

# WHO ARE THE UNITED DOCTORS?

Some Information About the Specialists Who Will Be in  
Plattsmouth on Tuesday  
May 31 1930.

Since the announcement has been made in these columns that the Chief Consulting Physician of the United Doctors, who have their permanent Nebraska institute located on the second floor of the Neville block, corner of 16th and Harney Sts., Omaha, Neb., would pay a short visit to the Riley hotel at Plattsmouth, the question has been asked many times: Who are the United Doctors, and what do they do? The answer is this:

The United Doctors as the name implies is an association of expert medical specialists who have united to organize a new school of medicine; a new and more scientific and positive system of curing human ailments. For centuries, the world has been full of different "cuts" and "isms" of medicine. We had the old root and herb doctor with his bitter potions; the Allopath with calomel and quinine in heroic doses; the Eclectic without his calomel; the Osteopath and the Christian Scientist. We were doctored by heat, by electricity, by baths at the Hot Springs and by a multitude of men and methods. Some of the patients were cured, some died who should have been cured. It was impossible for the ordinary person to say which method of treating diseases was the best, the physicians of the various schools were so biased that they could see good only in their own method; all others were necessarily, bad.

Evidently there is good in all of them, for they all cure some cases, also, there is bad in all, for they all fail at times and allow misery to remain or death to come where a cure should have been effected.

A tremendous stride forward was made when the association of the United Doctors was formed. The founders of this association consisted of the prominent specialists from the various schools of practice. Eclectics, Homeopaths, Allopaths, Regulars and Irregulars, met and agreed to drop their prejudices and form a new system of treatment, which would embrace all the good points of the old methods and leave out the bad. The result of the effort of these world famous specialists of the various schools, was the wonderful treatment now being used by the United Doctors. All of this was not accomplished in a day or two, but has taken years of patient work by these specialists in their great institutions in the east; Homeopaths, Eclectic, Allopaths, all working side by side, each throwing away his old ideas when he was convinced there was something better, until at last out of the old chaos and confusion, came the new and perfect system, as it is now used by the United Doctors.

The cost of these specialists was great not only in the labor of forming the new system of treatment, but also in the effort it cost them to ignore their prejudice in favor of the various schools in which they were originally educated. But their record has been great in health and happiness restored to hundreds and thousands who were going to their graves in misery, pronounced incurable by old methods.

The wonderful new system of

medicine has cured thousands of cases of chronic diseases of the liver, kidneys, skin, heart, lungs, bowels and stomach, including rheumatism, paralysis, neuralgia, appendicitis, gall stones, piles, gonorrhea, diseases of women and diseases of men, which had been pronounced incurable by other doctors.

Louis Schultz, a prosperous farmer, living on R. R. No. 2, Plattsmouth, Neb., says that for twelve years he had been treating with his home doctors, those in Council Bluffs, Ia., and the best ones in St. Paul, Minn. He took the hot baths in Lincoln, Neb., and even went clear to Hot Springs, Ark., all of which gave him no relief. In speaking of his case he says: "I went to the United Doctors. They told me more about myself and disease in ten minutes than all the other doctors put together in all the years before."

"Now my stomach gives me no trouble. I eat anything and digest it perfectly; my kidneys are better and my rheumatism improving so rapidly in this short time, that I am sure my recovery will be complete."

N. C. Carlson of Wausau, Neb., says, "I am now as well as I ever was in my life. When I commenced treatment with you, I was barely able to walk, such was the pain I had. Now, after taking your treatment for five months, I enjoy perfect health."

Mrs. Alice Griswold of 1619 Frederick St., Omaha, Neb., says she had appendicitis in a very severe form. She did not believe she could be cured without a surgical operation, but took the United Doctors treatment with little hope. After the first two or three doses she began to feel better and in less than a month was entirely cured, and has had no return of the trouble since.

These people were cured in their homes, without surgical operation and they are only a few out of the thousands who have been cured by the United Doctors at their various institutes throughout the United States. These specialists have hundreds and thousands of testimonials from cured patients on file at their office. Any one interested in any names of patients who were cured of that disease can get same by writing to the United Doctors at their Omaha Institute. These testimonials are from responsible people of Nebraska and were given voluntarily out of the gratitude of their hearts, so you can believe implicitly what they tell you.

