

The Fountain Head of Life Is The Stomach

A man who has a weak and diseased stomach and who does not properly digest his food will naturally find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the liver, purifies the assimilation process, expels the bile and purifies and enriches the blood. It is the Great Blood-Cleaner, Flesh-Builder and Bone-Setter. It makes men strong in body, restores the mind and soul to vigor.

This "Discovery" has been the greatest of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrapper. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

TRIALS OF THE NEWSPAPER MAN

God Bless the "Old Subscriber" and May He Live Long and Prosper.

To attain to its best a newspaper should be as accurate as possible in its statements. The work of publishing a paper is one of endless details and eternal vigilance is the price which must pay for even partial freedom from errors. No editor here has escaped humiliation and chagrin over the errors which unaccountably but persistently creep into the paper, and none escape the visits of the perennial and ubiquitous bore who will wade through fire and water to call upon the editor and exult over the fact that the newspaper never gets anything right. The editor gets a name wrong that is mumbled to him over the telephone, he 'always bungles everything.' If a politician gets caught in an unpopular interview, he declares that he was "misquoted." If the paper makes an immaterial mis-statement in an article in which the main facts are correct, the editor will find that it is a "tissue of falsehoods from beginning to end." If in the hurry of editorial discussion he accepts poor authority, and misstates a fact he is denounced as a willful and bespotted liar. Gossips who are utterly without prudence in statements of the shortcomings are brazenly criticising the editor for even the most manifest of errors. The experienced newspaper man has long since learned that newspaper perfection is attained only by those who have never engaged in the business, and his feelings of resentment at unjust criticism gives away to one of calm and serene contemplation of the boibles of mankind.

It is the average public to whom the editor must make his appeal and every editor knows that the average man is fair and just and appreciative. Each editor has hundreds of such on his list. He is the "Old Subscriber." He is the man who takes the paper through storm and sunshine. If he sees something in the paper he does not like, he does not inflict capital punishment on the editor by stopping his paper. He has ideas of his own but he is willing that other men should have theirs. If the paper misses the mails, he takes it good humoredly. If he is asked to pay his subscription, he does so with a chuckle and declares that he ought to have paid it before. If he reads an opinion in his paper with which he differs he writes the editor a letter or discusses the question with him in a friendly way. The "Old Subscriber" is the backbone of a newspaper's support. One of him is worth a dozen of the hysterical and "stop my paper" sort who fly into a rage when they cannot run the whole shop. I here propose a toast to the "Old Subscriber"—the man who stands without hitching—the good old standby who pays without grumbling, differs without quarreling, helps without ostentation, gives praise and criticism when each falls due, and who is welcome in every newspaper office in the land whether he wears broadcloth or overalls. God bless the "Old Subscriber" and may he live long and prosper.

But with all of its worries and responsibilities the work of the craft is not only agreeable but fascinating. We have a daily chance to grow—to grow in wisdom, purse and grace. We come in contact with people of all sorts and with big and puzzling questions of all kinds. We are constantly on the firing line of the world's endeavor. We are living in an age of marvels and we must partake of its lofty spirit and its glorious optimism. Messages flash through the air without the aid of wires; boats swim under the water; ships fly through the air. Philanthropy has put millions of dollars at the disposal of science to fight disease. The generation is alert to its responsibilities and its needs. It is doing things. Civic righteousness is growing. The bugle call has been sounded for the welfare of men. We are trying to stop the impoverishment of the soil, the depletion of the forests, the monopoly of our water powers and the spendthrift treatment of our natural resources. Public sentiment is full of red blood and was never more alive. It is for us to play the man's part and to realize that we can only keep in step with the music of events by unremitting zeal, which is character building and equipment for life in its own glorious and fitting regard.

Louie Thomas and wife of Benson, accompanied by their friend, Anton Yager of Omaha, arrived in the city for a few days visit with Mr. Thomas' relatives and friends. Mr. Thomas is now employed by the W. O. W. lodge, and while here he will be found doing work along this line.

