Base Ball Dope.

Oh, your Greens.
Charles Heckathorn of the Huskies has been traded for outfielder Jung of the Pinochles.

Manager Gillin has drafted Maseman and Herold Harmon of the Pinochles.

The game Monday was a beauty. The boys certainly deserve a larger attendance, as it was as good a game as you will see in many a day.

Be on hand Friday to help cheer the Greens.

Avoca and Elmwood Friday.
The Pinochles were there with the bat Sunday when they trined the Berlin Huskies.

The rooters were out in force Monday.

Happy Jack who was on the rubber Monday for the Greens twirled a dandy game and was given excellent support.

Did you notice those Berlinites reaching for Betts shoots.

Not a score until the sixth inning; isn't that a going some?

The Green's go to Syracuse next week.

J. P. Rassmussen of the Pinochles is well pleased with the outcome of the game with Berlin.

The Huskies are biting themselves all over for a game.

Manager Braezele can't hardly wait until he gets his braves lined up against some team.

Kid Graham in center Monday played without a bobble.

The Greens were like clockwork in Monday's game.

Be with the crowd Friday. It is going to be a red hot one. The boys will appreciate your patronage.

Pinochles Win.

The Pinochles went to Berlin Sunday and got their scalps to the tune of 12 to 13. The score ran high but everyone who was present said it was a good game. As this was the first game for the boys away from home we think they did well. The manager is tickled clear to his toes at the outcome. Earl Harmon who did the twirling act for the Pinochles pitched a steady game, and was given good support, and Kid Fahnestock who was at the receiving end was a peach. A return game will be played in the near future.

Avoca—5, Berlin—3.

The Greens played their second game of the season with Berlin on Monday, and we must say it was one of the best games that has been played here for many a day. Scores were as scarce as hen's teeth. Neither side were able to get across the home plate until the sixth inning. Berlin scored first in the sixth with two. The Greens came right back with two. In the seventh Berlin managed to get another across the pan. The Greens scored four in this inning and won the game. The game was worth coming miles to see, as both teams put up a regular league ball all the way through. A number of fans from Berlin were present to see their pets meet with defeat. The Avoca team deserve a great deal of credit for the article of ball they put up. Lefty Durham in right field played without an error. Score:
Berlin . . . 0 0 0 0 0 2 1 0 0—3
Avoca . . . 0 0 0 0 0 0 2 4 0—6
Batteries—Berlin: Hensley and Miller, Avoca: Betts and Fahnestock. Umpire—Taney.

In sickness, if a certain hidden nerve goes wrong, then the organ that this nerve controls will also surely fail. It may be a Stomach nerve, or it may have given strength and support to the Heart or Kidneys. It was Dr. Shoop that first pointed to this vital truth. Dr. Shoop's Restorative goes directly to those failing, inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. A simple five or ten days test will surely tell. Try it once and see! Sold by all dealers.

Use "Forest Rose" flour if you want the best results in making good bread. Try a sack and you will buy no other. For sale by all leading dealers.

Any skin itching is a temper-tester. The more you scratch the worse it itches. Doan's Ointment cures piles, eczema—any skin itching. At all drug stores.

Full Measure

It is not the rule to find paints put up full measure. Most of them are put up in short measure—the cans are small and not full.

Trip Delayed.

C. E. Westcott and wife were billed to start on their trip to Los Angeles, Cal., this morning but were compelled to postpone the journey. They wired to Kansas City for berths on the Santa Fe's California Limited and were considerably surprised to get the information that all berths had been taken and there would be none to be had either today or Friday. Under these circumstances they have been obliged to wait until Saturday at the earliest. The rush of travel to California now is said to be very great which is surprising considering the time of the year. The first day of California rates was yesterday, the roads making round trip rates which will be in effect all summer except for two weeks immediately preceding the Jeffries-Johnson fight when the rates will only be good upon slow trains, the fast through limited trains charging full fare. Indications now are for the largest crowds in west bound history this summer.

Pain anywhere stopped in 20 minutes sure with one of Dr. Shoop's Pink Pain Tablets. The formula is on the 25-cent box. Ask your doctor or druggist about this formula! Stops womanly pains, headache, pains anywhere. Write Dr. Shoop, Racine, Wis., for free trial bottle to prove value. All dealers.

Telephone Information.

The World's Work, one of the strongest of magazines of general information is running a series of articles at present on the birth and rise of the telephone which will repay reading. The articles are very interesting and instructive, and have a world of valuable information in them. The series commenced in the March number and will run through several numbers of the magazine. They are from the pen of Herbert N. Casson, a writer of authority, and will deal with the telephone from its foundation to the present time with its several stages of development and then forecast what the future has in store for the world in the ways of telephonic communication. The articles also will deliver largely with the tremendous growth and development which the independent telephone companies have made, something which is of peculiar interest in this locality where the independent telephone had its inception in Nebraska and where it has attained remarkable strength. The articles are very timely especially following the news of yesterday which marked the rapid rise and advance of the independent through their alliance with the Postal Telegraph company. A cursory glance at the articles warrants the assertion that every telephone reader should give them perusal if possible as he will find them full of meaty facts which will interest him.

Special Notice!

Many of you have no doubt received our bills announcing that we are going to change our business from a credit to a cash system. This may seem a rash act when we have so many good customers. But then we have some that are very doubtful. Any business firms have these that are doing a credit business, and to protect our good customers we have decided to make the change and give them the discount that it costs to do a credit business. We would like for you to call on us at your earliest convenience so that we can explain our system to you more fully.