It is this wonderful all home treatment that the United Doctors are bringing to Plattsmouth on Tuesday, May 31, and while here will give free consultation, free examination, and free treatment except for the bare cost of the medicine used.

If you are skeptical, write to the United Doctors for the names and addresses of patients whom they have cured and you will be furnished with as many as you may desire to investigate.

Remember the United Doctors will be here but one day and while here will receive patients at the Riley hotel.

If you are sick and suffering and want to be made well and happy, call on the doctor when he comes to Plattsmouth.

## A Farewell.

Ben Harrison was made the recipient of a very pleasant farewell party last evening by the members of his Sunday school class of the Presbyterian church at the elegant home of Mr. and Mrs. A. S. Will. Guessing games, stunts, social conversation and the like were the principal amusements and occasioned much merriment.

One of the guessing games held during the evening was one in which names of authors were to be guessed and in this contest Miss Mildred Johnson captured the first prize, a book and Miss Gertrude Morgan the second prize, a box of blocks. Following this slips of paper bearing the first word of a proverb were distributed and the guessers required to guess the balance of the proverb. This was quite a task and proved quite a test on the memory of the young people. Miss Lucille Gass carried off the first prize, a picture; and Miss Mattie Larson the second prize, a cloth doll.

Slips of paper were again distributed, requesting each to perform some stunt. Music, both vocal and instrumental, reading, speeches and various other kinds of stunts too numerous to mention, furnished a splendid entertainment for the next hour or so. During the evening delicious refreshments were served, which were thoroughly relished by all after such strenuous work.

## Cupid's Capers.

Cards have been received in this city announcing the marriage of Mr. Chas. Kirschenblatt and Miss Celia Cohen, both of Omaha. The ceremony will take place on Saturday, June 18, 1910, at Temple Israel, Omaha, and will be a society event. The groom is quite well known in this city, where he resided for several years and where he was employed. He is a young man of ability and sterling worth and possesses an upright and spotless character. At present he is employed in Omaha, and the worth which he demonstrated while in this city is prominent there. He is a son of Mrs. H. Waintraub of this city. Miss Cohen is the daughter of Mr. and Mrs. Jacob H. Cohen or Omaha, and is said by those acquainted with her to be a young lady of refinement and much worth. The many good friends of the young people of this city extend their congratulations in advance.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by all dealers.

Use "Forest Rose" flour if you want the best results in making good bread. Try a sack and you will buy no other. For sale by all leading dealers.

# FINE PRODUCTION OF "THE WOLF"

Eugene Walters' Great Melodrama at the Parmele.

The William Grew company last night closed their three nights engagement with the best production of the entire engagement. This was somewhat of a surprise to the audience as the play selected was the strongest and most powerful of all three and required greater skill and care in its production than either of the other two. "The Wolf" is a strong, virile and lifelike play, tingling throughout with the keen action of frontier life but also pulsing with the powerful passions which stir humanity throughout the world. It is one of the sort of plays which appeal to human interest and instinctively makes men remain until the denouement at the close.

The Canadian woods are a far cry from the prairie country and the wonder of the play is that Eugene Walters could take them for a setting and transplant to their heart all the passions of man and still hold them together so that they appealed to the audience here in the states. Yet he has done so and none who attended last evening could do other than say he had done his work well. "The Wolf" was far and away the best thing the Grew people have done in this city and there should have been a packed house to have encouraged their efforts.

The story of the play is that old, old story of human life—the passion of man for woman. The characters in brief are that of an American, debauched and base in his regard for the woman, to whom all of them looked as victims ready for the hook, from whom the finer sentiments which stir men had fled. The young French Canadian trapper whose soul had not been seared with contact with the vile things which follow in the wake of—can it be called civilization?—who meets the little Scottish girl to whom his heart goes out and with whom he elopes. This little girl is living there in the woods with her father who mistreats her and who is not thoroughly at himself. There are other characters in the story and the play but the interest centers about these. In the end the young Canadian and the American meet in the Canadian forest at the portage of the Little Bear river and fight a desperate duel for the possession of the girl, the Canadian winning and ending the existence of the American engineer. This last scene is the really big scene of the play and it is filled with that strong, stir of action which grips the audience and causes them to breathe a sigh of relief when the end comes. Without doubt the play deserved all the brilliant success it has attained and is distinctly a high class melodrama worthy to live.

