THE MATTER NOT SETTLED

Leyda Registers a Complaint With the County Attorney Against the Gerings.

There seems every probability that the disgraceful brawl which took place last Saturday night at the meeting of the city council will end in the courts after all. Despite the advice of counsel for all the parties concerned, some of them are still wanting legal action taken in the matter and are urging that complaints be led against those who were carried away by heat of passion and who did things which they have since sincerely regretted.

John M. Leyda is particularly anxious to have action taken by County Attorney Ramsey in the premises, and verbally requested him to file complaints against former mayor, H. R. Gering, and his brother Matthew Gering, charging them with assault and battery. Mr. Ramsey asked him to think the matter over as he would be compelled to file complaints against all parties participating in the trouble if he filed them against any one of them. This Mr. Leyda seems to have done and to have determined to proceed with the matter as he has filed a written request with the county attorney to proceed and file the complaints against the Gerings, as he had requested.

In addition to this, T. M. Carter alleges that some one took a crack at him during the melee and landed heavily upon him where the chicken got the ax—in the neck. He thinks that the county attorney should do his duty in the premises and have the law upon said parties who cracked Thomas. He visited the office of the county attorney yesterday with his complaint, but Mr. Ramsey was looking after business in Lincoln and did not get to listen to Carter's tale. So far today he had not shown up but it is understood he will do so and insist upon an airing of the matter in the courts. He visited Judge Archer and asked that official to take a hand in the proceedings but this he declined to do and referred Carter to the county attorney.

County Attorney Ramsey stated to the Journal man that if Mr. Leyda and Carter insisted on his filing the complaints he would do so but he would not discriminate and he expected to file complaints against all parties to the trouble. There is a section of the statute under which any person using language calculated to provoke an assault upon himself is guilty of an offense and would be punishable by a fine. It is believed the Gerings would invoke this section of the statute should Leyda insist on the complaints being filed, and have Leyda prosecuted under it.

In the Carter case there is evidence that Carter raised his cane with the intention of striking Henry R. Gering and this in law constitutes an assault. That Carter would be prosecuted for this is conceded, should the matter get into court as it seems fair to do.

County Attorney Ramsey apparently is in the position where he must file the complaints regardless of the actual merits of the case, otherwise ground might be laid for the filing of a complaint against him for failing to perform the duties of his office. He does not care to be placed in this position as he is willing at all times to do his duty but he does not feel that the personal matters of the parties should be dragged through the courts at the expense of the Cass county taxpayers.

The situation is an unpleasant one for all concerned and it is hoped the matter will be allowed to drop. Several of the parties who were dragged into the melee Saturday night thought of filing complaints but they were dissuaded from this. Should the complaints spoken of above be filed, there is every probability these parties will likewise come in and insist on their cases being taken up and this would have to be done. Among those who decided to withdraw any complaint was Councilman Bookmeyer who was assaulted while acting as a peacekeeper and through no fault of his own.

T. J. Sokol Dance.

Have you ever used the celebrated "Forest Rose" flour? Try it when you buy the next sack. At all leading dealers.

County Attorney Ramsey returned this morning from Lincoln where he has been looking after business matters.

He's a Lu Lu.
Charles Grimes, city editor of the Plattsmouth Journal, is perhaps one of the most fluent writers engaged in the newspaper work in the state. He started to practice law, but found it did not produce the dollars it should and he turned his attention to newspaper work and the way that he grinds out news, even when dull, times comes, would make a lawyer wanting to write a brief for a big case look sick and have a longing desire to have Charles' gift. His accounts of the council meetings are certainly rich reading and he handles a base ball game even better than Charles Graves, of the Union Ledger used to handle the sphere or the bat. Grimes is certainly a peach and Colonel Bates would find it hard to keep shop without him and get out the same newsy paper he does.—Nebraska City News.
Thanks, Colonel Marnell. We hope your kind words will always be deserved.

Fraud in Trade.

There seems to be no region of the world, where any trade exists, to be free from selling imitated goods. Our country is no exception and some times appears to have more fraudulent goods in the market than any other. One of the most imitated articles is Triner's American Elixir of Bitter Wine, which is, under similar names, offered to the public. Triner's American Elixir of Bitter Wine stood the test for so many years and proved to be an excellent remedy in the treatment of diseases of the stomach, blood, nerves and intestines. It is very valuable during the spring months, because it expels all impurities from the blood and makes your body strong. Use it whenever your appetite will be poor and your strength will decline. It does not contain any deleterious ingredients. At drug stores. Jos Triner, 1333-1339 So. Ashland ave., Chicago, Ill.

