PIRATES WIN FIFTH GAME

Pittsburg Again Takes Lead in World's Series.

ADAMS GOOD IN THE COLD.

Victims Were Capsized in Surf While Attempting to Go Ashore for Assistance—Freight Steamer George Stone Broken to Pieces on Reef in Upper Lake Erie During Gale—Survivors Are Landings at Detroit.

Pittsburg, Oct. 14.—Pittsburg took the lead in the great battle now being waged for the world's baseball championship by defeating Detroit 8 to 4, in the fifth game of the big series, at Forbes' Field. This gives the National league champions three victories to two for the winners of the American league pennant. The sixth game of the series will be played at Detroit. If Detroit wins it the series will be tied again and a seventh game will be necessary to decide the championship.

A chilling wind swept across the field, but the immense grandstand protected the great majority of the spectators. Despite the untoward conditions, 21,706 persons saw the game and the receipts were \$32,173. The players no longer share in the receipts, as the first four games is their limit. This makes the receipts for the five games \$156,108 and the total attendance was 117,347. Each club owner has now received \$36,786.10 and the National commission \$15,610.80.

Clarke's Homer Turns Tide.

A home run by Manager Fred Clarke, which scored Byrne and Leach in front of him, turned the tide of victory to Pittsburg in the seventh inning, after Detroit had tied the score at 3 to 3 by scoring two in the sixth. Detroit had two home runs to its credit, but neither came with any one on bases. Jones, the first man up in the first inning, hit the ball to the fence. There was no overflow from the permanent stands and it appeared as if he hit the ball over the low fence. Crawford's home run nearly deprived Pittsburg of the services of the brilliant Tommy Leach. Leach gave chase to Crawford's long hit and while running backwards at a good clip struck the low fence. The impact of his body smashed the boards and he shot over the fence head first and turned a complete somersault. A groan went up from the crowd as it appeared that it was impossible for the little center-fielder to escape injury. After a delay he returned to his post, apparently none the worse for his fall.

Adams Outpitches Summers.

Adams clearly outpitched Summers, who worked the first seven innings for Detroit, but he was lucky in having the team behind him, as he allowed the losers four runs. Wagner and Cobb each made one hit.

Score by Innings:

Pittsburg . . . 1 1 0 0 0 4 1 •—8 10 2
Detroit . . . 1 0 0 0 0 2 1 0—4 6 1
Adams and Gibson; Summers, Willett, Stange and Schmidt.

TAFT DECLARES FOR STATEHOOD

President Wins Hearty Welcome Into Arizona

Prescott, Ariz., Oct. 14.—President Taft left here for the Grand canyon. The president won a hearty welcome into Arizona by proclaiming wherever he went that he was heartily in favor of statehood for each of the territories of Arizona and New Mexico.

When the joyousness that greeted this news had died away Mr. Taft had some sober words for his audience, in which he sought to impress upon them the necessity for deliberation in framing a state constitution.

He declared that their constitution should follow the simplicity of the constitution of the United States and should be merely fundamental laws, with simple rules of limitations. Mr. Taft urged the people of Arizona to profit by what he termed the mistakes of Oklahoma in constitution making. He characterized the Oklahoma constitution as a "zoological garden of cranks."

CUMMINS FOR POSTAL BANKS

Senator Tells Postmasters He Is Firm Believer in New Plan.

Senator Cummins asserts that postal savings banks will be established in the United States and also ventures the assertion that the question of how they are to be established will eventually come before the people and the question settled by them. FERRER IS SHOT TO DEATH

Accused of Promoting Recent Rebellion in Spain.

STORM OF PROTESTS IN VAIN.

Execution of Liberal Leader Arouses Indignation in Capitals of Europe. Doomed Man Faces Firing Squad With Never a Falter and Falls Dead at First Volley—Demonstration Against Spanish Embassy at Paris.

Barcelona, Oct. 14.—Professor Francisco Ferrer, the Spanish educator, and convicted revolutionist, was executed at the fortress of Montjuich, where the prisoner had been confined since his condemnation by court-martial. The doomed man faced the firing squad without flinching and fell dead at the first volley.

