towards becoming benevolent in the matter; if not, I expect it will rise. Besides, we retain the tariff on Indian corn, of which we import such enormous quantities. Then we retain the tariff on diamonds and other things on which our workmen have been spending such fabulous sums. I verily believe that, if the steel workers of Pennsylvania had not spent their substance in diamonds and other riotous living, there would not have been a man killed in the recent riots.

In this emergency, the duty of every Republican member of congress is clear. He should take the whole bait, because I did not say he should not; and for the further reason that the pie is worth a great deal to us who wish re-election. While I do not fully read out of the party those who voted against my expressed wishes, yet every fellow who did not vote for the bill cannot sit in the inner circle—holy of holies—and his share of the swag will be distinguished for its lonesome look, so you may easily distinguish between the pie of a good party man, and that of a progressive. I expect every Republican to be like me—all wool and a ward wide. Speaking of wool reminds me that the wool schedule is somewhat disappointing to me; because we shall not have enough to pull over the eyes of the dear voters in that strenuous time when we shall need something to scare them into voting for the sacred schedules prepared in the private offices of tariff beneficiaries.—Waterloo (Ia.) Times-Tribune (Rep.).

Teachers to Improve.

County Superintendent, Miss Mary Foster, has just finished mailing out 138 teachers reading circle schedules to as many teachers in the county, outlining a course of reading for the long winter evenings. The little booklet also contains places and dates when the circle will meet, as well as topics to be studied during each month. The plan is a good one and each teacher taking part can not avoid being benefited.

Employed at Tacoma.

J. C. York has just received a letter from his son Russell of Tacoma, Wash., in which Russell says that he is now in the employ of the street railway company as conductor. He is doing fine and likes his new employment very well. The Plattsmouth young people will miss Russell, as he was a sterling fellow and a hustler.

Its a Top Notch Doer.

Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr. King's New Discovery, the King of Throat and Lung remedies. Every atom is a health force. It kills germs, and cures colds and the grippe. It heals cough-racked membranes and coughing stops. Sore, inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. Geo. More, Black Jack, N. C., writes "it cured me of lung trouble, pronounced hopeless by all doctors." 50c, \$1.00. Trial bottle free. Guaranteed by F. G. Fricke & Co.

Not Coughing Today?

Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says. He knows. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.
