

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

GIVE FAREWELL FOR FRIENDS

T. J. Sokol Hall Filled With the Many Friends of Mr. and Mrs. Jos. Kahoutek

A very happy occasion was had last evening when the many friends of Mr. and Mrs. Jos. Kahoutek gathered at the T. J. Sokol hall on west Pearl street last evening to bid farewell. As told in the Journal, Mr. Kahoutek and his estimable family leaves for Denver, Col. where he has accepted the position of foreman of the Burlington blacksmith shop. At the gathering last evening there was a very large crowd, all being anxious to show these very fine people the high respect and esteem in which they are held. The members of the M. W. A. band and orchestra were on hand and during the evening dispensed some very fine music which was greatly enjoyed by all. Mr. Kahoutek has been a member of the band since its formation a few years ago and has been one of its most popular members. He is an able musician and his departure will be keenly felt by all in the band. During the evening dancing was indulged in, the music being furnished by the members of the M. W. A. band who, is well known, play about as fine dance music as any organization in this country. It was a very late hour when the many guests had their fill of the entertainment and the farewells said. Mr. Kahoutek was overcome by the many expressions of good will and the hearty wishes for a happy and prosperous future which is good friends thrust upon him. He was called upon by the guests for a speech and responded in a few well chosen words. He was much affected by the manifestations of friendship shown him and proceeded to show his feelings by the mere expression of his sincere thanks. He thanked the many good friends for their testimonial of regard and especially thanked the members of the M. W. A. band for their kind attendance and evident good will. He also thanked the members of the T. J. Sokol and the many social members present for their hearty good wishes and wound up by assuring all that no matter where he went nor what pleasant places he might visit, Plattsmouth would always have a tender spot in his heart and he would always remember it and its good people with the deepest feelings of regard.

During the course of the evening refreshments of various kinds were served and every possible step was taken to make the affair one of the best and most successful of its kind ever held in the city.

Mr. and Mrs. Kahoutek are among the most estimable people in Plattsmouth. They have a very large circle of friends here who will learn of their change of location with the deepest regret. That these excellent people will make a great many good friends in their new home is without question. The city of Plattsmouth loses some mighty fine people in their going but Denver is the gain and it certainly could not ask to have better people located in its midst than these.

Owing to the very large attendance, it is quite impossible to print a list of the guests, the attendance being practically the entire membership of the T. J. Sokol together with the auxiliary members.

Caric of Thanks.
I desire to express the sincere appreciation of myself and family for the fine farewell party given us last evening by the members of the T. J. Sokol and its auxiliaries. I especially desire to thank the members of the M. W. A. band for their attendance and their evident regard for my family. No matter where I may go nor the work I follow, I shall always have a warm spot in my heart for Plattsmouth and its good people and shall always appreciate the fine treatment which I have had at their hands. To any who may visit in Denver, I extend a cordial invitation to call and see me and they will be assured of a hearty welcome.
Jos. Kahoutek.

Made Them go Some.
The eighth grade base ball team yesterday afternoon made the high school team go some out at the Chicago avenue grounds and came so close to trimming the boys that the escape was uncomfortable. The high school team pulled through by the score of 5 to 4 which is some close. Had the eighth grade team been blessed with a little better luck they would have won the game easily. As it was the boys of the eighth grade made a very fine showing and show that they have the stuff in them for real ball players. The batteries were: High School, Whelan and Briggs; Eighth Grade, Long and Koons.

Against Prohibition.
The best weapon against prohibition is in the hands of the people. It is temperance not only in drinking, but also in eating and in all habits. Temperance is the foundation of welfare and health. But it happened to the greatest part of the people that at some occasions the rule of temperance was thrown aside and that some indisposition followed. Such an indisposition should be treated at once, in order to prevent a serious sickness. In such cases we recommend Triner's American Elixir of Bitter Wine. It quickly heals the sore stomach and makes it able to accept and digest any food without difficulties. In weakness of the blood this remedy is without a peer, as also in diseases of the stomach, the intestines and the nerves. It will purify the blood and carry nutritious food even to the smallest particles of our body. At drug stores, 1333-1339 Co. Ashland Ave., Chicago, Ill.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by all dealers.

