BUYS INTEREST IN BUSINESS

Q. K. Parmelee Becomes a Partner in Wehrlein Barn

The Journal is pleased to note that the city is to have another hack line.

A new business agreement has been entered into by which Quartus K. Parmelee becomes a partner with W. H. Wehrlein in the livery business and the new firm propose to establish a hack line to run between the hotels and the Burlington and Missouri Pacific stations. This will afford excellent accommodations to the traveling public and something which will be appreciated by them.

Both the gentlemen are well known in the city as live, up-to-date business men, thoroughly posted on the ins and outs of the livery business and they cannot but make it a complete success. They start in with a good equipment of modern cabs and hacks and will doubtless add to the equipment as occasion may require. Mr. Wehrlein has been in business here for several years and he has built up a fine patronage by his upright methods and his promptness and through reliability. Mr. Parmelee has been engaged in business in this vicinity for years and like his partner, he is a man with a sterling reputation for business acumen, prompt and reliable in looking after the interest of his patrons and one who knows and appreciates what the public wants and expects of the livery business.

The new firm takes hold on Monday next and on and after that time their hacks will meet all trains and orders left with them for passenger service will be given the best of attention.

In addition to an excellent equipment of hacks, cabs and carriages, the new firm have fine horses and with their long experience in the business they will keep them in shape for long drives.

The city is to be congratulated upon securing another firm with push and energy and it is to be hoped that appreciation is shown them and they receive the patronage which they deserve.

Nebraska Pioneer.

George D. Mattison, one of the early Nebraska pioneers and for years a resident of the vicinity of South Bend, came down this morning to look after business matters in the city. Mr. Mattison is very well known in the city and has many friends who are delighted to see him. He is invariably full of new stories which are calculated to keep everyone laughing. Mr. Mattison is a Nebraskan of the old school, having come to this state on April 18, 1857, crossing the Missouri where the town of Bellevue now stands. He engaged for many years in freighting across the plains walking and driving an ox team and his stories of early pioneer days are interesting and instructive. He was a great friend of the late Anselmo B. Smith and heard the news of his death with the deepest regret. Mr. Mattison returned to his home this afternoon.

For Railroad Commissioner.

Deputy County Treasurer Fox today was in receipt of a letter from W. C. Brooks of Beatrice, announcing that he had filed as a candidate for the Democratic nomination for railway commissioner. Mr. Brooks is a traveling man of many years experience and has been a regular visitor to the city for a long time. He is a personal friend of Mr. Fox and the latter was much pleased to hear of his decision to make the race. He states that Mr. Brooks is well qualified for the position and doubtless would make a good race if nominated.

Dwyer is Appointed.

The announcement is made this morning of the appointment of D. O. Dwyer of this city to the position of a member of the board of trustees of the state school for the deaf at Omaha and also state school for the blind at Nebraska City. Mr. Dwyer succeeds W. R. Patrick of Sarpy county who resigned. The term to which Governor Shallenberger appointed Mr. Dwyer expires on June 15, 1912. This gives Plattsmouth two members of the board, Hon. R. B. Windham being the other. The appointment is a well deserved compliment to a good man. He has been a Democrat in season and out of season and this appointment comes in the nature of a reward for party fidelity which his friends will appreciate. He is in addition a man thoroughly well qualified for the position and his course on the board will be such as to reflect the highest credit upon Governor Shallenberger, himself and the Democratic party. The appointment came to him entirely unsolicited, although many of his good friends had taken an active interest in promoting his cause.

Record Breaking Load.

Albert Egenberger with the assistance of his able first mate, Frank Sabatka, yesterday set a new high record for hauling vast weights with a team of fiery, untamed steeds. They loaded a wagon with 6,800 pounds of coal and hauled same for some distance, going from the car on the Burlington industry track to the sheds of J. V. Egenberger which is some haul. Albert seems to be seeking to see whether there is any limit to the hauling capacity of his fine team and apparently he has not yet reached the end. Sixty-eight hundred pounds is considerable weight for two horses to hook onto and pull and Mr. Egenberger is justly proud of them.

Funeral of Mrs. Gorder.
