

## COMPLETE PROGRAM FOR THE CELEBRATION ON THE FOURTH

The Great Parade to Start at 10 O'clock Headed by Marshal of the Day Ben Rainey in Charge

A party of advertisers from the Red Men celebration made a trip yesterday into the county, billing the towns of Mynard, Murray, Union, Nehawka and Weeping Water. The boys report that they met with an enthusiastic reception wherever they went and that the indications are that that whole section will be here for the big day. The party consisted of Messrs. I. J. Decker who so kindly tendered the use of his mule team to the Red Men, and who did the driving, Henry Tims, Albert Egenberger, Charles Truman, Bert Thomas.

The boys did a good day's work and hills are now pretty well scattered over eastern Cass and in all the centers of population through the eastern and middle parts of the county. The boys who were out yesterday had an exciting experience when near Nehawka. They discovered two wolf cubs and gave them chase, capturing them. Later the cubs made their escape in some manner and are now roaming about some where near the Weeping Water. The boys had intended to try and bring the animals in to the city but they were a little too careless and let them get away.

The management of the celebration were considerably disappointed last night to get definite news from the Missouri Pacific that the projected excursion from Nehawka and Union will not materialize as the company will not furnish power. The best the company proposes to do is to add two or more coaches to the regular morning train. As this train has been running about one to two hours late every mning, there is a good prospect that it will get through about the time the excursion would have run anyway, so that all can attend as they intended.

To offset this discouraging news, it was learned, however, that the approach to the ferry on the Iowa side has been repaired and is now in good shape. A long and solid approach has been built from the shore to the ferry landing and vehicles can be handled with neatness and dispatch. Ferryman James Ault was up in the city yesterday and authorized the statement that teams can now cross in perfect safety and without trouble. He is also working now on widening the road around Rocky Point and the action of the council last evening in donating him timbers to brace the road up against the river, enables this work to be rapidly pushed forward. This assures western Iowa a good road and an excellent crossing to the big show. More advertising is needed in the bottoms as far south as Thurman and the committee would like to have some volunteers for this work.

The arrangements for the parade are going on nicely. The committee consisting of Messrs. F. E. Schlater and Thomas Walling today again visited the merchants and urged them to hurry the work on the floats. They have met with very good success and a number of the floats are under way and some near completed. The several lodges are getting along nicely with their floats and most of them will be very imposing. The Eagles have their float well under way while the Woodmen are also getting along nicely. The Sons of Herman have a splendid committee in charge of their float and intend to have something which will be an eye opener. Work on it is under way now. The prevailing opinion is that the best display possible will be made. The committee on parade to whom the selection of judges and the formation of rules governing the award of the prizes, is at work selecting three capable and efficient judges, the names of whom will be withheld for the present at least and they also hope

**Will Store no More Grain.**  
Grain Dealer W. F. Gillispie of Mynard desires to announce positively that hereafter there will be no more grain stored at his elevator for customers, the law being such that the custom which formerly prevailed of storing grain is illegal and unlawful. He desires all his many friends and customers to understand his position in the matter and to recognize that he must comply with the law and in consequence, cannot accept grain for storing purposes. Mr. Gillispie was in the city last Saturday and took the opportunity to make this announcement to the public so that customers will realize the situation and not ask for this accommodation. It is understood all grain dealers in this locality are complying with the law in this respect but to make certain that all understood just where he stood, Mr. Gillispie concluded

## SECTION MAN INSTANTLY KILLED

C. M. Suerpernant Struck by a Car While at Work.

C. M. Suerpernant, a track laborer under foreman Charles Maguire in the Plattsmouth yards, was struck and instantly killed this afternoon about 5 o'clock, while engaged in his work. According to testimony of a number of eye witnesses who saw the accident Suerpernant was engaged in tightening bolts on what is known as the old elevator track just north of the Burlington station, when the switching crew kicked a car on the track. Suerpernant did not hear the approaching car which slipped noiselessly along upon him, and did not discover his danger until too late. Foreman Maguire and another of his crew were working within a short distance of the scene of the accident and were quickly at the side of the unfortunate man. They found that he had been killed almost instantaneously. The body was taken to the Burlington station and the sheriff notified. He at once arrived and assumed charge and an inquest will be held to determine the cause of death and fix the responsibility.

