CONTEST OVER FINAL SETTLEMENT OF THE BAUER ESTATE

Brilliant Array of Counsel Present and Several Thousand Dollars Involved in Suit

Today has been taken up in county court with the hearing on the petition of John A. Bauer for final settlement of his accounts as administrator of the estate of John Bauer, deceased. This matter is being warmly contested, there being a brilliant array of counsel present in the case. The report of the administrator is attacked vigorously by counsel representing Matilda Petersen, who has an interest in the estate under a recent decision of the supreme court. She is represented by Hon. T. J. Mahoney and P. B. Wells of Omaha, while Matthew Gering is counsel for the administrator. The report which is filed shows that there is due the administrator from the estate several thousand dollars which he has paid out and for which he seeks reimbursement. One of the facts which is set up by the contestants of the report is that the administrator, who is a tenant on the farm of the deceased, and was to pay one-half the rental to Matilda Petersen, had paid all the bills out of her half of the rental and they seek to have an adjustment of the matter so that he shall pay a portion. The case is an echo of the long drawn out litigation in the Bauer estate and promises to rival the other case in the length of time it will be in the courts as both parties are determined to win in the final outcome.

FORMER RESIDENT DIES AT ST. JOSEPH

Remains Brought Here for Interment, Death Occurring Yesterday

The sad news was received in this city yesterday afternoon of the death at the hospital in St. Joseph, Mo., of Jos. Pries for many years a resident of this city and Cedar Creek. Mr. Pries was the victim of an accident at Cedar Creek while working in the quarries about two years ago, and has been in the hospital for the past two years as a result thereof. His death did not come as a great surprise to his brothers Mike and Max of this city, who were aware that he was in a failing condition. The body was brought to the city morning over the Burlington arriving on No. 15 and taken to the home of his brothers on Wintersteen Hill. It was accompanied by his wife and three children who survive him and his brother John, all of St. Joseph. The funeral will be held tomorrow (Sunday) afternoon from St. John's Catholic church of which the deceased was a most devout communicant, the hour being 2 p. m. Rev.

Father Shine conducting the services.

Deceased was a man about forty-two years of age and had been a resident of Cass county for many years. During the greater part of his life he had been employed in the quarries at Cedar Creek, where he was known as an energetic, hard working and industrious citizen. In his lifetime he had provided for his wife and family by taking out insurance in the M. W. A., being a member of that organization at the time of his death. The members of his family and other relatives extend an especial invitation to the members of this order to attend the final services. He is survived in addition to his widow and three children by three brothers, John, Max and Mike, and two sisters, Mrs. Rapp of this city and Mrs. Simons of Florence. In the loss of one who to them in his lifetime was a good and loving husband, father and brother, the family have the deep sympathy of many friends.

Poland China Pigs for Sale.

A few fine Poland China pigs for sale. Wm. Gilmour, Plattsmouth Neb.

T. O. Sutton from near Alvo is in the city today looking after business matters, coming down on the Schuyler this morning.

W. B. Oaks Passes Away.

William B. Oaks, a former resident of Glenwood, but a resident of Silver City for the past 30 years died yesterday from a second stroke of paralysis.

Mr. Oaks was well and favorably known all over Mills county. He was the cashier of the Farmers State bank of Silver City. He was also a prominent Odd Fellow.

The funeral services will be held in Silver City on Sunday afternoon at one o'clock at the home, entertainment being made in the Silver City cemetery. The services will be in charge of the Odd Fellows, and it is hoped that every lodge in the county will be represented at this funeral.—Glenwood Opinion.

"Billy" Oaks was for many years a bosom friend of R. A. Bates of the Journal, and the sad news of his death will be a great blow to him. Being now at the Thorton & Minor Sanatorium at Kansas City for treatment, it will be impossible for him to attend the funeral of his good friend. The Journal extends its heartfelt sympathy to the bereaved life.

Miss Jeary's Injuries.

Edwin Jeary, the Lincoln and Elmwood attorney and banker, is in the city today on legal business. Mr. Jeary's daughter, Miss Lena, was injured painfully in a runaway trolley car accident day before yesterday at Des Moines, Ia., as noted in yesterday's Journal, and her information was to the effect that her injuries were painful but not dangerous. Mrs. Jeary departed yesterday for her daughter's bedside. Mr. Jeary was very thankful his daughter's injuries were no worse as his information was to the effect the wreck was a very disastrous one resulting in the death of one person and the fatal injury of two others.

Roscoe Conkling Harshman, one of Avoca's bright young men and a great descendant of that sterling Democrat George W. Harshman, paid the Journal a pleasant call this morning while waiting for a chance to return home, having come up this morning to attend to business matters. Mr. Harshman's visit was much appreciated and he is a welcome visitor at any time he is in the city. He returned home this morning on the local train.

Misses Angie McCarroll and Mattie Larson were passengers to Union this morning, where they will visit Mr. and Mrs. J. E. McCarroll and family and Miss Esther Larson. They will, also, attend the box social to be given by the pupils of district 12 at their school room this evening.

BADLY INJURED SEVERAL DAYS AGO

Falls Fourteen Feet and Lights on Hard Cement Floor, and is Still Suffering

Robert Christopherson, engineer for the Plattsmouth Water company, is lying at his room in the Perkins Hotel, suffering severely from bruises as the result of an accident at the pump house several days ago. The company is changing boilers at the plant and while Mr. Christopherson in company with the workmen were engaged in removing the bridging above the old boiler preparatory to moving it out of place and installing the new boiler, the bridging refused to loosen. It was being drawn out of place by means of ropes attached to it, the workmen hauling it up and out of the way. Mr. Christopherson climbed to the top of the boiler while the workmen pulled upon the ropes he took hold of the timbers and assisted in pulling them. The timbers suddenly loosened and hurled Mr. Christopherson from the top of the boiler to the cement floor some fourteen feet below. The heavy timbers followed him in the fall and lighted across his hips and legs. He was not knocked unconscious and was terribly bruised about the lower part of the body. Medical aid was immediately summoned and an examination revealed that he had had a narrow escape from more serious injury and possibly death but had sustained no broken bones. He was conveyed to the Perkins House, where he has since been confined to the bed. It will be several days before he will be able to be out but his many friends have congratulated him upon his escaping as lightly as he did.

