Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indicative. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. E. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition.

SUDDEN DEATH NEAR MURRAY

Mrs. William Niday Expires Very Suddenly at Home of Son

Mrs. William Niday, living with her son William, four miles south of Murray, passed away very suddenly Tuesday afternoon from heart failure. The deceased had previously enjoyed fairly good health for one of her age, and her sudden expiration was a great shock to those at home. She was the widow of William Niday, who came to Cass county from Ohio many years ago and settled. The husband was a veteran of the civil war and preceded the wife to that better world several years ago. Five grown sons—William, Charles, Roth, John and James, and two daughters survive her—the two latter living some where in western Nebraska. For many years Mrs. Niday had made her home with her son William. She was aged about 67 years, and her sudden demise is lamented by all who knew her. She was a lady very hospitably inclined, and all speak of her excellent qualities. Cheerful and optimistic she gave everyone a cordial greeting. No one ever went away from her home hungry. To know her was but to honor her for her many excellent traits of character.

Public Building Foundation.

A government inspector of building sites was in the city yesterday conducting a series of tests to determine the kind of foundation which the new government building will require whether it shall be of concrete or other material. From this it can be seen the plans for the building cannot be very far underway yet and it is probable the building will not be in shape to bid on for some months and that construction will start in late summer or early fall.

Red Men Rushing Work.

The sound of the hammer and saw is being heard today in the Captain Palmer building, the Red Men having taken possession of the same and commencing their alterations. They expect to have the upper part of the building ready for the occupancy Saturday night when lodge is held. The work is being rushed to completion as rapidly as a large force of mechanics can do it. The new quarters will be splendid ones for the order and they expect to occupy the entire building, making them one of the best and most convenient halls and social quarters in the state. It will also afford a splendid place to entertain the grand council when it meets here next fall.

Doing Nicely.

The Journal is in receipt of a letter from Harry J. Leuchtwald dated Hanford, Cal. Harry wants to get all the news from home and sends for the Daily Journal to follow him. He states that he is working for the Southern Pacific at that point as assistant ticket agent and operator and doing nicely. He sends all his regards to the good people of the city. In common with his many friends the Journal is glad to note his progress and trusts that he will advance up the ladder to the top.

Mr. Meisinger has been laid up for some four weeks past with rheumatism but is now feeling quite well again. He is going to reduce his supply of live stock by the sale of a number of fine head of cattle and other animals in the near future, having picked out February 11th as the date he intends to have a sale which will be a sale. This will be a splendid opportunity for anyone wanting real bargains to pick them up.

GIVES DINNER FOR HARRY LAUDER

Matthew Gering of This City One of the Orators.

At a dinner given to Harry Lauder, the Scotch comedian and singer, yesterday afternoon at the Henshaw hotel in Omaha, Hon. Matthew Gering of this city was one of the principal speakers. Mr. Gering made an eloquent response to a toast, one of the most brilliant of the entire assemblage of speeches, and he won many congratulations for his masterly effort. Besides Mr. Gering, those who spoke at the dinner included Mayor Dahlman who introduced the guest Harry Lauder, John F. Kennedy who acted as toastmaster, Sir William Kennedy who was the host of the dinner and an old friend of the comedian, Col. T. W. McCullough, Robt. Cowell, Gen. C. F. Mander-son and J. C. Lindsey. All these distinguished gentlemen are able and eloquent speakers and Mr. Gering's address was considered among the leaders among them.

In response to the several addresses Mr. Lauder made a feeling address and disclaimed being actor or even a singer but said he tried to be plain Harry Lauder. In the conclusion of his remarks Mr. Lauder sang a beautiful Scotch song of his own composing entitled "Hame to the Auld Folk." As he is considered one of the sweetest singers on the stage today, it can be imagined he fully justified his reputation in this song. The dinner closed with the audience clapping hands and singing "Auld Lang Syne."

There were some seventy-five ladies and gentlemen in attendance.