Suerpernant has been connected with railroads in this vicinity for some years past, having been connected with the Missouri Pacific at various points along their line, and working here under Foreman Brisey for the same company. He has lived at various places in the second ward for several years, and at the time of his death was a resident of the M. E. Buttery property in that ward. He is a man about forty-five years of age and leaves a wife and three children, the youngest being a baby about six months old. He is well known in that part of the city, and bore the reputation of being a hardworking and very industrious man. His death came as a great loss to his many friends in this vicinity.

Sheriff Quinton at about 5:45 this evening, impaneled a jury consisting of Messrs. J. C. York, C. W. Baylor, Frank McElroy, John Bajeck, Carl Herger, and C. L. Martin who viewed the remains as they lay in the baggage room at the Burlington station and made an examination of the injuries which caused the unfortunate man's death. They found he had been horribly mutilated. There was a gash some five inches across his throat to the left side, the left arm and leg were broken, the chest crushed in and the ribs broken, the right leg was broken, the neck and spine broken and innumerable other wounds on the body. Life must have been extinct within a few seconds after the accident.

After viewing the remains the jury adjourned to meet at Sheriff Quinton's office at 8 o'clock this evening when witnesses will be examined and a verdict arrived at.

**Infected Foot.**  
Tim Kahoutek is taking a layoff from his work at the shops suffering from an infected foot. While at work yesterday he had the misfortune to step on a nail with his right foot, the nail penetrating the foot. He paid small attention to it at the time and today it was so badly swollen that he had to have it treated by a surgeon and to have to lay off from his work. The injury it is thought will readily submit to treatment and it is believed he will be able to be at work within a few days. Owing to the hot weather these injuries are such as will easily become infected and great care has to be exercised to prevent serious trouble with them.

**Pay Up! Pay Up!**  
All parties knowing themselves indebted to me are requested to call immediately and settle same. I am going to leave town and must have what is due me. Remember that it will be cheaper to settle with me in person while I am here, than it will be to settle with a lawyer after I am gone. Take timely warning—I want what you owe me and must have it one way or the other.

M. Fanger, Department Store

Have you ever used the celebrated "Forest Rose" flour? Try it when you buy the next sack. At all leading dealers.

**To Patrons.**  
My barn will be open to all patrons during the carnival. Sam G. Smith.

**FOR SALE**—A few choice farms in the clover and corn belt of eastern Minnesota. No drouth. For particulars enquire of J. E. Tucey, Plattsmouth, Neb.

**FOUND**—By Conrad Cend at Cedar Creek, a ladies red bracelet with gold mountings. Owner can have same by applying to Miss Marie Kaufman, Cedar Creek.

Smith's barn will be open to patrons during the carnival.

**They Want the Journal**  
Mrs. Henry Starkjohn, residing west of this city, was in town last Saturday, and while here called at this office, and her name was enrolled for the coming year's subscription. Mr. and Mrs. Starkjohn are excellent young people and find it almost impossible to get along without the old reliable Cass county newspaper.

## WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Plattsmouth women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Plattsmouth woman's words:

Mrs. James Hodgert, 1102 Main street, Plattsmouth, Neb., says: "I suffered a great deal at times from dull, heavy pains across the small of my back, especially severe when I stooped or brought any strain on the muscles of my loins. About two years ago I learned of Doan's Kidney Pills and they brought me such prompt and positive relief that I have since used them whenever I have felt in need of a kidney remedy. I procured Doan's Kidney Pills at Gering & Co.'s drug store and do not hesitate to recommend them."

The above statement was given in June, 1906, and on December 30, 1908, Mrs. Hodgert said: "I still hold a high opinion of Doan's Kidney Pills. I am glad to confirm all I have previously said about this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## A Picnic Supper by Campfire.