Preliminary Steps.
That immediate steps are to be taken toward the work of improving the condition of the avenues leading to the city is testified to by the presence in our town today of Mr. H. D. Patterson of Papillion, county surveyor of Sarpy county, who came down today to do the preparatory engineering work, a work which by the way our own county surveyor is eminently capable of performing but he cannot do so on account of the failure of the county commissioners to supply him with the necessary tools. Mr. Patterson is a cousin of our county surveyor, Fred Patterson and is an engineer of reputation and ability.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away

Plattsmouth women know how the aches and pains that come when the kidneys fail, make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Plattsmouth woman's words: Mrs. James Hodgert, 1102 Main street, Plattsmouth, Neb., says: "I suffered a great deal at times from dull, heavy pains across the small of my back, especially severe when I stooped or brought any strain on the muscles of my loins. About two years ago I learned of Doan's Kidney Pills and they brought me such prompt and positive relief that I have since used them whenever I have felt in need of a kidney remedy. I procured Doan's Kidney Pills at Gering & Co.'s drug store and do not hesitate to recommend them."

The above statement given in June 1905, and on December 30, 1908, Mrs. Hodgert said: "I still hold a high opinion of Doan's Kidney Pills. I am glad to confirm all I have previously said about this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Good Roads Movement.
Down at Lexington, Mo., the other day the "embattled farmers" of the neighborhood voted \$120,000 in bonds for the purpose of building roads in a road district eight miles square. Many who can look back that distance to the time when the counties and towns in Missouri were enthusiastically voting bonds for the construction of railroads.

The railroads have contributed their share to the development of the west. The reaction in sentiment which has resulted from the local loss of control of those bond-aided railroads has not affected the proposition that every dollar invested in them has been repaid many times.

One of the lessons learned in recent years in Missouri, as well as other states, however, is that the railroads alone do not meet the demand created by increased population and new industrial conditions. It has been found that good road communication between the farm and the railroad is only secondary to good communication between the local market and the centers of consumption. The vote of Lexington marks the beginning of a movement that promises important results not only for the Missouri farmer but for all those who are in any degree dependent upon his products. Good roads mean cheaper hauls to market and must mean eventually a considerable lessening of the tax that now falls heavily upon the produce of the farm between the time when it is taken from the soil and the time when it reaches the ultimate consumer.

Missouri has no more energetic farmers than Nebraska, but they are looking at the matter of good roads in the proper light, and in a way that the farmers of Cass county should view the matter.

Your tongue is coated.
Your breath is foul.
Headaches come and go.
These symptoms show that your stomach is the trouble. To remove the cause is the first thing, and Chamberlain's Stomach and Liver Tablets will do that. Easy to take and most effective. Sold by all dealers.

Herb Huffaker, traveling salesman for the Cole Hardware company of Chicago, came in last evening, accompanied by General Manager Breslerford, of the same company, and both were pleasant callers at the Journal office this morning. Herb is an old friend of the Journal family.

Not a Drop of Alcohol

What is a "tonic"? A medicine that increases the strength or tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your own doctor all about it. Never take a medicine doctors cannot endorse. J.C. Ayer Co., Lowell, Mass.

Without daily action of the bowels poisonous products must be absorbed. Then you have impure blood, biliousness, headache. Ask your doctor about Ayer's Pills for constipation.

Short Locals

From Wednesday's Daily.

Charles Warner from southwest of this city drove in this morning in his Overland car to look after business.

George Hild, one of the flourishing farmers of Mt. Pleasant precinct, was a business visitor in the city yesterday.

Fred Nolting, one of Cass county's progressive citizens and a staunch Democrat, is in the city today looking after business.

August Nolting, the progressive farmer of Plattsmouth precinct, was among those who had business in the city yesterday.

R. R. Nickels, one of the progressive farmers from southeast of Murray, was among those who took the early train for Omaha today.

James Chalfant, another of the prosperous farmers from near Murray was among those who took the early train for Glenwood this morning.

Mr. and Mrs. C. E. Lohnes and Mr. and Mrs. George Lohnes drove in from their homes near Cedar Creek today to do some shopping with our merchants.

Mrs. Charles Royal from the vicinity of Avoca, came up from that place last evening on the Missouri Pacific to spend a few days visiting in this city.

Philip Albert from near Cedar Creek, was in the city today looking after some business and called at this office and renewed his subscription to the Journal.

G. R. Rhoden from near Mynard, was in the city today looking after some business matters. He came up behind that handsome new driving nag he purchased a few days ago.

Mr. and Mrs. J. A. Walker of Murray, drove up this morning. Mrs. Walker to have some dental work done, while Mr. Walker circulated around among his friends. Of course he called on the Journal.

