Dr. Rhoden Still Lingers.

A special from Fremont, Neb., under date of October 12, says: "Dr. R. H. Rhoden is in an exceedingly critical condition tonight and physicians say he cannot live till morning. Dr. Rhoden formerly was a partner of Dr. Allison in Omaha. He came to Fremont three years ago and bought the former McDonald residence, which is one of the finest homes in the city. He has been suffering from heart disease and congestion of the liver." Last Saturday the Journal had an article from the Fremont Daily Herald, in which it said that Dr. Rhoden's death was looked for at any moment. It seems from the above, however, that he still lingers with no possible hope of recovery. Dr. Rhoden has many relatives and friends in Cass county, where he was reared, who are watching this

case with great interest, and with the hope that he may eventually recover.

Pile Driver Working.

A. F. Hedengren, superintendent of bridge construction for the Burlington, arrived in the city this morning to start the pile driver on the false work over the new sewer. The plan is to put in thirty-five feet of sewer, allowing the water to flow off through the north sewer, cutting a flum each thirty-five feet as they come and turning the water in. The first thirty-five feet is almost removed now and the new work will be completed as the force of men push their work from the mouth of the sewer toward the yards.

Shorthorns for Sale.

Three good registered Shorthorn yearling bulls for sale. Also good fresh milk cows. Mark White.

POLLARD NOT RESPONSIBLE

Former Congressman is Not Responsible for Standpat Stuff in Plattsmouth Paper.

Ex-Congressman E. M. Pollard writes the Lincoln News from his home at Nehawka to say that he is not personally supervising the editorial matter which appears in the Plattsmouth News-Herald, one of the papers taking a stand-pat attitude on the tariff which have been quoted in recent bulletins circulated from Republican state headquarters. While Mr. Pollard is a large stockholder in the paper, he disavows responsibility for its editorial utterances. His note to the News is as follows:

"In an article that appears in your paper, dated October 6, you undertake to hold me responsible for certain editorials that appear in the News-Herald of Plattsmouth. I wish to state that on the evening of August 30 the directors of the News-Herald Publishing company elected Mr. P. A. Barrows editor and business manager of the paper. By a vote of the directors Mr. Barrows was given full control of the editorial columns of the paper. The only restriction imposed was that the paper was to be edited as a Republican sheet. Since this action was taken I have not written a line for the paper; neither do I intend to. Mr. Barrows alone is responsible for what appears in the News-Herald. I have been too busy harvesting our apple crop to devote politics, newspapers or anything else even a passing thought. I would not have seen this article if a friend had not called my attention to it. Yours truly,

"ERNEST M. POLLARD."

Necessity of Good Roads.

The Duff trophy cup contest of last week will prove of inestimable value to the people of the three counties through which the contestants passed, because it brought to the notice particularly of every farmer the necessity of good roads. Almost every farmer living along the road traversed is thinking of purchasing a machine, or at least they have good stock and fine buggies. They haul their farm products to market, and the better the roads the better time they can make and the larger loads they can haul. Bad bridges, culverts and deep ruts are to be deplored, no matter the kind of vehicle used. Next year Nebraska will have better roads than ever before, and they will benefit all.—Nebraska City News.

Celebrate Birthday.

A jolly party of Plattsmouth people boarded No. 15 this morning en route to South Omaha, where a birthday celebration in honor of Mrs. Smith was held at the residence of Charles Eads and wife. Those going from this city were Mrs. Kate Oliver and daughters, Miss Carrie Oliver and Mrs. D. C. Morgan; Mrs. Hallam of Lincoln and her son and Miss Catherine Schrack. Mrs. Smith, the guest of honor, is a sister of Mrs. Oliver.

Tell Some Sick One

It Is Free If It Falls.

Will you do an act of humanity? Will you tell some sick friend of this, my remarkable offer?

Tell him or her, that you have learned of a medicine so certain that its maker dare say to the sick, "It is absolutely and unconditionally free if it falls."

And you, no doubt, already know of Dr. Shoop's Restorative and its popularity everywhere in America.

When the "inside" or controlling nerves of these vital organs begin to fail, it is Dr. Shoop's Restorative that has quickly vitalized, and strengthened, and brought these nerves and organs back to health again.

I do not cure the stomach, nor stimulate the heart or kidneys—for that is all wrong. Dr. Shoop's Restorative goes direct to the center of these ailments—the failing, faltering, inside or controlling nerves. And herein lies the keynote to my success.

When these nerves are again made well and strong, then that is the certain end of all such sickness.

To me it is a great satisfaction that I am the only physician able to say to the suffering sick, "Take my prescription for full 30 days, and if it fails to help you, the entire expense is mine—not yours."

Then why should the sick take any chance on any other medicine, whose maker dare not back it just as I do by this remarkable offer?