Horses for Sale.

I have an excellent bunch of horses, great many matched teams, all coming 3-year-olds, quiet and gentle, but unbroken, raised here, that I am offering for sale at reasonable living prices, and can give all time necessary on good bankable paper drawing 8 per cent interest. Come pick out a good team or single driver. I can suit you all, as I have both drivers and draft horses, with plenty of bone and style. They range in weight from 900 to 1,150 pounds now. A. O. AULT, Cedar Creek, Neb.

For Sale.

Twenty-five thoroughbred Barred Cockerels. Telephone 144.

Some Men Want to Buy a Suit or Overcoat at or Around

\$15.00

You will find a line of suits here at this price in plain black, plain blue serge and the new light gray and brown scotch effects, that will make some \$20 suits look cheap. We have put into this line more than the usual amount of good quality, and if \$15 is your price you can't spend it to better advantage than right here. We can show you all-wool goods at this price. Ditto on overcoats. However, if you want the best tailoring its possible to buy, with the snap and style of a \$50 suit, then you want to buy from our QUALITY LINE in price \$20 to \$35. They're better—in fact they're the best that's made. Always ready to show you.

ENTHUSIASTIC OVER PROSPECTS

A. Gillette Returns From Nevada Full of Hope for His Mining Interests in That State.

A. Gillette, well known in this city, where he has been living for several months past, has just returned from a trip to the Black Rock desert region of Nevada, where he went to inspect some copper mines in that vicinity. Mr. Gillette is interested in the mines and being an old mining man with many years experience in the Black Hills and other sections, he concluded to go and take a look at the property himself. He returns full of enthusiasm over them and pronounces them the best he ever met with anywhere. He brought back some specimens from the mines which show them to be exceedingly rich in copper with traces of gold and silver. The latter metals are not present however, in quantities enough to make the mining of them profitable but the abundance of the copper is easily seen. This property is being developed by Copper company, the leading member of which is one of Mr. Gillette's old-time employees in the Black Hills, and is capitalized at \$1,000,000.

The mines are situated in the Jackson mountains, Nevada, twenty-five miles north of the Western Pacific railroad and includes 520 acres of ground with an abundance of water for milling purposes. Owing to the peculiar formation of the ground, the copper ore is of easy access and the cost of extension workings is avoided. In addition it is easily transported and can be placed at the mill at small cost. These things all combine to make the property exceedingly valuable. [The many friends of Mr. Gillette, who is now in easy circumstances, will be glad to hear of his good fortune in thus getting in on more good property and extend their congratulations. Their only regret is that he contemplates moving to that section and leaving this place where he has so many good friends.

Loses Valuable Tenant.

Chris Metzger passed through the city this morning en route to the home of Andy Snyder. He went out there with blood in his eye because he states he loses a most valuable tenant through the determination of the voters of Cass county to elevate his tenant into the register of deeds office. Andy has been renting the property of Mr. Metzger and he has done well with it just as he will with the office and Chris is sorely disturbed at having to change tenants. However, he rejoices that so good a man was chosen and he congratulates the people of Cass county on their good fortune.

Misses Catherine Howland and Gladys Pirie of Wymore, who have been visiting for several weeks past with William Howland and family, departed this morning for their homes.

First Mass Meeting.

The National American Woman Suffrage Association for the first time in its history, is to have a mass meeting in the city of New York. This is to be an historic evening. It will occur on November 17, at Carnegie Hall. The National president, Rev. Anna Shaw, will preside and will speak. The program will include the names of other speakers of national reputation, several of whom will speak upon subjects not hitherto introduced into the Suffrage campaign. Delegates and visitors from other state are cordially invited to attend this meeting.

SUICIDE AT SOUTH OMAHA

Young Lady a Former Resident of This City Takes Carbolic Acid and Dies

News was received in this city this morning of the suicide at South Omaha yesterday of Mary Henderson, once a resident of this city. Miss Henderson who was 20 years old, an employ at the Armour packing house took carbolic acid. The suicide took place at the home of George Middlemyer where she was rooming. According to the story as it reaches here, the Middlemyer family left home for uptown early in the evening, leaving the girl apparently in the best of spirits and without any apparent intention of committing the fatal act in her mind. Three hours later they returned to their home to find her cold in death with an empty carbolic acid bottle by her side.

The dead girl was a daughter of Mr. and Mrs. Thomas Henderson, who lived in this city for a number of years, and has a brother Sam Henderson here now. According to the papers her mother now lives at Garry, Okla. No mention is made of the father. No reason is assigned for her rash act aside from a lover's quarrel which she had some time ago.

Close Call.

Our good friend M. S. Briggs, who is working at Pacific Junction this week, had a narrow escape from losing the train this morning as he intended to take No. 6 for that place. The train was on time and M. S. had to hot-foot it down the street to get to it before it left.

It was underway before he got to it but he managed to climb aboard. The exercise is not the best in the world for him as he is suffering from a fractured rib and the violent running is not calculated to make it heal up any quicker. It is to be hoped no serious effects follow the run.

Fred Ohm was a passenger this morning for Omaha, being accompanied by his brother John and H. H. Wolf of Ohio, who have been his guests for