The company last evening in handling the play did more than well. It did much better than many another company pretentious appearance could have done. The parts were all taken with a fidelity to truth which was remarkable and which sends the several actors from the city with great praise for their good work.

Mr. Grew assumed the exceedingly difficult role of Jules Beaubien, the young French Canadian trapper who proves the hero in the end and to whom falls the prize of the little Scottish girl. He filled the difficult part more than well, and barring a bit of trouble with the Canadian accent which time will repair, his characterization of the part will rank with that of nine in ten actors. Indeed, he proved a great and most pleasing surprise.

The role of the villain, Wm. McDonald, the American engineer who seeks to capture the Scotch girl from Beaubien, was taken by Mr. Taylor Bennett and he handled the part in thorough keeping with the high class of Mr. Grew. He did remarkably well and the role could not have been better sustained than it was.

Hilda McTavish, the Scotch lassie about whom the storm of men's passion raged, was taken by Miss Mabel Cullen and she filled the role most acceptably and was more than capable. Everything considered her part ranked well with that of the two stars mentioned above.

Mr. Manuel Snyder assumed the role of Andrew McTavish, the Scotch settler and father of Hilda, and in this difficult part his work was of high class and deserving of commendation.

Two minor roles those B'atiste Le Grand, trader and courier des bois, and George Huntley, an assistant to McDonald, were in the hands of Messrs. Robert Enders and Shelton Wilson and they did as well with the parts as they permitted, both sustaining the roles with fidelity to the intentions of the writer of the play.

The piece was well staged and merits its comment in this respect. It can be said for it on the whole, that it

was the best thing done in this city during either of the engagements of the company here and it will rank as an indication of the excellent work which can be done by them. They carry with them to St. Joe, the best wishes of many friends here and hope for a return in the future.

## New Ferry Road.

Plattsmouth will have the new road across the sand bar to the ferry. This is assured by the liberal manner in which the subscriptions have been made for the project. The committee to whom was left the task of raising funds to build the road has been meeting with much success and they are able now to see their way clear for the announcement of the success of the affair and the construction of a road which will be way above the usual rise of the Missouri. This committee consisting of Messrs. John Hatt, Jr., J. P. Falter and E. A. Wurl has been energetically at work and states that the needed funds are in sight. They had reached the \$200 mark this afternoon and they were more than pleased at the outcome. They found that the business men of the city were enthusiastic over the project and it was not necessary to explain to them what was wanted. They cheerfully wrote their names down and gave the amount which they were expected to give. This is the spirit which makes cities and Plattsmouth has it.

The new road is to run from the foot of Main street at the mouth of the undergrade crossing of the Burlington to the old road at Rocky Point and is to consist of a roadway some thirty feet wide and not less than four feet above the level of the sand bar. It is also proposed to widen the road around the point to the ferry and remove the rock which lies in layers along the bottom of that point. This rock will be thrown in along the side of the roadway to protect it from the water in the event the river rises and the result will be, it is hoped, a permanent way for vehicles. It is the expectation that the county will lend its aid and help on that part of the road beyond the city limits and assure the people of the Iowa side an easy and convenient means of reaching the city.

The success of the project is something which the promoters of it had set their minds on and they are more than glad that it has come so quickly and so easily. A roadway which would be passable in all kinds of weather has been demanded by those living on the Iowa side of the river for a long time and it has also been asked by autoists and others who preferred to cross on the ferry here and go up the good roads on the Iowa bottom to Omaha and Council Bluffs. It is the expectation that the completion of this road will result in turning a large percentage of the automobiles which are passing to the north and the south to this city where cheap ferriage can be had and where a level and smooth road will lead to the north in to the Bluffs and Omaha.