A number of young people wended their way to the woods in the vicinity of the Burlington bridge Tuesday evening for the purpose of having an outing and enjoying a meal on the river bank. They took with them well laden baskets filled with sandwiches, fruit and the like and were in for a genuine good time. Many diversions of the out door nature were indulged in and most thoroughly enjoyed, but perhaps the most delightful was eating their supper by the campfire. They broke up camp about the twilight hour and on their return to this city, the entire party attending the moving picture show at the Majestic theater.

Those in attendance were Dorothy Britt, Barbara Clement, Katie Foster, Edna Shopp, Stanley Coon, Will Shopp, "Sonny" Knapp and Glen Scott.

Henry Engelke, one of the hustling young farmers of Mt. Pleasant precinct, was in the city Tuesday, and while here called and renewed for his paper. He came up in his fine large auto, and was accompanied by his wife. Mr. Engelke is one of those prompt paying readers such as the country publisher is always proud of.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Eclectic Oil instantly relieves the pain—quickly cures the wound.

Use "Forest Rose" flour if you want the best results in making good bread. Try a sack and you will buy no other. For sale by all leading dealers.

## -ABOVE ALL OTHER-

**BRANDS OF FLOUR**

**IS THE FOREST ROSE BRAND!**

It represents all that is highest and finest in flour. All we ask of you is to give it a trial at your grocers—after that you will use no other kind we are sure. One of the greatest merits of our flour is uniformity—one batch of bread is just like another, and all are equal to the best. Just try it and be convinced. Made by

**Wahoo Mill Co.**

## The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations. It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

## BROWN COMPANY'S SHOWS ARE GOOD

Wymore Papers Speak Highly of Company's Attractions.

The Brown Amusement company shows, here this week, under the auspices of the Wymore Fire Department is doing well. The shows are clean, and entertainment offered high class in every way.

In point of attraction the big boa constrictor and glass blowers head the list with the Ferris wheel and the negro minstrels close second. The other attractions are also doing big business, and the fire boys will net a goodly sum by the week's end.

The shows are located on Blue River avenue between Main and Nas streets. Although large crowds have thronged the streets in that vicinity every night good order has prevailed. It is expected that the remainder of the week will see more people than ever out to take in the shows and free attractions.

Through the courtesy of Ross A. Dano, owner of the big snakes, a Wymorean reporter today witnessed the boa constrictors take their daily bath, and it proved a unique sight. The largest snake which is a South African boa, weights 285 pounds, 27 feet 2 inches in length, and is supposed to be over 100 years old. The other reptile is a British East Africa boa, and is not quite as large as the other, but nearly so. They are both beauties, the first being of dark color and the other lighter. These reptiles feed about five times a year, taking a 30 or 40 pound pig or other similar animals at each meal. The animal is first crushed in the mammoth folds of the snake's body and then swallowed hole, process of digestion usually taking several days to complete. The snakes drink about twice a week, sticking their nose into the water and sucking it in like a horse or cow. They usually take a common water bucket full of water at a time.

The snakes shed their skin and teeth once a year. The big fellow Mr. Dano has on exhibition, has just completed shedding his skin today, our reporter seeing the operation completed and securing a large piece of the skin as a souvenir. The new skin shows up brilliantly, the colors being bright and fresh.

The reptiles make a very interesting sight and are well worth one's time. Mr. Dano, who has handled large snakes for many years says that one can study them constantly and always find something new and interesting in their habits.—Weekly Wymorean.

## Marriage License Good.

Business in the marriage license department of the county court has been pretty good today, a double wedding taking place at the office of Judge Beeson this morning. The contracting parties were Ralph Rohacek, aged 25 of Omaha, and Miss Clara Westrom, aged 21 of Plainview, and H. T. Johnson, aged 22 of Omaha, and Miss Amelia Westrom, aged 20 of Plainview. The young folks came down on the morning train and after having the knot tied returned to Omaha in the afternoon. It could not be learned whether it was an elopement or not. The only information vouchsafed was that the young ladies had been visiting friends in Omaha and had met the young men there. Presumably they did not consult their parents about the step. All four are nice looking young people and seemed happy over the success attending their efforts to end single blessedness.

