

THE COASTING CARNIVAL IS A CERTAINTY FOR THIS CITY

And If a Regular January Thaw Does Not Intervene the Boys and Girls Can Depend Upon Enjoying the Time of Their Lives.

Maybe it won't be zip, go some and then walk back in this old town in a few days. A meeting of coasting enthusiasts was held last evening when it was decided to have a great, big four days coasting carnival to which all Nebraska and Iowa is invited. The meeting organized by the selection of A. E. Quinn, chairman, and John Hatt, as secretary and treasurer. That such men should head the affair is a sure guarantee of success. In addition there were a large number of other live wires present and arrangements for the biggest and best time held in this city in years were perfected.

Winter sports have the board this winter as the weather is ideal for such pastimes. High School Hill has been chosen as the place for the great carnival and the big heavy bobs will be run down the long hill and through the subway to the Missouri river. Saturday night it is hoped to have the track in shape and a great white way will blaze forth from the top of the high to the river. The carnival is proposed to run, Saturday, Monday, Tuesday and Wednesday and everyone is invited to bring out their coasters and get in the push.

Mr. Hatt was out this morning raising funds for the affair and he has been meeting with most encouraging success. Everyone is in favor of enjoying winter to the utmost and

there is no trouble in getting money for the big time. Invitations have been issued to Omaha, Council Bluffs and Nebraska City parties, asking them to come down and have a real live time.

The meeting last evening selected a committee on track and lights which is composed of the live ones. The members are Will Egenberger, Guy McMaken, George Dovey, Jr., Emil Weyrich, Ernest Wurl, Frank Bestor, Clarence Staats and Henry Goos and if they can't furnish a frosty track, who can?

The fellows who will have to hustle the finances are John Hatt, Jr., H. A. Schneider, John Nemetz, Fritz Fricke and Ed. Barker. If they can't raise the cash, who can?

The policing of the track and the streets is left to Chief Dave L. Amick and Tom Stokes and they can be banked on to furnish the goods.

Advertising is left to the tender mercies of Charles Grimes, A. E. Quinn and E. H. Wescott and if anyone can beat that trio for advertising methods they have to go some.

This great big event is scheduled to take place the last of this week and the forepart of next and you want to get in on the deal. Bring out your coaster and do your part. A meeting is being held today to perfect arrangements and the Journal will have much more to say later regarding the big time.

MOVING DAY AT THE COURT HOUSE

Old Officers Step Down and Out and the Newly-elect Take Their Places.

Today was moving day at the court house. The new county officers all filed their oaths of office this morning and at noon took their seats. In the treasurer's office there was small change—in fact no change to speak of. County Treasurer Schlater succeeded himself by virtue of 687 majority and all his deputies went into office with him. W. Kelly Fox remains as chief clerk with Miss Mia Gering as clerk also. Across the hall H. A. Schneider steps out and is succeeded by Andrew J. Snyder, a rattling good Democrat and one of Cass county's best men. Mr. Snyder will be assisted by Miss Florence White and Miss Frances Weldman will remain in his office for several months to start the new administration right. In the county clerk's office, D. C. Morgan for the past four years deputy clerk steps into the shoes of W. E. Rosencrans, the latter retiring to take up the real estate business. Mr. Morgan is succeeded as deputy by Frank C. Libershal, one of the brightest and best young men of Cass county. Mr. Libershal will make good with the public and will give Cass county an excellent administration as deputy county clerk. In the county judge's office Judge Beeson succeeds himself and Miss Gertrude Beeson will continue to act as clerk. In the sheriff's office, Sheriff Quinton succeeds himself and Deputy Manspaker is again reappointed for another two years. In the superintendent's office, Miss Mary Foster is once more superintendent succeeding herself. The commissioner's office is to be filled for another term by Commissioner Friedrich, who was re-elected and who has qualified for his new term. The big change outside of the register's office is in the surveyor's job where Fred Patterson, a real live, Rock Bluffs Democrat succeeds E. E. Hilton. Mr. Patterson took his oath of office and filed his bond today and now is a full-fledged Democratic county surveyor. Coroner Clements succeeded himself and is once more duly commissioned to set upon the dead ones of the county. The changes resulted in a net gain of two for the Democrats in the county offices, these being the register of deeds and the surveyor and leaves the Republicans with a minority of the offices. All the new officers are well known in the county and are good men and there is small room to doubt they will make good.

Mr. Cutler, mention of whose death was made in the Journal yesterday, was a brother-in-law of William Gilmore of this city. The latter departed for Modale to be present at the funeral.

In the County Judge's Office.

A suit has been filed in county court by the King-Graham Manufacturing company against Henry Thomas, a merchant at Alvo wherein they ask judgment against the defendant in the sum of \$348.50 for goods, wares and merchandise sold and delivered to defendant.

Judge Beeson has also compiled a list of licenses issued during December which shows that twenty-six licenses to wed were issued and fifty-two souls were united. This is not bad meaning, one a day for every working day in the month. Cupid seems to have been quite busy in the cold weather.

There is no Quinine, nothing whatever harsh or sickening in Preventics. These Little Candy Cold Cure Tablets acts as by magic. A few hours and your treasuring Cold is broken. Candy-like in taste. Preventics please the children—and they break the feverishness, always. And least of all is the economy. A large box—48 Preventics—25 cents. Ask your druggist. He knows! Sold by all dealers.

Frank Boyd spent last evening in the city with his wife, returning to his work in Omaha today.