Billed Doc. Young.

The vaudeville troupe which has been holding forth this week at the Majestic theater departed this morning on train No. 10 for Burlington where they are billed for the remainder of the week. They peevish the early watches of the night while waiting for the train, by their unseemly conduct in walking back and forth and hither and yon on the public ways. The genial night officer does not approve of such things and was near to arresting the fair damsels and casting them into the nethermost donjon of the hotel de Manspeaker. However, he restrained himself and allowed the young women and their male confederates to get them hence at about 2 a. m. The company seemed to suit public taste while here and did a nice business for the Majestic.

Tell Some Sick One

It Is Free If It Fails.

Will you do an act of Humanity? Will you tell some sick friend of this, my remarkable offer?

Tell him or her, that you have learned of a medicine so certain that its maker dare say to the sick, "it is absolutely and unconditionally free if it fails."

And you, no doubt, already know of Dr. Shoop's Restorative and its popularity. For 20 years it has been the standard remedy for Stomach, Kidney and Heart ailments everywhere in America.

When the "inside" or controlling nerves of these vital organs begin to fail, it is Dr. Shoop's Restorative that has quickly vitalized, and strengthened, and brought these nerves and organs back to health again.

I do not dose the Stomach, nor stimulate the Heart or Kidneys—for that is all wrong. Dr. Shoop's Restorative goes direct to the cause of these ailments—the failing, faltering, inside or controlling nerves. And herein lies the keynote to my success.

When these nerves are again made well and strong, then that is the certain end of all such sickness.

Time is a great satisfaction that I am the only physician able to say to the suffering sick, "Take my prescription for full 30 days, and if it fails to help you, the entire expense is mine—not yours."

Then why should the sick take any chance on any other medicine, whose maker dare not back it just as I do by this remarkable offer?

I also have a Rheumatic Remedy—and that remedy is covered by the same identical "No help, no pay" protective plan.

Besides, you are free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is surely worth your simple request.

So let me send you an order at once. Take the message to some sick friend. A postal will bring the opportunity. I will have an honest and trustworthy druggist to whom you can conveniently go for the 30 day test.

But first, ask me for the order, for all druggists are not authorized to give the 30 day test, so write me now and save all delays. Remember that tomorrow never comes. Address Dr. Shoop, Box 12, Racine, Wis.

Which Book Shall I Send You?
No. 1 On Dyspepsia
No. 2 On the Heart
No. 3 On the Kidneys
No. 4 For Women
No. 5 For Men
No. 6 On Rheumatism

MILLINERY CLOSING AT M. FANGER'S

The Department Store Has a Large Line to be Sold.

We want to close out our entire line of Spring Millinery, and are willing to make a great cut price in order to do so. We have on hand over 200 Sewell Trimmed Hats, all brand new, bought for the spring trade. We also have a large line of flowers, fancy feathers, Ostrich plumes, and wings, ornaments, velvets, chiffons, mullins and everything pertaining to the millinery department, all of which will now be sold at a greatly reduced price. Also bear in mind that we trim hats free of charge.

Lookout for Old Goods.
When you purchase your hats at some other stores you are in danger of getting old goods and styles, which is not the case at our store, for all

our hats are new and will bear the closest inspection, for as every lady in the city and community well knows that last summer we closed out our entire line of summer hats at as low as 5c each, and in order to clean up the old line entirely, the winter hats were burned in front of store this spring. Other places you might find an out of season hat, but here you cannot possibly get anything but new goods, bought for and made up for this spring's trade.
Now, the spring season is drawing to a close, and our trimmers may not be with us many weeks longer, so we impress upon your mind that if you want your hats trimmed free of charge, our expert trimmers are at your service, but we ask you to come in soon as they will not remain long. Bear in mind that we are offering everything at a great reduction, and will prove this to be true if you will call and see.

Mrs. Wm. Troop,

FENCING!

Fencing is the question you are about to consider. Whether it be Field, Poultry or Garden it is necessary that you get just what is best adapted for your purpose and to give the best results. If you think of getting poultry fence, let us show you poultry fence that is about three times as heavy as the ordinary Diamond Mesh fence and at very little additional cost. This fence is heavy enough to turn stock if necessary, and will turn smaller chickens than the Diamond Mesh. New car of fence will be here in a few days, so in order to be sure to have what you want at the time you want it, let us set it around your yard.