Two more of the precinct assessors today turned in their books to County Assessor Soennichsen. Messrs James H. Foreman of Greenwood precinct, living at Alvo; and C. P. Richards of South Bend precinct, residing in the little city of the same name, were the gentlemen who had finished up their work and were satisfied to let the county assessor handle their books. The two gentlemen were down to the county seat from their respective home and spent the day here.

Don't Risk even a penny—until health returns. And I mean just exactly that.
I am the one physician who says to the sick, "I will, out of my own pocket, pay for your medicine if it fails to bring you help!"
And for 20 years Dr. Shoop's medicine have

been used and recommended in every city and town in America. They are positively standard in every community—and everywhere. Then why pay the cash, and at your risk, for other unwarranted and uncertain medicines? Thousands upon thousands have in the past successfully used Dr. Shoop's Restorative. When the stomach, nerves, or the heart or kidney nerves fail, it is how quickly Dr. Shoop's Restorative will bring them back to health again. But best of all, they positively take no money risk whatever. They know that when health fails to return Dr. Shoop will himself gladly pay the druggist for that test. And for that test a full 30 day treatment is freely granted.

But write me first for an order. This will save delay and disappointment. All druggists sell Dr. Shoop's Restorative and Dr. Shoop's Nerve and Rheumatic Remedy, but all are not authorized to give the 30 drop test. So please—write me first for an honest and responsible druggist in almost every community, everywhere, to issue my "no help, no pay" medicine to the sick.

Tell me also which book you need. The books below will surely open up new and helpful ideas to those who are not well. Besides, you are perfectly free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is surely worth your simple request. So write now while you have it fresh in mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.

BURLINGTON EMPLOYEES ARE ENJOYING PROSPEROUS TIMES

Conditions Here are Better Than at Other Points on the Road and the Men Are Contented.

The Journal learns that work is being done in this city by a committee of strikers from Havelock, to try and secure, if possible, a strike of the boilermakers at this point. It would be a most unfortunate and regrettable matter to have such trouble rise here and something which is apparently uncalled for under conditions as they seem to be. A delegation of strikers was in the city yesterday endeavoring to get the local boilermakers to walk out and join the Havelock strikers but they met with no success. A strike was called to take place yesterday morning at 9 o'clock and the Havelock delegation waited at the shop gate in the expectation that the men would walk out but they did not do so.

From conversations held with the Burlington employes here, the Journal feels warranted in saying that they are well satisfied with matters as they are. They are making good money and have no complaint to make of any kind. Superintendent of Shops Baird is ready at any and all times to hear any grievance the men have and has made his position known in the matter. He is working for the upbuilding of the shops and the employes and he is ready and willing to do anything to promote the welfare and the interest of the men. The relations which have existed between him and the men are such that there is small probability of a strike here and it is to be hoped nothing more will come of it.

The delegation which came down from Havelock arrived on Monday night and at once got into communication with the local boilermakers. They urged the men to leave their jobs and represented to them that all the employes of the boiler shops east of the Missouri were out or that nearly all of them were on strike. Word of their argument reached Superintendent Baird who immediately got busy and showed the men the exact situation. He has proof which he showed them that a contrary condition existed east. As a matter of fact, his advice went to show that very few men were out in the shops east of the river and there was no danger of their going out. He pointed out to the men the mistake which they might make by calling a strike here at this time. In consequence of his arguments, the men did not go out as asked.

As a matter of fact, the local shop has only three union boilermakers working here. These are among the best men the company has and have been thoroughly satisfied with conditions as they are here. They have been opposed from the start to the Havelock strike and have always insisted that they were being given fair treatment and were able to earn good wages here. To go out on a strike under these conditions with very small prospects of winning does not look good to them and there is

small likelihood they will do so. It is true that engine work at the local shops has greatly increased and there is every reason to believe it will continue to do so but this work is being handled by an increased force and does not make any material difference with the men now employed here. The trouble at Havelock is redounding to the advantage of this city and the Burlington is commencing to see that it does not pay any corporation to "put all its eggs in one basket." Plattsmouth has been singularly free from labor troubles and the Burlington is finding that it is a mighty good place to have work done.

As a matter of public interest, the prospects of a strike here are not taken very favorably. Plattsmouth is now on the upgrade and is climbing right along. A strike would be disastrous in the extreme and the public is not inclined to have outsiders come into this city and raise disturbances. If the men at Havelock want to strike that is for Havelock to consider but as to Plattsmouth the public here does not favor strikes and it certainly insists that Havelock keep its strikers at home.