I also have a Rheumatic Remedy—and that remedy is covered by the same identical "No help, no pay" protective plan.

So let me send you to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is surely worth your simple request.

So let me send you an order at once. Take the message to some sick friend.

A postal will bring the opportunity. I will have an honest and trustworthy druggist to whom you can conveniently go for the 30 day test.

But first, ask me for the order, for all druggists are not authorized to give the 30 day test. So write me now and save all delays. Address Dr. Shoop, Box 12, Racine, Wis. Write Book Shell 7 and Yes!

WHY SHOULD WE WAIT?

Why should any one wait until October 19 for an officer to make reports due months previously? It seems that Cass county has paid Mr. Quinton \$7,636.45 since April 2, 1907. This includes his salary, boarding prisoners and probably some other legitimate fees. It is natural to suppose that an officer on a salary and turning all fees earned, except mileage, into the county treasury would, after receiving the above amount have quite a sum to turn back into the public cash box. As a matter of fact, Mr. Quinton has paid to the treasurer \$351.20. Further inquiry of several counties it has been learned that York county, with a population of 18,205 in 1900, received from its sheriff \$1,007.70. Gage county, population in 1900, 30,051, \$1,326.66; Johnson county, population in 1900, 11,197, \$1,147.10; Otoe county, population in 1900, 22,288, \$1,076.96; Hall county, population in 1900, 17,206, \$922.13. Now, do you think it is any wonder that we should object to waiting until October 19, or any other future date for an accounting?

Join the Procession.

The Commercial club and city council held a joint meeting last evening to take action on the matter of procuring daylight service from the lighting company. While this was simply a preliminary meeting, it started the ball rolling in the right direction. We want manufacturing enterprises to locate here, and the first thing to do in order to secure them is daylight service. The Commercial club is doing all in their power to accomplish this result, and will meet again tonight with the light committee of the city council. The moment daylight service is secured, M. E. Smith & Co. of Omaha will arrange to put in an overall factory with 100 machines to begin with. We do not want to miss this opportunity to secure an enterprise that will help build Plattsmouth. Don't lag, but join the procession in its march for the best interests of our city.

Breaks Collar Bone.

While playing at school this morning at recess Chester Tudy had the misfortune to have his collar bone broken, which will cause the arm to be carried in a sling for some days. There seems to be no one to blame for the accident. The game was known as "pump, pull away," and Chester was in the game for all there was in it, as a 13-year-old boy always is, when he was suddenly precipitated to the ground with the result stated above. Dr. Cook was interviewed at once and the injured bone set, and although it will be quite sore and his arm will be useless for a time, Chester will not lose any time from school.

Improve Store Room.

Lorenz Brothers are alert and progressive and come as near keeping abreast of the times as any firm in the city. There is being constructed in their store now a fine office apartment, which will have one end and front of glass. The new office will be 10x15 feet and will be light and roomy, and will afford a splendid private office. The work is being done by Andy Howrick, and when completed will reflect credit to him and the firm putting in the improvement.

Hard on the Ak-Sar-Ben.

The South Omaha Democrat says: "There are at least three things that the board of governors of Ak-Sar-Ben ought to do inside of the next year. Select a site for the carnival where there is ample room, preserve better order on the carnival grounds and put a decent dancing floor in the den. It wouldn't hurt to have some attractions on the carnival grounds worth while. It was so rotten this year that admission money to most of the shows ought to be refunded."

Loses His Boots.

Harry Rice had the misfortune yesterday to lose a pair of new rubber boots which he had just paid \$3.50 for. He had been working for the water company in an excavation, south of Manspeaker's barn, and left his boots lying on the ground, near the work, and went away for a short time. When he returned the boots had disappeared.

See the display of Woollux cloaks and suits at M. Fanger's Department Store, Friday, October 15. Remember these goods will be on display one day only. Now is the time to select what you want.

TWICE-TOLD TESTIMONY

Plattsmouth testimony has been published to prove the merit of Doan's Kidney Pills to others in Plattsmouth who suffer from bad backs and kidney ills. Least any sufferer doubt that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Plattsmouth people saying that the cures they told of years ago were permanent. Here's a Plattsmouth case:

W. T. Cole, retired farmer, 608 Locust street, Plattsmouth, Neb., says: "I contracted kidney trouble while serving in the army. There was a dull, heavy ache and lameness across the small of my back that annoyed me to quite an extent and at times the kidney secretions were very scanty and accompanied with pain in passage. Reading about Doan's Kidney Pills, I was led to get a box at Gering & Co.'s drug store and begin their use. They made a marked improvement and entirely relieved me of my sufferings." (Statement given June 11, 1906.)