A license was also issued to J. R. Holcomb, aged 54, of Big Springs, Neb., and Miss Louise Glenn, aged 37, of this city. The couple was to be married today at the home of the bride's parents, Mr. and Mrs. T. W. Glenn in this city.

Chamberlain's Cough Remedy is sold on a guarantee that if you are not satisfied after using two-thirds of a bottle according to directions, your money will be refunded. It is up to you to try. Sold by all dealers.

## Entertained at Schneider Home.

The Ladies Auxiliary and Missionary society of the Presbyterian church were entertained by Mesdames H. A. Schneider and Kate Minor in a charming manner yesterday afternoon at the pleasant home of Mrs. Schneider. There were a very large number of the ladies present and enjoyed a splendid afternoon. As this meeting was to be a missionary one, a program along that particular line had been arranged and was very successfully carried out. Miss Lucy Arnold had charge of the program and a special effort was made to make this as entertaining as possible. Mrs. L. W. Gade and Miss Addie Searle gave very interesting papers on "Alaska." Mrs. Wise read a poem, Mrs. Dr. Baird read a selection from the "Missionary Monthly" on "Alaska," Mrs. Elster from the book entitled, "The Magnetic North" and Mrs. Morgan on the work being done in Alaska from a popular missionary magazine. This program proved very interesting and entertaining and was thoroughly enjoyed by those present. Following the program and as the ladies engaged in social conversation, and various other amusements, a dainty luncheon was served which was a source of constant delight to the ladies.

## Clean up Trash.

A step in the right direction is taken by Chairman Neuman of the fire and water committee who issues a notice to the public that streets and alleys in the business center of the city must be cleaned of trash and rubbish at once. There are some places in the business district where there is grave danger of fire unless this rule of the committee is complied with and that at once. With the approach of the Fourth of July and the increase in hazard from fire, the importance of observing the order is apparent and the business men and merchants should promptly get to work and see that the work is done and done right. Councilman Neuman declares that he intends to prosecute every man guilty of failing to observe his orders in the matter and that the complaints will be filled forthwith and upon the expiration of the time for releasing as set by the committee. The public in general, approves of his course and the general run of the business men declare that he has taken the right step in firmly insisting on the work being done. Let the alleys and streets be cleaned up now and danger of a conflagration averted.

Dr. Bacon of Pacific Junction was in the city yesterday afternoon, and called at the Journal office.

## Get Well First

Don't risk even a penny—until health first returns.

And I mean just exactly that. I am the one physician who says to the sick "I will not pay you a cent until you are well again." I have used and recommended in every city and hamlet in America. They are positively standard in every community—and every where. Then why pay the cash, and at your risk, for other unwaranted and uncertain medicines? Thousands upon thousands have in the past successfully used Dr. Shoop's Restorative. They know the truth when their health fails to return. Dr. Shoop will himself gladly pay the drug cost for that lost a full 30 day treatment is freely granted. But write me first for an order.

This will save delay and disappointment. All drugists sell Dr. Shoop's Restorative and Dr. Shoop's Rheumatic Remedy, but all are not authorized to give the 30 day test. So drop me a line please—for I have appointed an honest and responsible druggist in almost every community. I will send you a sample of Dr. Shoop's Restorative, or Dr. Shoop's Rheumatic Remedy, if you wish. Send me your name, address and I will send you a sample of Dr. Shoop's Restorative, or Dr. Shoop's Rheumatic Remedy, if you wish. Send me your name, address and I will send you a sample of Dr. Shoop's Restorative, or Dr. Shoop's Rheumatic Remedy, if you wish.

Which Book Shall I Send Test? No. 1 On Dyspepsia No. 4 For Women No. 2 On the Heart No. 5 For Men No. 3 On the Kidneys No. 6 On Rheumatism