Opens Real Estate Office.
Former County Clerk Rosencrans has opened a real estate office in the Union block just west of J. W. Crabb's jewelry store and hereafter his smiling countenance can be seen at that place. Rosey is the kind of a fellow who will make good in any line of business he undertakes and the real estate business is a sure winner for him. He handles Nebraska, South Dakota, Canada and Texas lands and can suit any purchaser. Give him a call.

INSTALLATION OF OFFICERS

After the Services the Large Number Present Enjoyed a Fine Banquet.

If your Stomach, Heart, or Kidneys are weak, try at least, a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the Stomach, nor stimulate the Heart or Kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must necessarily falter. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by all dealers.

Regulates the bowels, promotes easy natural movements, cures constipation—Doan's Regulents. Ask your druggist for them. 25 cents a box.

CAUSE FOR ALARM

Loss of Appetite or Distress After Eating Symptoms that Should Not Be Disregarded.

Appetite is just a natural desire of the system for food necessary to replace natural body waste. Loss of appetite or stomach distress after eating indicates indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health, and insatiable appetite is a common symptom of diabetes.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest and healthiest persons are moderate eaters.

There is nothing that will create sickness of cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge every one suffering from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine they are not satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them.

We honestly believe Rexall Dyspepsia Tablets to be without equal. They are made from the prescription of a physician who devoted his time to the study and treatment of the stomach. They give very prompt relief, stimulating the secretion of gastric juices, strengthen the digestive organs, aid to good digestion and assimilation, regulate the bowels, and promote nutrition.

We urge you to try a 25 cent box of Rexall Dyspepsia Tablets, which give 15 days' treatment. At the end of that time your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases we have two larger sizes, which sell for 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Plattsmouth only at our store,—The Rexall Store, F. G. Fricke & Co., Union block.

Sends Best Wishes to Friends.

Judge Archer, secretary of the Masons, has received a letter from Lemuel Cooper, a well known Plattsmouth boy who has been acting as a machinist in the navy for several years past. Mr. Cooper is now at the Norfolk navy yards on board the battleship Montana and he sends his best wishes to his many friends in this city in the letter to Judge M. Archer. He does not intimate that he is liable to visit this city in the near future although his many friends here would be pleased to have him come in and see them.

Engines Collide at Ashland.

Two Burlington freight engines collided in the yards at Ashland yesterday morning and two men were injured and considerable damage was done to the rolling stock involved in the mixup. Engineer C. B. Holland, who lives at 1128 T street in this city, was hurt, his right knee being badly wrenched. Fireman Malsner was also injured, his back being hurt by jumping. Both Holland and Malsner jumped from their engine. Engineer O'Grady was also in the wreck but escaped injuries. The wrecker was sent to Ashland from this city and the debris was cleared away last evening. The wreck occurred at 6:30 a. m.

It is said that in the intense cold of the morning, steam from the engines obscured the vision of the enginemen and that they came together on the yard tracks before they knew they were near each other. One engine was badly damaged while the other was made unfit for use. Neither engine could move under its own steam after the accident.—State Journal.

The above accident was only one of many which have taken place on the western roads within the past several days. The terrible storm and the intense cold have combined to make railroading very dangerous.

H. M. Smith, one of the solid, substantial citizens of the vicinity of Nehawka, has been making a visit of several days in the city, the guest of his father-in-law, John S. Hall and last Saturday he paid the Journal a very pleasant and much appreciated visit. Mr. Smith reports that the snow has been disappearing rapidly during the latter part of last week in his vicinity and is hopeful that it will stay pleasant the remainder of the winter.

Coasting Accident.

Little Carl Thomas sustained injuries yesterday while coasting down north Fifth street. The little fellow was sliding down the hill behind another sled on which was a much larger boy and Carl believed he was gaining on him. Trying to avoid a collision he steered his sled out of the path and in doing so ran into a tree. The little fellow's head and face was badly cut and bruised and he was quite severely injured. A physician was called to attend his injuries and he was made as comfortable as possible. He was on his way home from school, being a student at the first ward school. He is not seriously hurt but suffers quite painful injuries.

A VERY EXCITING EXPERIENCE

Jack McDaniel Meets With a Very Narrow Escape in Crossing Platte River On the Ice.

Jack McDaniel last Monday night had an exciting experience with John Chase who was en route to his home at Arlington, Neb. Mr. Chase engaged Jack to take him across the Platte river on the ice as he was driving home in a sleigh. Mr. McDaniel tried several places on the river and broke through the ice a number of times, being wet to the skin in the cold, icy water, but he finally got his charge safely across and then found that he had missed all tarins to this city, being compelled to go into Omaha where he stayed over night and coming home the next morning. Mr. McDaniel reports that the trip was one of the worst he ever experienced and several times when he went through the ice he feared that he was not going to come up again. There are air holes all along the Platte and the crossing is very dangerous and treacherous. Mr. Chase had been visiting with friends and relatives in this vicinity and had to take a team and cutter home with him, concluding to drive over the route. He tried to get several persons to show him a safe route over the ice but failed and finally secured Mr. McDaniel after much talk and persuasion. Jack states that this is the only voyage of the kind which he intends to make this winter unless it is a case of absolute necessity.

George A. Melsinger, one of Cass county's prosperous farmers, living west of Mynard, was in the city today on business, and found time to drop in and renew his allegiance to the Old Reliable for another year. Mr. Melsinger is as regular as clock-work in paying for the Journal in advance the first of the year. Mr. Melsinger also renewed his son's paper, Philip Melsinger at Perry, Oklahoma.