On December 29, 1908, Mr. Cole added to the above. "I am pleased to renew the testimonial I gave two years ago endorsing Doan's Kidney Pills. I advise anyone afflicted with lumbago or any other kidney disorder to give this remedy a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Celebrates Birthday.

John William Rodafer of the Masonic home, who is 79 years of age today, walked to the Burlington station as chipper as a lad of 10 and boarded No. 15 for Omaha. Mr. Rodafer expects to take his birthday dinner with his son, F. B., who resides in the metropolis. J. W. Rodafer was born in old Virginia on the 14th of October, 1830, and resided in his native state until about 1870, when he removed to Omaha, where he resided until four years ago, when he took up his residence at the Masonic home in this city. Mr. Rodafer has made it a practice every morning to meet the early Burlington trains, coming in at or near 8 o'clock. And during the four years he has missed but three mornings. Twice on account of snow storms and once on account of rain. These daily tramps have kept him supple, and at the age of 79 he walks like a man fifty years younger.

THE DOCTOR'S QUESTION

Some Advice Against the Use of Harsh Purgatives and Physics

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver. This condition poisons the system with waste matter and causes accumulation of gases which must be removed through the bowels before health can be restored.

Salts, ordinary pills and cathartics may be truly likened to dynamite. Throughout their harsh, irritating action they force a passage through the bowels, causing pain and damage to the delicate intestinal structure which weakens the whole system, and at best only produces temporary relief. The repeated use of such treatments causes chronic irritation of the stomach and bowels, dries and hardens their tissues, deadens their nerves, stiffens their muscles and generally brings about an injurious habit which sometimes has almost, if not fatal results.

We have a pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of its great curative value that we promise to return the purchaser's money in every case where it fails to produce entire satisfaction. This remedy is called Rexall Orderlies. We urge you to try them at our entire risk.

Rexall Orderlies are eaten like candy, they act quietly and have a soothing, strengthening, healing, regulative influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effects, and they may be taken at any time without inconvenience.

Rexall Orderlies overcome the drugging habit and safely remedy constipation and associate ailments, whether acute or chronic, except in surgical cases. They are especially good for children, weak persons or old folks. Price, 36 tablets 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Rochester only at our store.—The Rexall Store. F. G. Fricke & Co., Union Block.

A big pull, and a pull all together is what makes good towns.

There are rumors of several factories locating in Plattsmouth soon. We hope the rumors are true.

The taxpayers want honest men in office to protect their interests, and they should insist on having them.

Plattsmouth is one of the best locations for factories of any kind, and parties who want to come can get the ground given to them any old day in the week.

If the sheriff waits for the county commissioners to request him to bring in all his deficient reports, is he right in this or is he wrong? Other county officials have not waited for such a request.

If a man is elected to an important office, like that of sheriff, he should protect the law, instead of endeavoring to "beat around the bush" and fall in a duty he owes to the taxpayers of Cass county.

A united effort on the part of all the people of Plattsmouth can do wonders for the old town. It is a settled fact that the Burlington stops are not going to be removed, now let us go after other enterprises.

Vote for Ed. Tutt for sheriff and you will vote for a young man who will carry out all laws to the letter. He is honest, capable and will not use the position for selfish purposes. He is just the man for the place, and don't you forget it.

Even if Quinton puts up next Tuesday for all the fees that has been earned in his office, is it right or wrong for him to have awaited until the commissioners requested him to do so? One of the county commissioners told Quinton six months ago, so he says, that he had better make his quarterly reports. Why did he not do it then? They were due.

George P. Meisinger, candidate for county commissioner, is hustling for votes these days, and is making friends everywhere in the county. The taxpayers can rest assured that if the people of Cass county elect him there will be no reports delayed that are due quarterly, either from Democrats or Republicans in office. He is a good business man, and will see that the business of the county will be carried on in a legitimate manner.

The Journal is not "talking through its hat" when it says that Sheriff Quinton has not conducted the business of the office as it should be. Two of the commissioners agree with us. Then why should he be elected for a third term? We ask the voters of Cass county to thoroughly investigate this matter and see for themselves, and they will find that all we have said in these columns is as true as gospel.

Here are three noble and able jurists to vote for at the coming election: John J. Sullivan, B. F. Good and James R. Dean. All good and true men, and will prove non-partisan on the supreme bench. There has been too much partisanship displayed heretofore on the supreme bench of Nebraska. Democrats know it, and a great many Republicans acknowledge it. Then vote for Sullivan, Good and Dean, and stop such as it.

Andy Snyder, candidate for recorder of deeds, is one of the best men Cass county ever produced. Reared on the farm, receiving a common school education, he has always been considered one of the model young men in the community. As to his qualifications he is one of the most competent men for the position of recorder in Cass county, aside from those who have had years of experience in that office. A vote for Andy Snyder means a vote for a young man who will reflect honor upon the people who elect him.