Probably the greatest coffee substitute yet produced is that now known to grocers everywhere as Dr. Shoop's Health Coffee. It actually goes a third farther than all others, and besides it is "made in a minute." No 20 or 30 minutes tedious boiling is at all necessary. Pure toasted grains, malt, nuts, etc. have been so cleverly blended as to give a wonderfully satisfying, true genuine coffee flavor and taste. And not a grain of real coffee is used. 100 cups, 25c. Sold by F. S. White.

Two Minor Accidents.

W. H. Mason, a steam fitter at the coach shop of the Burlington yesterday had one of his arms severely cut and burned by a lubricator breaking. He started to fill the lubricator on the pipe machine engine when it burst without warning, the glass cutting his arm and steam scalding him. The injuries are painful but not considered dangerous. He will be off duty, however, for several days just the same.

Joshua Andrews who is employed in the Burlington's machine shop, has a severely bruised middle finger on the left hand. The accident which caused the injury occurred by his having the finger caught between a drawbar yoke and the floor of the shop. It is not serious but is somewhat painful.

Bar Docket Now Ready.

The bar docket for the coming term of district court has just been compiled by Clerk of the Court Robertson, assisted by his deputy, Miss Jessie Robertson, and the copy therefore delivered to the printer. The docket is a small one containing but thirty-seven cases all told of which only three are in the criminal side. There are five divorce cases on the docket. The principal case to be tried from a money standpoint is that of Bilsh vs. the Burlington for \$25,000 damages for the loss of a foot in a wreck in the yards here last July. Several other cases of interest are on the docket but none of them will take long to try.

The Plattsmouth Journal says that a Mr. Schultz from Glenwood has located there with the intention of starting a cotton glove and mitten factory. Plattsmouth has an unusually active commercial club, and its members are now putting forth strenuous efforts to secure factories for that city.—Glenwood Tribune.

Tell Some Sick One

It Is Free If It Fails.

Will you do an act of humanity? Will you tell some sick friend of this, my remarkable medicine?

Tell him or her, that you have learned of a medicine so certain that its maker dare say to the sick, "It is absolutely and unconditionally free if it fails."

And you, no doubt, already know of Dr. Shoop's Restorative and its popularity. For 20 years it has been the standard remedy for Stomach, Kidney and Heart ailments everywhere in America.

When the "inside" or controlling nerves of these vital organs begin to fail, it is Dr. Shoop's Restorative that has quickly vitalized, and strengthened, and brought these nerves and organs back to health again.

I do not dose the Stomach, nor stimulate the Heart or Kidneys—for that is all wrong. Dr. Shoop's Restorative goes direct to the cause of these ailments—the falling, faltering, inside or controlling nerves. And herein lies the keynote to my success.

When these nerves are again made well and strong, then that is the certain end of all such sickness.

To me it is a great satisfaction that I am the only physician able to say to the suffering sick, "Take my prescription for full 30 days, and if it fails to help you, the entire expense is mine—not yours."

Then why should the sick take any chance on any other medicine, whose maker dare not back it just as I do by this remarkable offer?

I also have a Rheumatic Remedy—and that remedy is covered by the same identical "No help, no pay" protective plan.

Besides, you are free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription of personal advice plan. My best effort is surely worth your simple request.

So let me send you an order at once. Take the message to some sick friend.

A postal will bring the opportunity. I will have an honest and trustworthy druggist to whom you can conveniently go for the 30 day test.

But first, ask me for the order, for all druggists are not authorized to give the 30 day test. So write me now and save all delays. Remember that tomorrow never comes. Address Dr. Shoop, Box 12, Racine, Wis.

Which Book Shall I Send You?

No. 1 On Dyspepsia	No. 4 For Women
No. 2 On the Heart	No. 5 For Men
No. 3 On the Kidneys	No. 6 On Rheumatism

I have the reputation of being a good man to sharpen your horse shoes for icy roads; but the modern

ROWE WELDED TOOL-STEEL CENTER CALKS

are better—they wear longer and are always sharp; so I must recommend them—even though I don't make much out of it. I can't afford to be old-fashioned at the expense of my good customers. Rowe Calks save you, your horse and your money. They can be easily taken out and soft-road "Blunt Calks" put in when a thaw comes, thus saving the Steel-Center Calks and still assuring a good climbing power.