Ferrer, except for a momentary expression of emotion immediately preceding his death, retained his composure to the last. His attorney, M. Gaceran, who had defended the prisoner so loyally as to bring about his own arrest for improperly addressing the court, had obtained permission for a brief talk with the revolutionist before the latter was led to the ditch where he was to die. To his attorney Ferrer spoke feelingly of the work for which he had sacrificed his life and of the future of his daughter, whose brave attempt to save his life touched the father more deeply apparently than any other incident of his trial and conviction.

Paris, Oct. 14.—The news of the execution of Ferrer at Barcelona created a tremendous sensation when printed here. The newspapers issued extra editions with glaring headlines, some of them expressing the belief that King Alfonso had compromised his future by failing to intervene. Interviews printed show that many persons prominent in the scientific and political world are both indignant and pained at the day's events in Spain. A member of the institute said he was stupefied at the action, which he characterized as an act of political cannibalism. M. Reinach said he had thought it incredible that the king would decline to intervene. He added: "Ferrer was the victim of the monks, who are all powerful in Spain now that they have been reinforced by their colleagues who were expelled from France. It was impossible of belief that Spain would dare to thus defy the universal conscience."

Demonstration at Rome.

Rome, Oct. 14.—The execution of Ferrer has caused a profound impression here and there was a serious demonstration of protest against the action of the Spanish government. There were cries of "Long live Ferrer," "Down with the Jesuits," "Down with Merry Del Val." The police and troops succeeded in maintaining comparative order and prevented the approach of the demonstrators to the square where the Spanish embassy stands.

LIGGETT IS SUED FOR \$15,000

Held Responsible for Death of John M. Campbell by the Widow.

Omaha, Oct. 14.—Guy H. Liggett has been sued for \$15,000 in the district court by the widow of the man killed in an automobile accident when Liggett was driving the car.

Mrs. Mary Campbell, who was the wife of John M. Campbell, is suing as the administratrix of his estate.

Her petition avers that her husband met death through Liggett's carelessness last August. It recites that Liggett was an inexperienced driver, that he caused his car, an electric, to trail a street car and that he not only knocked Campbell down when the latter got off the street car, but that Liggett's car struck him a second blow, which was the cause of death.

Murdered and Robbed.

Omaha, Oct. 14.—Henry R. Frankland, whose home is in Chicago, was found dying under the Tenth street viaduct last night, his throat cut and his pockets turned inside out. The police are looking for a negro who was seen with Frankland during the afternoon.

Foul Play Suspected.

Omaha, Oct. 14.—The conditions surrounding the death of William Vizzard of St. Edwards, who expired on the Tenth street viaduct near the Union station, led relatives to the belief that there is a mystery back of the case yet to be unravelled. At the time of his death, Mr. Vizzard had just 36 cents in his clothes, yet he is a man of wealth, accustomed to carrying a comfortable sum.

BUILD LABOR ARISTOCRACY

Charge Made Against Federation Officials at Ohio Meeting.

Toledo, Oct. 14.—That the national labor officials are building up an aristocracy of labor and are growing away from the sentiment of the rank and file was asserted in the controversy over the seating of contested delegates in the morning session of the Ohio federation.

It was declared that protests against the action of the national council of the Federation of Labor in respect to the seating of delegates of the Brotherhood of Electrical Workers were being heard from the Atlantic to the Pacific, and that its present policy would split up the labor movement.

The convention adjourned until morning without deciding on the delegation from the electrical workers and from the central labor bodies who, according to a communication from the national council, are not entitled to representation in the Ohio federation convention.

BANDIT PREFERS DEATH TO CAPTURE

Bank Robber Shoots Self When Driven to Bay by Sheriff.

Chicago, Oct. 14.—A fashionably dressed bandit, who robbed the Eskine Savings bank in Highland Park, Ill., twenty-five miles north of Chicago, committed suicide by shooting himself in the mouth when driven to bay by the Highland Park marshal and a posse of citizens. A companion of the robber who had driven him to the bank in an automobile was captured immediately following the robbery of the bank, forcing the principal perpetrator in the daring daylight crime to flee on foot. He engaged in a running duel with Town Marshal John Sheehan, who was the target for many bullets from the fugitive bandit's revolver, one of which went through the sleeve of his coat. After running several blocks and failing to drive back his pursuer, the robber ran into a shed, closely followed by Sheehan. When he saw Sheehan with his revolver leveled at his head the fugitive put the muzzle of his own revolver in his mouth and fired a shot which resulted in his death almost immediately. Neither he nor his companion is known.