Ralph Wiles and brother from near Weeping Water were in the city today, and while here the former gentleman called at the Journal office to renew his subscription to the Semi-Weekly Journal.

John Busche came down from Cedar Creek on the Schuyler train this morning to look after some business matters, and while here called and ordered the Daily Journal sent to his address at Cedar Creek.

Albert Schaffer, one of the promising young farmers of Cass county, from near Cedar Creek, was in the city today and while here called at the Journal office and renewed his subscription to the Journal.

From Thursday's Daily

G. E. Dovey is a business visitor in Omaha today.

Dr. C. S. Barnes of Burr, Neb., is in the city visiting with his brother, Dr. A. P. Barnes.

Charles Swann, residing in the vicinity of Union, was among those who had business in the metropolis today.

Mrs. Joe Phebus and son Glenn of Omaha, were among those who took the early morning train for the metropolis.

Charles Reed was a passenger this morning for Omaha where he will spend the day looking after business matters.

Miss Jessie Moore of King City, Mo., was an arrival from that place this morning, coming in for a visit with relatives in this city.

Mrs. Henry Kauffman was a passenger this morning for Omaha, going to that city this morning on the early Burlington train to spend the day.

Mrs. William Kauffman is among those who are spending the day in the metropolis, having gone to that city this morning on the early Burlington train.

Mrs. J. F. Clugey went up to Omaha this morning to visit with her husband, who is now employed in that city. Mrs. Clugey was accompanied by her little daughter.

A. S. Will, the newly-elected councilman from the Third ward, was among those who took the early train for the west this morning, going to Akron, Colorado, where he has extensive land and live stock interests.

Special Meetings.

Meetings at the M. E. church each evening excepting Saturday. Services commence at 7 o'clock. Prayer meeting at 7 o'clock. Song service at 7:30 and preaching at 8 o'clock. Rev. F. A. Campbell is conducting the meeting and Alva Campbell has charge of the singing.

A large chorus and a male quartette under his efficient leadership are furnishing the music for these meetings. They must be heard to be appreciated. Rev. Campbell is full of hope and faith and is preaching strong and very helpful sermons each evening. The meetings are in progress now, and now is the time to attend them. Make your plans to attend these meetings every evening if possible. The leaders of the Presbyterian and Christian churches have been asked to co-operate with the Methodist church and will extend the invitation to their churches to join with us in this effort to save the people from sin. Let us gain forces and rally to the standard of our Savior and we will "See Plattsmouth Succeed" religiously as well as commercially. Usual services at the usual hours on Sunday. Tell your neighbors, they may not know. Invite everyone to come.

Mysterious Disappearance.
Considerable excitement was aroused this afternoon by the sounding of the fire alarm to arouse the city on account of the mysterious disappearance of Mrs. A. L. Anderson, an old lady who resides in the Third ward near the Columbian school building. Mrs. Anderson is quite an old lady and when, after leaving the house this morning without anyone seeing her, she did not return this noon at dinner time, it began to be feared that she might have met with some accident and consequently the alarm was sounded and a searching party organized. Up to the time of the Journal going to press the old lady has not been found and the apprehension for her safety is increasing. Unless she is discovered quickly, it is likely that a posse will be organized to scour the country and ascertain what has become of her.

Ten Thousand Autos.
The number of automobiles registered in the office of the secretary of state is approaching the ten thousand mark. The last number registered before April 1, was 9,262. This shows that 734 machines have been placed in Nebraska since January 1, 1910. By far the most of these have been registered within the last month as most of the machines were purchased since the opening of spring and the auto season. Those that were ordered during the winter and early spring were not taken out of the shops and registered until since the season opened and the roads got into shape for an automobile.

For Sale.
Two registered Scotch bred bulls, one and two years old. Seven miles west of Plattsmouth. Chas. Peacock.

IMPORTED PERCHERON STALLION GALATHUS (72279)

GALATHUS was imported Nov. 1909, by E. L. Hubert, of Corn- ing, Iowa, and recorded by Percheron society of America; he is a bay star in color, and was foaled March 29, 1906.

Galathus will make the season of 1910 at my farm west of Plattsmouth.

TERMS. \$15 to insure colt to stand and suck. If mare is sold or removed from locality service fee becomes due and payable immediately. No service on Sunday. Care will be taken, but not responsible for any that may occur.