This road is also regarded as a starting point for the road which is projected to run to Rock Bluffs along the river and which in time it is hoped will extend to Nebraska City. The work is now started and all it needs is to keep it going. The business men who have done so well for this road deserve the thanks of the public as do the committee who have so energetically worked for it.

English Spavin Liniment removes Hard, Soft or Calloused Lumps and Blemishes from horses; also blood Spavins, Curbs, Splints, Sweeney, Ring Bone, Stiffes, Sprains, Swollen Throats, Coughs, etc. Save \$50 by use of one bottle. A wonderful blemish cure. Sold by Gering & Co., druggists.

## For Another Dance.

The Jolly Six Dancing club will give another delightful dance on Saturday evening, June 4, at Coates' hall to which the public is cordially invited. These dances are among the most delightful social affairs to be given in the city and well worth going to. They are always sure to be pleasant and a mighty good time is always had by all who attend. The management spares no pains in its efforts to make everyone have a good time and this dance will be no exception. The M. W. A. orchestra will furnish the music and that in itself is recommendation enough for all. Do not forget the time and place, Saturday evening, June 4, at Coates' hall. Make all your arrangements and be sure and attend.

A plain prescription is printed upon each 25c. box of Dr. Shoop's Pink Pain Tablets. Ask your doctor or druggist if this formula is not complete. Pain means congestion, blood pressure. Head pains, womanly pains, pains anywhere get instant relief from a Pink Pain Tablet. Sold by all dealers.

Glen Tomlinson of Indianola, Ia., came in this morning to make a visit of a few days with M. S. Briggs and family.

# Short Locals

From Wednesday's Daily.

Sam Long, the prominent South Bend contractor, came down this morning to attend to business matters in the city.

Peter Meisinger of Cedar Creek, is among the good citizens spending the day in the city, driving in from his home this morning.

Eli M. Smith, the Union hog raiser is among those in the city today, having business matters to attend to, coming up this morning.

E. Sturtzner of South Bend, one of the prominent citizens of that section of the county, is in the city today looking after some business matters.

William Starkjohn is among those having business in Omaha today to look after, being a passenger for that city this morning on the early train.

Ferdinand Hennings, one of the excellent citizens of Eight Mile Grove precinct, is spending the day in the city attending to business matters, coming in this morning.

John A. Hennings, one of Cedar Creek's prominent citizens is spending the day in the city, having driven in this morning from his home to look after business matters.

Leonard Born departed this afternoon for Lincoln where he goes as a delegate from St. Paul's Evangelist church to the conference in that city. The conference is an important gathering and will be in session for four days.

Perry Utterback who has been running a restaurant in Omaha, came down this afternoon for a short visit in the city. He has recently disposed of his business in that city and has not yet determined upon a location.

In district court the application of Conrad F. Valley for a writ of habeas corpus seeking the custody of his daughter, has been continued over this term of court and will be for hearing at next term, issues not having been joined in the cause.

From Thursday's Daily

Sam H. Shumaker is looking after business matters today in Omaha, going to that city on the early train this morning.

Charles N. Beverage, the well known farmer living south of the city is in the city today attending to business matters.

Mrs. Peter Turn was among the visitors with Mrs. Nord today at Oreapolis, going there to attend the meeting of the Ladies Aid society.

Mrs. George Dodge departed this morning on the early train for Omaha where she will make a visit with her son, Dr. Roy Dodge and family.

Mrs. A. Peistrup was among the ladies going out to Oreapolis today to attend the meeting of the Ladies Aid society of the Swedish church.

Fred Guenther came in this morning from his farm west of the city to look after some business matters, returning home after a few hours visit.

George Kaffenberger, one of the live stock raisers of the precinct, is among those looking after business in the city today, driving in this afternoon.

George Meisinger from Eight Mile Grove precinct, one of the prominent young farmers of that precinct, is in the city this afternoon on business matters.

Charles Creamer is spending today in Omaha, having come up from his home near Murray this morning to attend the business matters in that city.

William Volk came in this morning from his home in the country and was a passenger on the morning Burlington train to look after some business matters.

