A man with monkey-wrench in hand develops the stoic automobile stare. He is in a trance and should not be molested—he is harmless. Not so with one having the comet-crook-neck. They have the same wild look in the eye as the man with automobile in his head but have a curve in the neck and walk about aimlessly into fences, telephone poles and old cellars constantly muttering, "where's the alaru-ru-m-m-m." One young lady sat up in bed in early morning and with glassy eyes upon the figures in the wall paper exclaimed, "How beautiful is Halley's comet, oh, shall I ever meet my gagsheheln?"

Comet Breakfast.

Wednesday morning, May 18, 1910, was the occasion for a unique affair at the Oldham home in the edge of the village, given by their daughter, Miss Pauline. Among the line of study in the chautauque reading circle, "Friendly Stars" has held an important place and has been thoroughly absorbed, especially the part pertaining to Halley's comet.

A comet breakfast was given to those members who were able to attend. This was a time to see this wonderful phenomena of the heavens as it passed its perihelion. Many brilliant auroras were expected. Nothing appeared but a luminous cloud, the last phatom sentinel to this mysterious visitor in the eastern sky. This was all—except a bountiful comet breakfast. It was delicious. Miss Oldham assisted by Miss Margie Walker, served the comet. And there was plenty and to spare. Those present were: Dr. and Mrs. Gilmore and son J. Walker; Mr. and Mrs. W. C. Brown and Mr. A. A. Young. Years may pass and this erratic visitor may be spinning through space beyond our planetary system yet the remembrance of this occasion will never be forgotten by the participants.

If Sick

Don't risk even one single penny!

And I will tell you why I say this.

It is because every package of Dr. Shoop's medicine is absolutely free if it fails.

No one need risk even one single penny.

Just think what this means to the suffering sick!

No risk, no expense, nothing whatever unless health first returns for 30 full days, and without the risk of a single penny, you can either of my two famous remedies—Dr. Shoop's Restorative or Dr. Shoop's Rheumatic Remedy.

Why purchase any medicine whose maker dare not back it just as I do by this remarkable offer?

And besides, I am no stranger to you.

My "No Risk" plan has made Dr. Shoop's Restorative famous in every drug store in the land. The price is 25¢ a box, and we take no chance whatever here.

For twenty years Dr. Shoop's medicines have become thoroughly standardized all over America.

And I have a highly honest and responsible druggist in every city and village everywhere to accept my "No Risk" plan.

These selected druggists are the only ones who sell the sick—and the entire risk is mine alone.

But write me first for an order.

I have an agent in almost every community—but all druggists are not authorized to grant the 30-day test.

So drop me a line, please—and thus save all disappointments and delays.

Besides, you are free to consult me by letter as you would your home physician. Do so freely and fully—if you desire. My advice and the book below are yours—without cost. Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan.

Besides, the books will open up new and helpful ideas to you. They tell of my 30 years experience at the bedside in homes and in hospitals. All phases of sickness and relief are told of here. They put it all in plain "inside nerve" language that all can understand. Let it give to the Heart its impulse. How the Stomach and Kidney each have their inside or power nerve. How these organs surely fail when these controlling or master nerves begin to fail. How Dr. Shoop's Restorative goes directly to these failing nerves, and rebuilds, and finally restores the lost tone and power. I call sure help you—if it is within the power of medicine to do so. My best effort is surely worth your single request. So write now, while it is fresh in your mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.

AN EXTENDED EASTERN TRIP

A. M. Holmes and Daughter, Mrs. W. S. Smith Depart This Morning.

From Monday's Daily.

A. M. Holmes and daughter, Mrs. W. C. Smith of Murray, came in this morning from their home and changed cars here for the east, leaving on an extended trip to many points in that section. They were accompanied as far as this city by W. C. Smith who returned to his home on the M. P. morning train. From here Mr. Holmes and Mrs. Smith go to Chicago, Ill., where they will visit one day, going from there to Indianapolis for several days. From that point they will proceed to Washington, D. C., where they will spend a week attending the Sixth World's Bible School association which is to hold its sessions in that city, both of them being much interested in religious work. After this meeting is closed they will proceed to New York city where they will visit with several nieces who live there, and in Brooklyn, where they have other relatives. Later they will journey to Delaware county, New York, the birthplace of Mr. Holmes and spend some time in visiting with relatives, among them being a sister of Mr. Holmes. At the close of their visit there they intend to go to Thomas, Pa., where they will make a visit with the man after whom the town of Murray was named, he having been pastor of the church there for ten years and an old friend of Mr. Holmes. Returning to the west, they will stop at Chicago, Ill., for several days and then go to Bethany, Ill., where they have relatives for a brief visit, and to Chillicothe, Mo., where they will visit, returning to their home at Murray from that point. The trip is a very long and expensive one and will take quite a while to accomplish as they do not expect to be back until the middle of July. Their many friends hope that their trip will be a most pleasant one and that they will enjoy themselves to the utmost.

Returns From Idaho.

F. R. Guthman returned Sunday morning from a visit of some three weeks with his son, C. F. Guthman at Murphy, Idaho. Mr. Guthman was greatly pleased with that country and considers it a great and growing land. He states that irrigation is all that is needed to make it bloom and blossom as the rose and this is being done rapidly. The country is growing rapidly and great crops of staple products are being produced. His son, C. F. Guthman is doing an excellent business at Murphy and is delighted at the country. He sent his regards to all in this city.

Mr. Guthman states that one of the laughable things which he met with was the advice he received at Boise, "move here and you will live ten years longer." He replied "I had the same advice at Denver and Salt Lake." He states that he believes he will live ten years longer anyway in Nebraska, although he does like Idaho. He had a fine trip and is enjoying better health than for some days past. The only untoward event which marred the trip was the death of Mrs. Robert Netzel. His son-in-law H. R. Nietzel and wife returned shortly after Mr. Guthman, being detained on account of the death of Mrs. Netzel spoken of above.

An Excellent Recommendation.

Mrs. Caroline Morrosea von Langau, M. D., a well known and prominent physician, for more than twenty years in active practice, mailed us the following letter:—"In every case of sickness where I have prescribed Triner's American Elixir of Bitter Wine it has done all I expected of it as a tonic for all stomach troubles. I tried it myself and found it an excellent tonic, which can be given to invalids and children. Caroline Morrosea von Langau, M. D., 5057 S. Ashland ave., Chicago, Ill." This testimonial written by a doctor, so long in practice, shows best what virtues that preparation has. It should be used by those who are weak easily tired out, nervous, who have poor appetite and poor sleep, who are pale and sickly, and whose digestion is irregular. It is a great natural blood purifier. At drug stores. Jos. Triner, 1333-1339 So. Ashland ave., Chicago, Ill.

Bond Fixed at \$300.

Judge Travis this afternoon held a brief session of district court for the purpose of fixing the amount which would be required of Charles J. Baker who, sentence for bigamy, was recently reversed and set aside by the supreme court and a new trial granted. At the hearing this afternoon County Attorney Ramsey represented the state and A. N. Sullivan the defendant. After argument of the matter, County Attorney Ramsey wanted the bail fixed at \$500 as it was before the last trial and the defendant urging that \$300 was enough. Judge Travis decided to fix the latter amount, providing the defendant gave a good and sufficient bond in that sum with local sureties. The brother of the defendant from Knox county was in the city to help him in the matter and to make arrangements for indemnifying local sureties whom he expected to secure. At the hour of going to press he had not yet furnished bail.