ELECTION RESULTS IN THE CITY OF PLATTSMOUTH CLOSE

Democratic School Board Ticket and Three Councilmen Elected
Weber Elected in Second Ward and Neuman in Fourth

Yesterday witnessed one of the quietest elections held in this vicinity in years, the vote polled being light and the interest manifested being very lax indeed on the part of all except those parties who were the most immediately affected—the candidates themselves in some cases making an active campaign for votes throughout the day. In fact, the vote all over the city was so light that contrary to the expectation of the clerks of the election, who thought it would be at least two hours before they could get the count complete, the votes were all counted within about a half hour of the time that the polls closed.

On the whole the election was a splendid Democratic victory, that party securing the selection of three of the five councilman and the two members of the school board. Although there was so little interest manifested, on the whole, the election was a close one, in one case the result hinging on the small majority of two votes. In the First ward the Republican candidate, Mr. John Iversen made a very active campaign, with the result that his opponent Mr. Dwyer, running on the Democratic ticket defeated him by only one vote. This ward was the most hotly contested of any and the outcome remained in doubt up to the very last.

In the Second ward, although Mr. Lorenz, the Democratic candidate made a vigorous campaign, his opponent, Mr. Weber was too well known and too popular for his majority to be overcome. In this ward the unofficial count gave Mr. Weber a majority of about thirty-three. Mr. Weber has been a resident of the ward for a great many years and as he is well and favorably known to practically every voter in his ward, the large majority is not to be wondered at and Mr. Lorenz need not feel at all discouraged by the result.

The fight in the Third ward between the Democratic candidate, Mr. A. S. Will and Mr. Steinkner, who had his name placed on the ballot as a candidate by petition, resulted, as everyone had expected, in a victory for the former by a small majority of votes. That his majority was not greater is probably due

largely to the fact that he has been away from home on business and has not been able to conduct his campaign as he should have, as he is a man of great enterprise and will most assuredly do a great deal toward the improvement of the city in many ways. With Mr. Will on the board it is expected that the project recently discussed of macadamizing Chicago avenue, the main thoroughfare leading into the city can be arranged for and pushed to completion. Mr. Steinkner has been a member of the council for a great many years and yesterday he made a strenuous campaign for re-election, spending practically the entire day at the polls, but the popularity and well known progressiveness of Mr. Will proved too great a handicap to be overcome.

In the Fourth ward Mr. Neuman made a careful canvass of the voters and as many had expected he was elected by a small majority. Mr. Neuman has been a member of the council for several years and this year was a candidate by petition. In this ward Wm. Fahson, the Republican candidate, made scarcely any fight at all for election and the contest was almost entirely between Mr. Neuman and the Democratic candidate, Mr. George Dodge. Although defeated, Mr. Dodge put up a good race, losing to Mr. Neuman by a majority of only 6 votes.

In the Fifth ward another Democratic victory resulted, although here the contest was not close, Mr. Wm. Gravett winning by a majority of 18 over John Toman, the Republican candidate. Mr. Gravett is a man who is personally very popular and in addition to this he made a very active campaign and had a good Democratic majority to rely upon.

The election of the Democratic candidates for the school board, Messrs. Soennichsen and Roberts was only that which had been generally expected, they winning easily over the Republican candidates, Messdames Chapman and Thrasher. Both the successful candidates for the school board are gentlemen who have served in that capacity before and they will without doubt give entire satisfaction. On the whole the candidates are all men of experience and reputation and the city is to be congratulated on their elections.

The above cut represents an exhibition of the test applied to a C. B. S. Buggy and Wagon Pole, on February 12, 1910, at Gothenburg, Neb.

The men shown in the cut are: (1) C. B. Schleicher, President and General Manager of the C. B. S. Pole Company; (2) E. A. Calling, a wealthy stockman of Gothenburg; (3) John Kalston, the well known commission man of South Omaha; (4) T. T. Marcott, Vice-President of the company and retired stockman of Brady, Neb.; (5) G. Shostrom, member of Shostrom & Blixt, implement and wagon dealers, Gothenburg, Neb. The combined weight of these men was in excess of 600 pounds.

Just as the lion is the king of beasts, the eagle the king of birds, so is the C. B. S. pole and neckyoke the king of all poles and neckyokes. The neckyokes are on sale in Plattsmouth by all implement dealers and the buggy and wagon pole is for sale by E. Manspeaker. Call on them.