Mrs. Joseph Hadraba and daughter Miss Blanche, were among those attending the meeting of the Ladies Aid society of the Swedish church at Oreapolis, the guest of Mrs. Peter Nord.

Bernard G. Wurl is spending the day at Pacific Junction, Glenwood and other Iowa towns selling the famous brands of cigars which his factory turns out, having gone over on train No. 6 this morning.

John Ossenkop, Louisville's prominent and excellent citizen, is among those spending today in the city looking after business matters, coming down from his home this morning on the Schuyler train.

John and Clara Parkenning departed on the morning train for Omaha where they will spend today in visiting with relatives. They also expect to visit with other relatives in Douglas county before returning to their home.

Robert Propst came in this morning from his home at Mynard and was a passenger for Omaha on the morning train, going there he states to conclude the purchase of a fine motor car and expecting to bring it back this evening.

Impure blood runs you down—makes you an easy victim of organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

In county court this morning a petition for final settlement of his accounts as special administrator of the estate of the late Samuel S. Johnson, deceased, was filed by C. D. Clapp of Elmwood, special administrator. His final report accompanied the petition.

Mrs. Jennie Rhoden and baby, Mrs. Glen Rhoden and Miss Leola Valley were a party who drove up this morning from their homes near Murray to be passengers on the morning Burlington train for Omaha where they will spend the day, returning to the city this evening.

L. F. Smith, a boilermaker's helper at the Burlington shops, this morning sustained a severely cut hand while working at his trade. The cut was on the inside of the left hand middle finger, and a few stitches were required to close it up. He will be unable to work for a few days pending the healing of the wound.

Mrs. Peter Hanrahan came in last evening from Grand Island to remain until after the graduating exercises with her daughter, Mrs. M. Whalen and family. Her grandson, Francis Whalen is among those who graduate this spring and she desires to witness the event. The aged lady is looking quite well and her many good friends in the city will be heartily glad to welcome her back again.

Isaac Cecil who has been ill for the past six weeks with rheumatism, was able to be out of the house and down town yesterday afternoon. He hopes to be able to return to his work with the physician has forbidden him to. His many friends in the city trust that his hopes are soon realized and that he can once more be able to be about and look after his work as well as greet them all in good health.

Miss Bane of Glenwood, Ia., who has been spending several weeks in the city making a visit with Mrs. Thomas South, departed this morning for her home. Miss Bane expects to remain at home for a few days after which she will depart for Denver, Col., where she will enter a school for trained nurses.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says every one that has used it. Sold by all dealers.

George Edgerton received something this morning which he highly prizes. It is an invitation to attend the Commencement Exercises of the medical department of the University of Texas, to be held at Scottish Rites Cathedral, Galveston, Texas, on Tuesday, May 31. The invitation is extended by George William Edgerton, a son of George Edgerton formerly of this city, and now of Sherman, Texas. The exercises are billed for 8:15 p. m. The young man is a member of the graduating class and is now a full fledged physician. He will be well remembered by many who met him last year when he was a visitor in this city with his father, they coming from Sherman for several weeks visit with Mrs. William Edgerton and other relatives. He is a young man of a great deal of ability and worth, and during his course at the Texas University, he has made himself an excellent record. The medical department of this university is generally recognized as one of the ablest in the south, and to graduate from it with honors is something worth while. The many friends of the young man and his father, who is an old Plattsmouth boy, will unite in congratulations upon his success in passing and trust that he may make a splendid record in his chosen profession. Mr. Edgerton regrets very much that he will be unable to attend the exercises as he would like to have been present and witnessed the ceremonies.

## Full Fledged Doctor.

George Edgerton received something this morning which he highly prizes. It is an invitation to attend the Commencement Exercises of the medical department of the University of Texas, to be held at Scottish Rites Cathedral, Galveston, Texas, on Tuesday, May 31. The invitation is extended by George William Edgerton, a son of George Edgerton formerly of this city, and now of Sherman, Texas. The exercises are billed for 8:15 p. m. The young man is a member of the graduating class and is now a full fledged physician.
