Charles Philpot departed Sunday evening for Gandy to visit Jim Philpot and attend to some business matters. He owns considerable land in Logan county.

George Towle has been circulating a paper which has been quite generally signed, giving aid to William Freeze who was burned out and lost all their clothes and furniture.

A. B. Gibson was in Omaha last Saturday consulting an oculist. A growth was removed from one eye and he returned that evening well pleased with the operation.

Uncle John Marshall was 80 years old Thursday, April 21, and received the congratulations of a host of good friends in a postal shower. Uncle John is in pretty good health, is a fine old gentleman and we trust he will live to enjoy many more birthdays.

Invitations to relatives of the groom, issued by Mr. and Mrs. L. B. Skiles announce the forthcoming marriage of Daisy May Skiles to Griffith Stevens Cooley, on Tuesday afternoon, May 2d, 1910, 3 p. m., 2722 Orchard street, Lincoln, Neb. G. S. Cooley is a son of our townsmen, E. G. Cooley. He is a fine young man of good standing, and we understand is securing an estimable young lady.

George Spohn and wife of Backus, Minn., have been visiting relatives here the past two weeks. Mr. Spohn departed last Monday and was accompanied to Omaha by Frank Waggoner. Mrs. Spohn will probably remain two or three months visiting her parents, H. A. Hart and wife. Mr. Spohn is a book-keeper for a firm handling and shipping wire grass used in making mattresses and furniture.

**First Postal Permit.**

The first postal permit ever granted to a firm in this city has been issued to the new photo machine company of this city. The Olson Photo Machine company of this city has received through Postmaster H. A. Schnelder postal permit No. 1. This permits the company to circulate its advertising matter through the mails without the formality of stamping it and is a big saving in time to the company. Already the good effect of the company is being felt in the increased business which it is turning to the postoffice here. The first batch of advertising and other matter sent out by it has added the postal receipts \$170 which is a big help and which, if continued, will soon entitle the city to free delivery. The president of the company, G. L. Olson talking with the Journal man today, says that the monthly business of the company would be right about \$200 each month with the postoffice department or about \$2,400 per year. This added to the receipts which the office has been taking in will run it about \$12,000 per year and give the city free delivery along with its new government building. This is a fine thing and shows that Plattsmouth is now succeeding.

**The Majestic Theater.**

The Journal is pleased to note that the reopening of the Majestic theater is making the evenings quite lively on Main street. And also, that the new manager, Mr. R. M. Shlaes, is meeting with fair success. The pictures are all that could possibly be desired, and far superior to anything of the kind ever seen in Plattsmouth. Mr. Shlaes does everything in his power to please his patrons, and always supplies them with the very latest out. The theater proper has been very neatly arranged with comfortable seats, making the Majestic a most enticing place to spend an hour in the evening. The admission is only 5 and 10 cents, and remember that it is also a delightful place for the children.

**Dance at Cedar Creek.**

The members of the M. W. A. orchestra will go to Cedar Creek tomorrow night to play at a dance given by the M. W. A. camp of that place at Saylor's hall. The dance promises to be largely attended and to be one of the best ever given in that thriving little village. There will be several couples go from this city in addition to the members of the orchestra and there is every probability that there will be a mighty good time had by all.

August Tartsch who recently entered into a contract with the park commission to look after and care for the park during the summer months has completed his first cleaning up and mowing of the grounds and is now ready for the young grass to come on. It is his intention to keep the grass down during the summer and always have the park looking neat and clean. It is quite a task as the park covers considerable ground. Mr. Tartsch is also receiving many calls for lawn mowing as he well deserves.

No particulars of their marriage was given. The parties especially the groom, are well known in this city where they have lived for several years. The groom has a great many friends here who will extend their congratulations upon his matrimonial venture. He is a popular and well known farmer from just west of the city and a gentleman of the highest standing in the community. **Off for Ashland.**

The Plattsmouth high school ball team departed this morning for Ashland where they are to play today, minus several of their players and sans bats, gloves, mask and the other ceteras which a good ball team usually takes along. In the excitement of getting up and dressing for the train, the boys forgot these little necessities of life until it was too late and the junk was left piled up at the school building. Just which of the boys failed to catch the train is not known. The lineup is as follows: Propst, catcher; Whalen, pitcher; Kanka, 1st base; Briggs, 2d base; Falter, 3d base; Larson, short stop; Herold, left field; Dovey, center field; Lynde, right field; Dickson, substitute. Prof. Harrison accompanied the aggregation in the capacity of coach.