THEY GROW HAIR

Certain Ingredients if Properly Combined, Stimulate Human Hair Growth.

Resorcin is one of the most effective germ destroyers ever discovered. Beta-naphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter, and creates a clean, healthy condition.

Pilocarpine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair.

Borax, because of its well defined softening and cleansing properties, is useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs, and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

Recall "93" Hair Tonic is chiefly composed of these ingredients, which are compounded in a peculiar form, and we believe it is the most effective remedy known to medical science for scalp and hair troubles generally. We personally guarantee it to eradicate dandruff and scalp irritations and to grow hair, even though the scalps in spots is bare of hair, providing of course there is life and vitality remaining in the hair roots.

We want every one troubled with scalp diseases, dandruff or loss of hair to try Rexall "93" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. This guarantee is printed on every package. It has effected most satisfactory results in 93 out of 100 cases where put to a practical test.

Recall "93" Hair Tonic is entirely unlike and in every particular different from anything else we know of for the purpose for which it is recommended. We urge you to try it at our risk. Certainly we could offer no better guarantee. Two sizes, 50 cents and \$1.00. Sold in Plattsmouth only at our store.—The Rexall Store, F. F. Fricke & Co., Union block.

Miss Angie McCarroll received a phone message yesterday of the sudden death of her aunt, Mrs. W. E. Niday. Miss McCarroll was a passenger to Union this morning to attend the funeral which will probably occur tomorrow. Mrs. Niday was a sister of Mr. J. E. McCarroll.

W. F. Peters of Weeping Water, stopped over night in the city and this morning was a passenger for Pacific Junction where he had some business matters to look after.

REASONS WHY YOU SHOULD BUY NOW LUMBER

First—The roads are good. They won't be good when the spring thaw comes. You'll have trouble then in getting your building material home.

Second—This is the best time to get ready to build. You should order your material now and engage your carpenters. The latter will all be busy when spring opens up.

Third—There is sure to be an advance of from \$2 to \$5 per thousand feet on lumber a little later. We're not trying to frighten you or force you into buying. This is an honest conviction, based upon experience and close observation. We have never deceived you in a forecast of this kind.

REASONS WHY YOU SHOULD BUY FROM HAVER

First—The C. Haver Lumber Company is the best equipped concern of its kind in the world for selling, direct to the consumer, lumber, mill-work, builders' hardware, paint and other materials. You can find right here everything that you need in putting up a building of any kind. This is not a small order commission house, but a genuine, splendidly equipped buliders' institution.

Second—Our location in the growing West, and our own private trackage facilities insure the quickest service you can get anywhere.

Third—We are among the heaviest buyers in the business. We have our own timber, sawmills, factories and yards. So we positively obtain the highest quality of materials at prices that give us a great advantage over all others.

GET YOUR LOCAL FIGURES—THEN GET OURS

If you intend to build a house, barn, shed, or anything else, have your carpenter figure out what you need, giving all specifications as completely as possible. Then get your local dealer's figures. We do not want to see his bid. All we ask is that you make an honest comparison, and we know that if you do that we will receive your order.

If possible, come to Council Bluffs. That will enable you to look over our great stock and you can see everything you buy as it is loaded into your car.

Your trip to Council Bluffs will cost you nothing if you buy a carload or more, and provided you live not more than 150 miles from this city. We want you to see that you are getting the best, and we'll make the trip to your advantage in the quality and price of what you buy and in paying your expenses. We will also pay the freight on a carload shipment to your nearest railway station, and guarantee safe delivery. We ask for no money in advance.

If you come to South Omaha, remember that we have a branch office there. The manager will be glad to see you and he will run over to Council Bluffs with you if you want to learn just what we can do for you here.

As to our financial responsibility, ask the banks or commercial agencies. Our business experience covers many years of square dealing, as everyone who has purchased from us will testify.

We are now preparing a handsome catalogue showing the lumber, mill-work, builders' hardware, paints, roofing and other materials that we sell. It will be ready in about 30 days and we would like to send it to you.