It is said that a large delegation of Havelock strikers are to come down here within a few days and establish pickets about the Burlington shops and inaugurate trouble for the men at work here. It is a duty which Plattsmouth owes itself to see that any disturbance of the public peace or any attempt at terrorizing the workmen in the shops meets with a summary end. Disorder is something which this city has not had and something which it does not need. If the men at the Burlington shops are satisfied and want to keep at work there is no good reason for people from other towns coming in here and trying to get them out and it should be seen to that the visitors are given short shrift. Plattsmouth wants every man who possibly can at work in the Burlington shops and it will insist that trouble-makers stay away from here.

From the standpoint of the men themselves, a strike would be ill-timed and poorly advised and would result in a great deal of misery and trouble with no adequate recompense. These are plain words but it is that kind of language which must be used some times to impress a point. The Journal has the greatest sympathy for the men at Havelock who went on strike but that does not blind it to the fact that the strike was an ill-timed one and quite inadvisable. Plattsmouth doesn't need strikes in its business but what it does need is more men at work, larger pay rolls and general prosperity. It has it now and it will keep it. The good work which has been done for the city in the past year will be supplemented by more in the future and no strikes are advisable now.

THE SIGNALS OF DISTRESS

Plattsmouth People Should Try Read and Heed Them.

Sick kidneys give many signals of distress. The secretions are dark, contain a sediment, Passages are frequent, scanty, painful. Backache is constant day and night. Headaches and dizzy spells are frequent. The weakened kidneys need quick help.

Don't delay! Use a special kidney remedy. Doan's Kidney Pills cure sick kidneys, backache and urinary disorders. Plattsmouth evidence proves this statement.

Mrs. O. J. Gibson, Lincoln Ave., Plattsmouth, Neb., says: "We have used Doan's Kidney Pills in our family for lame back and other kidney disorders and they have brought the best of results. My advice to anyone suffering from kidney complaint is to give this remedy a trial." For sale by all dealers. Price 50 cents. THE LATEST IMPROVEMENTS

John Schiappacasse Installs New Soda Fountain and Other Up-to-Date Fixtures.

Another Plattsmouth business man has been seized with the fever to have an up to date and modern place of business and today is expending some \$600 or \$700 in improvements. The latest man to get a move on him is John Schiappacasse, the soda fountain, ice cream, confectionery and fruit man. Mr. Schiappacasse is installing today one of the finest soda fountains ever seen in this part of the state. The new fountain is modern in every respect and is one of the handsomest finished ever seen here. It comes from a Decatur, Ill. house and is a very large one. It has a back piece finished in oak with a very handsome French plate glass mirror which alone is a fine ornament to the store while the fountain itself is a marble and very large and attractive in appearance. The entire outfit has attracted a great deal of attention from the public and when it is in shape and ready for use, it is going to make his store one of the most delightful resorts in the city. Mr. Schiappacasse is preparing to do a much larger business this year than at any time in the past and believes the indications are far better than for several years past. With his new soda fountain, and all modern facilities for giving his customers the best of service with the purest of cream and candies and an up to the minute line of fruits, it is believed his hopes will meet expectations. The Journal is proud to see his evident prosperity and trusts that he can make other and additional improvements until no city in the state will have a better parlor than this.

The work of installing the fountain is being done by Messrs. A. Baxter Smith and O. M. Klitz who are excellent men in their line and whose work is an assurance of superior service.

If the Stomach, Heart, or Kidneys are weak, try at least, a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop does not drug the Stomach, nor stimulate the Heart or Kidneys. Dr. Shoop's Restorative goes directly to the weak and falling nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity falter. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by all dealers.

Honored Ladies.
The Pythian Sisterhood in session for several days past at Fremont, honored a Cass county lady with elevation to a high office in the grand lodge. Miss Deles Dernier of Elmwood, was elected as grand guard, a responsible position in the order. Mrs. Ada Leyda, of Falls City, the wife of J. Elmer Leyda, of that city, and a sister-in-law of John M. Leyda of this city, was also chosen grand matron of finance. Both of these ladies are well known in this city and have made friends here who will hear of their election to the several positions with the greatest delight and who are confident they will make most excellent and capable officials.
