

# Do You Own an Automobile

IF NOT DO YOU WANT ONE?

THIS CAR \$986.00

DO YOU EXPECT TO BUY ONE THIS YEAR?

THIS CAR \$986.00

If so there are a Great Many Important Points to Consider Before Buying an Auto!

**Y**OU want a car that will carry four or five people over good or bad roads, smooth roads or rough roads, dry roads or muddy roads. One that will do this at any and all times of the year without question; one that will run fast or slow; one that requires the least amount of gasoline and lubricating oil per mile for each passenger carried; one that is made from the best material that the world produces; one that is light in weight but strong in quality, which means a great saving in tire expense, for every pound of weight added to a car reduces the life of the tires proportionately. One that is easy riding and easily operated; one that will climb hills or take any road which is possible for an automobile to travel and to do it with ease; one that is good and roomy, so that if you are a farmer you can load your produce into it and take it to market; one that answers every point for general utility; one that is properly proportioned and looks well, and last but not least, one that is moderate in cost.

The FORD is the one that embraces each and every one of these points and is the car for YOU. Don't let any one tell it is too light, for it is not. It weighs 1200 pounds and is made from the toughest steel that the world has ever produced and this is the reason it is made light weight. Stop and think what it means to own a FORD car, one that you can depend upon from the beginning of one year to the beginning of the next; one that you know will land you at your destination when expected, whether in Summer or Winter, in dry or wet weather, over any and all

kinds of roads that any car, regardless of higher horse-power or greater cost, can travel.

The FORD is a four cylinder car and has no batteries to become weak, no cells to run down and wear out, but it has a magneto that never fails to do its work.

The factory is making 1800 FORD cars every month, which means more than 60 every day or one every ten minutes. This proves the confidence the people have in the FORD cars. They are good, reliable and strictly first-class in every respect.

You better get in line and buy a five-passenger FORD for \$986.00. We have them in stock now, but they won't last long after the warm days come. Better place your order now, so you can get your car when you want it, for if you don't you may be disappointed, as there are 23,000 FORDS contracted for 1910 delivery.

Ask yourself this question. Why should you pay \$1,250.00 to \$2,500.00 for a car that can not and will not give you any better service, if as good, as the FORD will give you at a cost of \$986.00, or a saving to you on first cost of \$250.00 to \$1,500.00?

This is a small item when you stop to consider the cost of maintenance or up-keep between the FORD and the heavier cars. We will demonstrate to you over any kind of roads and satisfy you that the FORD car will do all that is claimed for it if you will call at our sales room in Plattsmouth.

Come and see us and place your order for a car today. We have them in stock now; five passenger cars with full equipment, 3 oil lamps, 2 gas lamps and generators, horn, set of tools, brass mounted wind-shield speedometer and top, all complete to deliver to you in Plattsmouth for \$986.00.

We also have the Roadster for either two or three persons at \$936.00 and a Tourabout for four persons at \$986.00, all fully equipped.

We also carry Carbide, the highest grades of engine oils and the celebrated White Rose gasoline for the trade, and are agents for the 20th Century Tire Protector, the one that protects. It prevents punctures, blow-outs, rimcuts and skidding and takes the place of chains on muddy roads.

### VERY PRETTY HOME WEDDING

#### Rev. W. L. Austin Unites the Hearts and Lives of Popular Young People

A very quiet home wedding took place last evening at the handsome home of Mr. and Mrs. Charles L. Martin on west Pearl street when Rev. W. L. Austin united in marriage Miss Lucile Ethel Martin and Mr. Ralph Monroe Wiles.

The wedding ceremony took place in the parlors of the Martin home, the attendance being confined to the immediate relatives of the parties and Miss Mamie Heil, an intimate friend of the bride.

Immediately following the ceremony a wedding luncheon was tendered the happy couple, all who were present at the ceremony sitting down to the feast which was an elegant collation. The young folks expect to depart today for their future home near Weeping Water where the groom is engaged in farming.

Like his bride he enjoys the greatest degree of respect and high standing among a wide circle of friends and acquaintances. #### A Heavy Fine.

The president of a Chicago liquor house was sentenced to ten months imprisonment and to a fine of \$200 for filling, with his own products, bottles which formerly contained a well known liquid bearing a trademark. It should be a warning to everybody. We heard that some business men are in the habit of filling bottles of the celebrated Triner's American Elixir of Bitter Wine, with inferior goods in order to cheat their customers and to make a larger profit. The "National Trade-Mark Protective Association" will soon investigate such cases. As Judge Walker said, such a nuisance is a worse crime than that of a robber, because a sick person, instead of a medicine, gets a poor or even dangerous product. We ask the people to be careful to get the genuine Triner's American Elixir of Bitter Wine, which is a recognized medicine in troubles of the stomach, the intestines, the blood and the nerves. At drug stores. Jos. Triner, 1333-1339 So. Ashland Ave., Chicago, Ill.

**Wreck at Greenwood.**  
Greenwood, Neb., March 2—Late this afternoon three box cars were overturned and a fourth thrown off its trucks when Burlington freight No. 29 was moving on a siding. In some manner a derailing switch threw the cars from the track. One of the box cars was partly filled with lumber and at the time of the accident three boys were riding in it. Two escaped injury while the third was slightly bruised but not hurt seriously. The wreckage was not completely removed until nearly midnight. Traffic was not delayed as the tracks were not blocked.

A failing tiny nerve—no larger than the finest silken thread—takes from the heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt, clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

#### From South America.

Charles H. Bailey who has been spending some months past in Argentine Republic and other foreign lands, came in this morning for a visit with his aged father and folks for several months. Mr. Bailey as is known is a representative of the International Harvester company, and as such has been kept busy in the Argentine explaining the workings of their machines to the farmers of the south land. He left Buenos Aires on Jan. 4th, and went to England, thence to New York, Milwaukee and Chicago, spending about a week or so in each city, before returning home. He reports the Argentine as having good crops and the business of the Harvester company booming there. Mr. Bailey is now an old visitor in the southern country and knows it like a book. His many friends will note that he is looking fine and he states that he has never felt better than he does now. He will be in the city several weeks this trip.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

#### Drawing to a Close.

A telephone message was received this noon from Papillion by Judge Ramsey from his son William, the county attorney telephoning him him that the introduction of testimony on the part of Cass county in the Louisville bridge case, had been closed. He believes that the case will go to the jury. It is learned from one who was present at the impugning of the jury in this case, that the standard of intelligence of the panel there is not up to the high grade of Cass county juries and considerable doubt was expressed as to the outcome. County Attorney Ramsey expects the case to go to the jury tomorrow.
