

# PLATTSMOUTH GIRLS AT PERU

Entertained by Prof. and Mrs. Rouse and Enjoy a Most Excellent Time.

The Plattsmouth delegation at the Peru Normal are home for the holidays.

Ethel Ballance, Geraldine Rosa, Dora Kaffenberger, Della Tarisch, Christina Hansen, Mary Bird, Nellie Julian, Emma Falter and Standfield Jones arrived today from Peru to spend Christmas vacation with home folks. School was dismissed Wednesday, December 22, and work will be resumed January 5. Special trains over the Burlington for coming home and also for returning January 4, are arranged for.

In a cantata, "The Countess of Trivole" given by the model school and teachers of the training department in the chapel Tuesday evening, one of the best things of the play was the chorus of Tyrolean Warblers led by Miss Emma Falter. The unique costumes and splendid singing of these Alpine songsters made a decided hit.

The cantata was one of the best ever given by the school and too much cannot be said in praise of those in charge as well as the children themselves, for the faithful practice and hours of time spent in preparation of such an excellent performance.

The Plattsmouth students were most delightfully entertained by Prof. and Mrs. Rouse at their hospitable home Saturday evening, December 11.

The girls—for Plattsmouth has no boys at the normal—were told the house was theirs and they surely knew how to make the most of it, for the taffy, fudge, pop-corn balls, and polished apples that soon appeared in generous quantities were sufficient proof that no time was being lost. In the course of time all vanished and the company decided most reluctantly that the time had come for them to do likewise. After expressing once more their appreciation to Prof. and Mrs. Rouse for giving them one of the big times of

the season, the guests departed, all feeling that it was a good thing to be on the roll as Plattsmouth students.

President Crabtree was presented with an beautiful gold watch and chain by students and faculty.

Tuesday morning will long be remembered by Peru students of 1909-10 as a red letter date in chapel exercise. So completely were the students in charge that the president wondered if he had anything to say.

When Prof Rouse had finished his announcements he recognized Mr. Stoddart, president of the senior class, who addressed him from the student body, and then took the stage to explain his rather unusual request to speak at this time.

It soon became evident that he was there for a purpose, for, after briefly reviewing the history of the school in regard to growth and progress and paying a most fitting tribute to the president to whom no small share of it is due, he turned to him and said: "And now, President Crabtree, to show in a measure our appreciation of these good things, together with the friendship and kindly personal interest, you always have for us, we take advantage of this Christmas season to present to you this gift in which every student and every member of the faculty in this school has had a part."

A beautiful bouquet of flowers was presented to Mrs. Crabtree as a token of the esteem of the students for her.

Before Mr. Crabtree could express the surprise and pleasure he felt, the Normal Band entered the chapel at the rear, marched up the middle aisle to the front, where several of their best selection were given in their usual excellent style.

All joined the band in the school song. After Mr. Crabtree had been given an opportunity to express his thanks and appreciation the senior boys led the line of march across the stage where Mr. and Mrs. Crabtree were, shook hands with every member of the school amid band music, singing and the giving of school yells.

The peculiar properties of Chamberlain's Cough Remedy have been thoroughly tested during epidemics of influenza, and when it was taken in time we have not heard of a single case of pneumonia. Sold by all dealers.

## NEEDFUL KNOWLEDGE.

Plattsmouth People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighted down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's Disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Plattsmouth proof:

Mrs. Claude Butler, 613 S. Tenth street, Plattsmouth, Neb., says: "Doan's Kidney Pills, procured from Gering & Co.'s drug store, have been used in my family and I can heartily endorse them as a splendid remedy for kidney disorders, especially in children's cases. I publicly recommended Doan's Kidney Pills in 1906 and as I still think highly of them, I have no hesitation in confirming that statement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doans—and take no other.

### In County Court.

The hearing of the contested claim against the estate of John H. Bauer was continued yesterday, Attorneys T. J. Mahoney and P. A. Wells of Omaha appearing for Matilda Peterson and the estate, and Matthew Gering representing John A. Bauer, administrator. Judge Beeson will probably render a verdict Friday.

The greatest danger from influenza is of its resulting in pneumonia. This can be obviated by using Chamberlain's Cough Remedy, as it not only cures influenza, but counteracts any tendency of the disease towards pneumonia. Sold by all dealers.

Likes His New Home. Rev. J. H. Salsbury, formerly Presbyterian minister here for several years, came in last evening from Omaha on No. 2, intending to make a brief stay in the city. Rev. Salsbury is well known here, where he has many friends. They will be pleased to hear that he likes his new location at Auburn, very much, and that Mrs. Salsbury and their little son are enjoying the best of health.

## FUNERAL OF WILLIAM L. STREET

The Remains Taken to Red Oak, Iowa, His Former Home, for Interment.

The funeral of the late W. L. Street was held this morning at the former home of the deceased at 8:30 o'clock. Rev. S. H. Coleman delivered a sermon which soothed and comforted the sorrowing hearts of the bereaved ones, and paid a touching tribute to the sterling worth and character of the deceased. He dwelt upon the long life and busy activity of the departed citizen and pointed the way to much that was worthy of emulation in both.

Many sorrowing friends went to the house to pay the last mark of respect to the deceased.

