## ICE HAULERS GO OUT ON A STRIKE

### A Genuine Walkout Among the McMaken Gang of Ice Haulers This Morning.

After working a few hours this morning at the ice harvest, and finishing up the various vaults and houses near the B. & M. tracks, the larger portion of the ice haulers struck for higher wages, when it was announced by Mr. McMaken that all hands would now commence to fill the houses on Washington avenue.

We learn from some of the men who were hauling that they were receiving 35 cents per load for filling the houses along the tracks, and when the avenue houses were to be filled the men wanted an increase of five cents per load, some thinking that a ten cents advance would be about right, the price scale being in accordance with the size of the load. The extension in the haul was the cause for demanding more money.

Here is where the trouble arose, and McMaken refused to meet the demand of the men, and the strike followed. Mr. McMaken informs us that he was willing and has been guaranteeing all his haulers \$4.00 per day, and as much more as they could make at the price offered. This he says is about all that he can pay, and all that he will pay, choosing in preference to the raise to let the ice houses remain empty, and continue to ship the ice from the artificial plants next season, in which event the people in general will be the losers, for the ice cannot be shipped for the same price that it can be packed here.

Mr. McMaken tells us that at this time they are able to get better ice than they have packed for several seasons, having already removed the poorer ice for cold storage, and bridged the channel of the river to the east side where it is clear, solid and of good thickness, but unless more haulers can be found, their efforts will avail them nothing, and the people will pay the artificial price another season, for he has fully determined to ship in ice rather than pay the demanded increase for hauling.

Alone in Saw Mill at Night storms or cold, W. J. Atkins worked as Night Watchman, at Banner Springs, Tenn. Such exposure gave him a severe cold that settled on his lungs. At last he had to give up work. He tried many remedies but all failed till he used Dr. King's New Discovery. "After using one bottle" he writes, "I went back to work as well as ever." Severe Colds, stubborn Coughs, inflamed throats and sore lungs, Hemorrhages, Croup and Whooping Cough get quick relief and prompt cure from this glorious medicine. 50c and \$1.00.
