Quinton has not done his work as sheriff of Cass county, and the voters know it, and he knows it.

"The people are getting tired of voting for Martin L. Fredrich," said a prominent Republican the other day. Of course they are, especially when he has demonstrated his inefficiency so plainly.

The fellow who is writing the editorials from Plattsmouth to the Weeping Water Republican is well known, and when we get ready to give his name no one will be surprised at the sneaking way in which he does his dirty work.

Our old friend, Fred Patterson, does not seem to have any opposition for surveyor, but then, as it is no trouble to vote for him, mark an X in the circle opposite his name, anyway. He is a practical surveyor, and has the qualifications to fill the office to perfection.

E. Ratnour, the Democratic candidate for coroner, was duly nominated for that office, while his opponent at first refused to be a candidate for a third term. But the ring insisted on putting him on anyway. Vote for Mr. Ratnour. He is an honorable, upright man, and one of the best citizens of Weeping Water. He is in the same business that his opponent is, and his qualifications are just as good.

The argument of the Republicans that the tariff was revised downward(?) is exemplified by the leaves—they are coming down.

Fortieth Wedding Anniversary.

Last Sunday A. Childers and wife, two of the most estimable people in this section, living several miles north and west of the city, celebrated their fortieth wedding anniversary. A large number of long-time friends assisted in the celebration and took part in a bountiful repast, which had been prepared for the occasion, the feast consisting of a splendid chicken dinner, to which the guests did full justice. The entire day was given over to a celebration and the couple were the recipients of the congratulations of many of their guests and the best wishes for a very long continuance of their happy wedded life.

One pleasant feature of the day was the presentation of two fine easy rocking chairs to the esteemed couple by their numerous friends, the list of contributors being Will J. Streight, W. P. Cook, J. Leuchtwies, Ed. Donat, Ed. Egenberger, J. Johnson, F. G. Egenberger, Anton H. Koubek, John Kaffenberger, James Winn, A. Giese, N. Halmes, Dr. H. M. Young, F. B. Egenberger, W. E. Rosencrans, Robert Sherwood, Jr., J. W. Kinser and C. W. Forbes.

A Weather Freak.

Yesterday afternoon some of the residents of North Sixth street were treated to something in the line of a weather freak which surely deserves mention. The afternoon was mild and pleasant, the sun shining and all weather conditions ideal for a pleasant day, when a sudden snow flurry descended from the north and quickly swept down Sixth street. The phenomenon of snow in a warm and pleasant afternoon was so startling that many people rushed into the streets to see if it was real. They found that the snow was the genuine feathery flakes of old winter and were amazed. Mrs. W. H. Rainey is among those who had actual evidence of the freak, and a large number of others noted the occurrence which is unprecedented in local annals. A year of peculiar weather seems to have been responsible for this last and most remarkable demonstration of the versatility of the weather god. The flurry passed within a few minutes and the sun was never even darkened by a cloud.

No Clue to Bank Robbers.

So far as can be learned here today no clue has been discovered to the perpetrators of the attempted burglary on the Manley bank yesterday morning, and the prospects seem to be good for the escape of the culprits. It is not known just what steps have been taken by Sheriff Quinton to apprehend the criminals, nor to what extent he has invoked the aid of officers in other localities in a search for the guilty parties. It is not believed that the perpetrators of the outrage left anything by which they could be traced and it will require the services of a Sherlock Holmes to unravel the mystery. The insurance company, which suffers by the destruction of the property, doubtless has its force of detectives at work on the case, and may, perhaps, make some headway in solving the riddle as to who the parties are that have been so persistent in their attempts to enter the bank.

Will Celebrate Golden Wedding.

Word has been received in this city by Conrad Schlater that on Sunday next, Mr. and Mrs. John Leis of Murdock will celebrate their golden wedding. Mr. and Mrs. Leis have been residents of Murdock and vicinity for many years and are widely known and justly esteemed. That their many friends will warmly congratulate them upon the recurrence of this anniversary and wish them additional ones goes without saying. Those who have the good fortune to be their guests on this propitious occasion will have a time which they cannot but enjoy, and virtually every one in that section will visit them and give them greeting.

Not Generally Known.

All stamped envelopes which are spoiled by mistakes committed in superscribing, will be redeemed by the postoffice department at their stamp value. Postage stamps damaged by sticking together in warm or damp weather, or for other causes before using, may be redeemed to the department and their value repaid to the purchaser or exchanged for new stamps. All redeemed envelopes and stamps are sent by the postmaster who redeems them to the department and records of the same are kept. These regulations are, we think not known at large, and their publication may be beneficial to a large number of people.

John Wright, wife and child came in this morning from Seattle, Wash., for a visit with L. A. Moore and family. Johnny will be well remembered here, where he lived some fifteen years ago, and his many friends will be glad to meet him once more. He is well and hearty and seems to have enjoyed life in the Pacific northwest.

The Republican candidate for county superintendent of schools has taught in Nebraska for two years. He has never taken a course in any state institution, and does not now, as we are informed, hold a first grade certificate. Do the patrons of the public schools desire such an incompetent elevated to the office of county superintendent when there are probably fifty lady teachers in Cass county better qualified than the Republican candidate? Vote for Miss Foster, whom you know is so abundantly well qualified.