There were many beautiful floral offerings from the many friends of the departed, and there were none who did not feel keenly the loss to the community. The pall-bearers were Messrs. W. K. Fox, William Schmidtman, Thomas Glenn, John Crabbill and J. E. Tudy.

After the services at the church the body was taken to Red Oak, Ia., for interment, on Burlington train No. 4, leaving here at 9:50 a. m.

Those who accompanied the remains to Red Oak, were Mrs. M. A. Street, Mrs. Mae Morgan and daughter Clara Mae Morgan, Walter Street, and Rev. S. H. Coleman of Villisca, Ia.

## NEBRASKA BOY IS HONORED

E. E. Buckner, a Former Resident of Plattsmouth, Assistant Prosecutor of New York City.

The following, taken from the State Journal of this morning, refers to a young man who formerly resided in Plattsmouth, and whose father was pastor of the Methodist church of this city:

Emory E. Buckner, son of Dr. J. D. Buckner of University Place, a young university of Nebraska graduate practicing law in New York, has most distinctly "arrived" in the metropolis. According to the New York papers of Sunday, Mr. Buckner has been appointed first assistant district attorney by District Attorney-elect Whitman who succeeds William Travers Jerome. Mr. Buckner is appointed at the maximum salary of \$7,500.00, the same salary received by the chief of the staff, Frank Moss, former police commissioner and counsel for the Parkhurst society in the Lexow investigation.

Mr. Buckner's under graduate work at Nebraska marked him as a man of exceptional mind and of all round effectiveness. As a debater he was brilliant. He led his class—'04—and then went to the Harvard law school where he likewise finished in the lead though carrying an immense amount of outside work as tutor and as private secretary to the late Charles Elliot Norton, Prof. William James, and President Eliot. As a Harvard high-honor man, Mr. Buckner in 1907 was taken into the office of one of the leading New York firms, that of which Paul Cravath is a member. In a half year his record there, backed by the impression he had made on the Harvard law faculty, landed him as assistant United States attorney for New York city to which position he was appointed by United States Attorney Henry L. Stimson. In the prosecution of the sugar trust last year, "The Case of the Seventeen Holes," Mr. Buckner took a prominent part.

Mr. Buckner's appointment is particularly significant because of the other assistant district attorneys appointed with him. All of them, according to the sketches published in the press, have been at the bar for fifteen years or more, while he has been at the bar but two years. Under the caption "Praised by Stimson," the New York World of Sunday publishes the following regarding Mr. Buckner by ex-United States District Attorney Stimson who is now the government's special officer in the prosecution of the sugar fraud: "I have a very high opinion of him as a man and as a trial lawyer. He assisted me directly in the trial of the penalty cases against the American Sugar Refining company, and I have always found him capable of taking any responsibility and performing it exceedingly well."

Mrs. F. G. Egenberger and children are spending the day in the metropolis.

### One Good Thing, Anyway.

From the following from the Lincoln Journal it would seem that there was one good thing the legislature did, anyway:

Hog cholera has been robbed of seventy-five per cent of its terror, according to the recent bulletin of the Nebraska experiment station. The last legislature appropriated \$5,000 for experiments in inoculation against the disease, and the records thus far show a saving of three-fourths of the hogs treated. This applies, however, only to hogs inoculated under exposure to the disease but while still apparently unaffected. Some of these would survive anyway, but the gain is apparently great enough to make the treatment much more than worth while. With the risk from cholera thus reduced it would seem that this state of corn and alfalfa ought greatly to increase its output of pork. Nowhere can this cheaply produced meat be produced more cheaply than in Nebraska.—Lincoln Journal.

A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. When Chamberlain's Liniment is applied a cure may be effected in three or four days. This liniment is one of the best and most remarkable preparations in use. Sold by all dealers.

Joseph Cole departed this morning for his home at Odell, Neb. Mr. Cole was called here on account of the death of his brother, the late William Cole, and has been visiting old friends and neighbors. Mr. Cole was a Cass county resident twenty years ago.

## Tell Some Sick One

It Is Free If It Fails. Will you do an act of humanity? Will you tell some sick friend of this, my remarkable offer?

Tell him or her, that you have learned of a medicine so certain that its maker dare say to the sick, "It is absolutely and unconditionally free if it fails."

And you, no doubt, already know of Dr. Shoop's Restorative and its popularity. For 20 years it has been the standard remedy for Stomach, Kidney and Heart ailments everywhere in America.

When the "inside" or controlling nerves of these vital organs begin to fail, it is Dr. Shoop's Restorative that has quickly vitalized, and strengthened, and brought these nerves and organs back to health again.

I do not dose the Stomach, nor stimulate the Heart or Kidneys—for that is all wrong. Dr. Shoop's Restorative goes direct to the cause of these ailments—the falling, faltering, inside or controlling nerves. And herein lies the keynote to my success.

When these nerves are again made well and strong, then that is the certain end of all such sickness.

To me it is a great satisfaction that I am the only physician able to say to the suffering sick, "Take my prescription for full 30 days, and if it fails to help you, the entire expense is mine—not yours."

Then why should the sick take any chance on any other medicine, whose maker dare not back it just as I do by this remarkable offer?

I also have a Rheumatic Remedy—and that remedy is covered by the same identical "No help, no pay" protective plan. Besides, you are free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is surely worth your simple request.
